

Atlantic Accord 2005

NEWFOUNDLAND
& LABRADOR

THROUGHOUT our unique history, Newfoundlanders and Labradorians have had many changes to endure – and many challenges to face. And each generation has met theirs with unfailing strength and character.

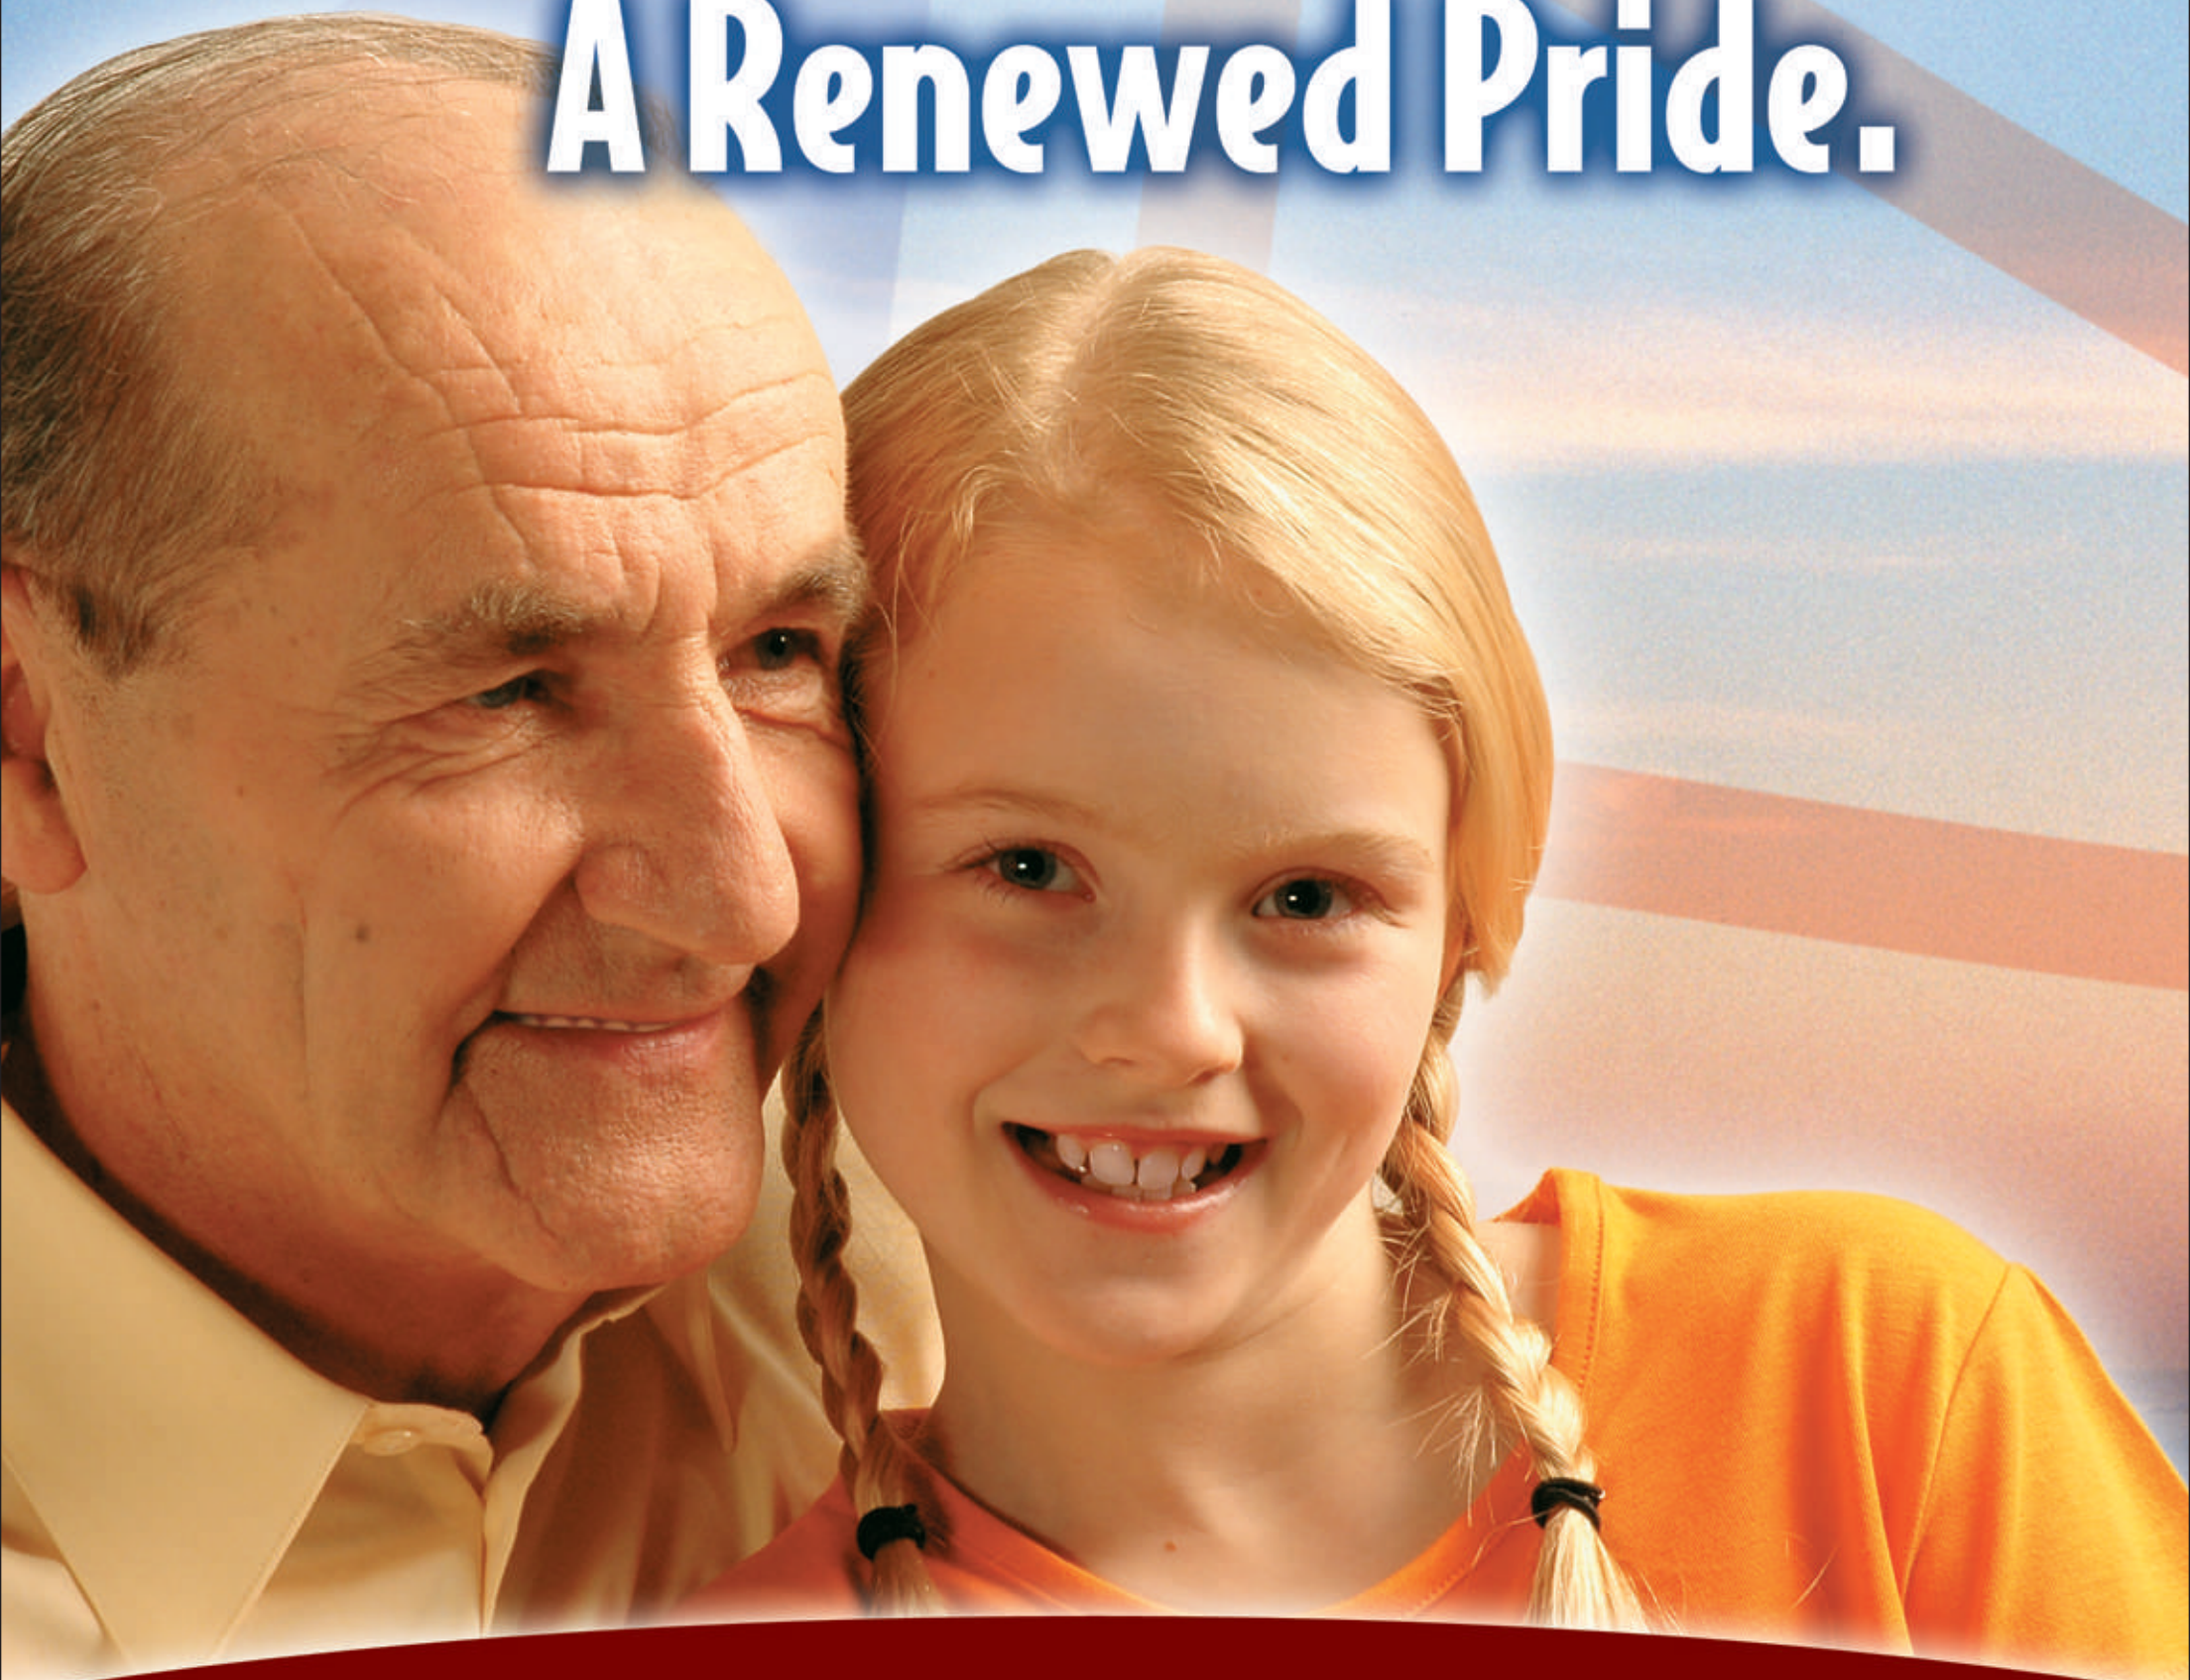

On February 14th, the Government of Newfoundland & Labrador and the Government of Canada made an indelible mark on our history... by resetting the course of our future. It was a defining moment for us, as a people. And a turning point that has filled us all with a new sense of pride.

In this generation, we will seize this opportunity...

we will build our economy...

we will proudly take control of our future.

A New Future. A Renewed Pride.
