Contact Information for Chief Engineer: __________________________ (Signature of Chief Engineer) Reference #6

Email: __________________________

Phone (w): __________________________ Phone (c): __________________________

NOTE:

1. Separate submission is required to cover operating experience from each facility.

2. Should any candidate be permitted to undertake any Examination on the statement of experience as shown on this form, and it should be subsequently proven that such statement was false, any Certificate granted as a result of such examination would be subject to cancellation.

3. Any experience gained on the Design, Construction, Installation, Repair or Maintenance of equipment to which the Act applies.

4. Proof of competition or registration in a technical course as specified in the General Conditions governing Power Engineering examinations must accompany this application unless this has been previously submitted.

5. Where a Chief Engineer applies for an examination, the plant owner shall sign the application.

6. If you are working in a combined plant, list the total kilowatt rating of the boilers.
