Introduction

This Study Guide has been developed by the Newfoundland and Labrador Department of Immigration, Population Growth and Skills, Apprenticeship and Trades Certification Division, to assist apprentices and trade qualifiers as they prepare to write the Red Seal Exam. Red Seal Exams are available for all Red Seal trades. For a list of Red Seal trades please refer to the Department of Immigration, Population Growth and Skills website: <https://www.gov.nl.ca/atcd/designated-trades/list-of-designated-trades/>

Some of the specific goals of this guide are:

- ⇒ to help you understand the skills and knowledge that might be covered on the exam
- ⇒ to help you identify your strengths and weaknesses
- ⇒ to provide organization and structure for a course of study
- ⇒ to provide a list of resources to help you with your study plan
- ⇒ to support and supplement the teaching and learning process

This study guide outlines the theoretical portion of the program. The intent is not to replace technical training provided under the guidance of instructors. Rather, it is a tool to be used in conjunction with formal training.

Exam Process

Before the Exam

You must contact the nearest Apprenticeship and Trades Certification Divisional office to make request to write the Red Seal exam (*See Appendix A for a list of regional offices*). Upon approval, the Apprenticeship Program Officer (APO) will notify you of your eligibility to write the exam, and provide you with scheduling information.

During the Exam

You must bring:

- personal identification such as a photo or signature ID or valid Newfoundland and Labrador driver's license
- your notification letter

The following will be provided:

- a calculator (*see Appendix B for calculator information*)
- National Building Code of Canada
- all other items required such as pencils, scrap paper, etc.

Important Note:

Personal cell phones, calculators, or other electronic equipment are NOT allowed into the exam room. If you do bring them, they will be stored away and returned to you when you have completed the exam.

After the Exam

Results will be mailed to you approximately seven to ten days after completion of the exam. All necessary instructions and information will be provided in the results letter.

The percentage mark you obtained will be provided. You will also be given a section by section breakdown, showing how many questions were in each section, as well as the number of questions in each section you completed successfully.

If you are successful in obtaining a 70% or more on your exam, you will be issued a Newfoundland and Labrador Certificate of Qualification with a Red Seal endorsement.

Exam Format

All Red Seal exams are written in multiple-choice format. Each exam has between 100 and 150 questions. A multiple choice question consists of a stem (a complete question) followed by four options (A, B, C, D). The stem contains all the information necessary to answer the question. The options consist of the one correct answer and three “distracters.” Distracters are incorrect. (See *Appendix C for a sample answer sheet*).

Red Seal exams contain three types of questions:

Level 1 Knowledge and Recall

Questions at this level test your ability to recall and understand definitions, facts, and principles.

Level 2 Procedural and Application

Questions at this level test your ability to apply your knowledge of procedures to a new situation.

Level 3 Critical Thinking

Questions at this level test your ability to interpret data, solve problems and arrive at valid conclusions.

On the following pages, examples of each of the three types of questions are provided.

Level 1 Examples:

1. Which tool is best suited for transferring a 35° angle from a drawing to a shop project?

- A. Try square.
- B. Sliding T-bevel.
- C. Framing square.
- D. Combination square.

2. What should be placed on top of a concrete foundation wall to isolate the bottom plate from the concrete?

- A. Sill gasket.
- B. Filler strip.
- C. Continuous bead of caulking.
- D. 25 mm (1") of rigid insulation.

3. What is the minimum length a scaffold plank must overhang the scaffold transom at each end?

- A. 125 mm (5")
- B. 150 mm (6")
- C. 175 mm (7")
- D. 200 mm (8")

Level 2 Examples:

1. What is the first thing that should be done before using a pneumatic tool?
 - A. Drain the water from the compressor.
 - B. Drain the oil from the compressor
 - C. Put a couple of drops of oil into the tool where the air hose attaches.
 - D. Put a couple of drops of water into the tool where the air hose attaches.

2. What should be done when entering a new worksite?
 - A. Workers should avoid all hazardous areas.
 - B. Workers should dress for the hazards encountered.
 - C. Workers must be trained how to use their personal protective equipment.
 - D. Workers must properly wear all personal protective equipment required.

3. What should be done to fill small gaps in an insulated concrete form system?
 - A. Use high expansion foam to ensure a tight seal.
 - B. Use a small bead of low expansion foam to seal.
 - C. Fill with small amounts of concrete prior to pouring.
 - D. Scribe and fit a piece of plywood to fit and the seal gap.

Level 3 Examples:

1. What are the outside diagonal measurements of a rectangular basement with 200 mm (8") concrete walls, whose length is 30 m (98' 5") and width is 20 m (65' 7½")?

| Metric | Imperial |
|-------------|--------------|
| A. 35.779 m | A. 116' 4½" |
| B. 36.333 m | B. 117' 2½" |
| C. 36.056 m | C. 118' 3½" |
| D. 36.555 m | D. 119' 11D" |

2. A line on a blueprint representing a jog in a wall is drawn 4.25" long. At the scale of ¼" = 1', how long should the dimension read for this jog?

- A. 192"
- B. 16'
- C. 17"
- D. 17'

3. A building is 5 000 mm (16' 5") wide with a 38 x 140 mm (2" x 6") mudsill flush to the outside of the building all the way around. With no central support members, what is the minimum supported joist length required to frame this floor?

| Metric | Imperial |
|-------------|-----------|
| A. 4 796 mm | A. 15' 9" |
| B. 4 720 mm | B. 15' 7" |
| C. 4 800 mm | C. 16' |
| D. 4 924 mm | D. 16' 2" |

Exam Content

Understanding the *Red Seal Occupational Standard (RSOS)*

The Red Seal model has historically been based on the development of the National Occupational Analysis (NOA) which supports the development of multiple-choice format examinations.

The RSOS was introduced in 2015 and is now taking the place of the NOA. Each RSOS or NOA sets the standard for a Red Seal trade. The Red Seal Examination is based on the Red Seal Standard.

The new standards provide greater consistency in learning resources and allow for increased industry involvement in the development of these standards. This new model places increases emphasis on apprenticeship training and assessing skills with industry learning objectives, outcomes and performance criteria.

The RSOS for each trade describes the tasks and sub-tasks; skills and knowledge requirements; summary of essential skills; safety information; trends affecting the trade; technical terms; names of tools and equipment; acronyms; learning objectives and outcomes; industry expected performance and essential skills related to each sub-task.

The RSOS is an excellent tool to use as you study for the Red Seal exam. RSOSs can be found at <http://www.red-seal.ca/resources/n.4.1-eng.html>

RSOS material is organized into the following categories: **MWA (Major Working Activity)**. The MWAs are further broken down into **TASKS** (*describes activities within an MWA*) and **SUB-TASKS** (*describe activities within a task – This is what the exam is based on*).

The NOA will continue to be used as the occupational standard for trades that do not yet have an RSOS developed.

RSOS Pie Chart

The RSOS Pie Chart presents the block percentages in the form of a pie chart which tells you the approximate number of questions from each block. For example, 14% of the questions on the **Carpenter** Exam will be based on **MWA A**.

Carpenter

| MWA Titles | | | |
|--------------|-------------------------------------|--------------|--------------------------|
| MWA A | Performs Common Occupational Skills | MWA E | Performs Exterior Finish |
| MWA B | Performs Planning and Layout | MWA F | Performs Interior Finish |
| MWA C | Performs Concrete Work | MWA G | Performs Renovations |
| MWA D | Performs Framing | | |

Exam Breakdown

The **Carpenter** Red Seal Exam has 100 questions. The following table shows a breakdown of the approximate number of questions that come from each RSOS MWA. It is important to note that the number of questions can change at any time. When you are ready to write your exam you may contact your regional office to verify the number of questions (*see Appendix A for phone numbers*).

| | | # of Questions |
|----------------|--|----------------|
| MWA A | Performs Common Occupational Skills | 12 |
| Task 1 | Uses and maintains tools and equipment | |
| Task 2 | Performs safety related activities | |
| Task 3 | Builds and uses temporary access structures | |
| Task 4 | Uses communication and mentoring techniques | |
| MWA B | Performs Planning and Layout | 14 |
| Task 5 | Interprets documentation | |
| Task 6 | Organizes work | |
| Task 7 | Performs layout | |
| MWA C | Performs Concrete Work | 16 |
| Task 8 | Constructs formwork | |
| Task 9 | Installs concrete, cement-based and epoxy products | |
| MWA D | Performs Framing | 20 |
| Task 10 | Constructs floor systems | |
| Task 11 | Constructs deck systems | |
| Task 12 | Constructs wall systems | |
| Task 13 | Constructs roof and ceiling systems | |
| MWA E | Performs Exterior Finish | 14 |
| Task 14 | Installs exterior doors and windows | |
| Task 15 | Installs roofing | |
| Task 16 | Installs exterior finishes | |
| MWA F | Performs Interior Finish | 14 |
| Task 17 | Applies wall and ceiling finishes | |
| Task 18 | Installs flooring | |
| Task 19 | Installs interior doors and windows | |
| Task 20 | Constructs and installs finish components and stairs | |
| MWA G | Performs Renovations | 10 |
| Task 21 | Performs renovation-specific support activities | |
| Task 22 | Performs renovation-specific construction activities | |
| | Total | 100 |

RSOS Sub-tasks

The following *RSOS Task Profile Checklist* outlines the MWAs, tasks and sub-tasks for your trade. The Red Seal exam is written to test your knowledge and abilities regarding the sub-tasks in the RSOS. This chart can be used to review your current knowledge. You can review by placing a check mark (✓) next to those you understand fully.

Place your focus on those you do not understand and study them until you are comfortable with the material. Think of possible questions in that particular content area.

The RSOS also contains a list of “supporting knowledge and abilities” for each sub-task. They are the skills and knowledge you must have to perform a sub-task. The supporting knowledge and abilities identified under each sub-task will be very helpful as you review. The list can be found in the RSOS for your trade.

**Task Profile Checklist
Based on 2022 RSOS
Carpenter**

MWA A: Performs Common Occupational Skills

Task 1: Uses and Maintains Tools and Equipment

Sub-Tasks

- Uses hand, power and pneumatic tools
- Uses stationary tools
- Uses powder-actuated tools
- Uses lifting, rigging and hoisting equipment
- Uses layout instruments and equipment
- Uses tack welding equipment **(NOT COMMON CORE)**
- Uses torch cutting equipment **(NOT COMMON CORE)**

Task 2: Performs Safety Related Activities

Sub-Tasks

- Uses personal protective equipment (PPE) and safety equipment
- Maintains a safe work environment

Task 3: " y u " o

Sub-Tasks

- y
- y
-
- U

Task 4: Uses Communication and Mentoring Techniques

Sub-Tasks

- Uses communication techniques
- Uses mentoring techniques

MWA B: Performs Planning and Layout

Task 5: Interprets Documentation

Sub-Tasks

- Interprets project drawings
- Interprets specifications
- Interprets safety documentation
- Interprets workplace documentation

Task 6: Organizes Work

Sub-Tasks

- Schedules work sequence
- Performs site preparation
- Performs quantity take off
- Organizes material

Task 7: Performs Layout

Sub-Tasks

- Performs site layout
- Lays out concrete formwork
- Lays out floors
- Lays out decks
- Lays out walls
- Lays out ceilings
- Lays out roofs
- Lays out stairs
- Lays out balustrades

MWA C: Performs Concrete Work

Task 8: Constructs Formwork

Sub-Tasks

- Erects excavation shoring and underpinning
- Erects concrete falsework
- Constructs footing forms
- Constructs wall form systems and grade beam formwork
- Constructs slab formwork
- Constructs column formwork
- Constructs stair formwork
- Installs embedded reinforcements
- Dismantles formwork

Task 9: Installs Concrete, Cement-based and Epoxy Products

Sub-Tasks

- Places concrete
- Facilitates curing of concrete
- Performs basic concrete finishing
- Installs pre-cast components
- Installs grout

MWA D: Performs Framing

Task 10: Constructs Floor Systems

Sub-Tasks

- Installs engineered floor systems
- Constructs dimensional lumber floor framing

Task 11: Constructs Deck Systems

Sub-Tasks

- Constructs decks
- Installs decks components

MWA D: Performs Framing (Cont'd)

Task 12: Constructs Wall Systems

Sub-Tasks

- Installs engineered wall systems
- Constructs dimensional lumber wall framing

Task 13: Constructs Roof and Ceiling Systems

Sub-Tasks

- Installs engineered trusses
- Constructs roof and ceiling framing

MWA E: Performs Exterior Finishing

Task 14: Installs Exterior Doors and Windows

Sub-Tasks

- Installs exterior jambs/frames
- Installs exterior doors
 - Installs exterior windows
- Installs exterior door and window hardware

Task 15: Installs Roofing

Sub-Tasks

- Installs roofing components
- Installs roof coverings

Task 16: Installs Exterior Finishes

Sub-Tasks

- Installs exterior wall components
- Installs exterior wall coverings

MWA F: Performs Interior Finishing

Task 17: Applies Wall and Ceiling Finishes

Sub-Tasks

- Installs wallboard
- Applies compound to walls and ceilings
- Installs panels, tiles and solid wood finishes
- Installs suspended ceilings
- Installs demountable wall systems

Task 18: Installs Flooring

Sub-Tasks

- Installs underlayment
- Installs floor coverings
- Installs access flooring

Task 19: Installs Interior Doors and Windows

Sub-Tasks

- Installs interior jambs/frames
- Installs interior doors
- Installs interior windows
- Installs interior door and window hardware

Task 20: Constructs and Installs Finish Components and Stairs

Sub-Tasks

- Fabricates finish components
- Installs finish components and accessories
- Constructs stairs

MWA G: Performs Renovations

Task 21: Performs Renovation-Specific Support Activities

Sub-Tasks

- Removes existing material
- Protects structure during renovations

Task 22: Performs Renovation-Specific Construction Activities

Sub-Tasks

- Joins new to existing construction
- Changes existing structure during renovations

Create a Study Plan

As you prepare for your exam, it is important to plan a schedule. The following two tables will help you stay on track.

The first table is a **“Weekly Study Plan.”** In this table list the areas you will focus your study for each day. You should include items you need to review as well as items you need to study. Remember, more time will be needed for study in areas you find difficult, whereas you may only require review in areas you are more familiar with. As you work through the NOA sub-task list you can start to fill in this table.

The second table is a **“Study Time Table.”** It is important to create a study schedule where you determine the best days of the week and times of day for you to study.

Print several copies of these tables and fill out for each week of study. It is important to stick to your study schedule.

Weekly Study Plan for Week of: _____

| | Area of Study 1 | Area of Study 2 | Area of Study 3 | Area of Study 4 | Area of Study 5 | Area of Study 6 |
|-------|-----------------|-----------------|-----------------|-----------------|-----------------|-----------------|
| Mon. | | | | | | |
| Tues. | | | | | | |
| Wed. | | | | | | |
| Thu. | | | | | | |
| Fri. | | | | | | |
| Sat. | | | | | | |
| Sun. | | | | | | |

Study Time Table for Week of: _____

| | Monday | Tuesday | Wednesday | Thursday | Friday | Saturday | Sunday |
|-----------------------|--------|---------|-----------|----------|--------|----------|--------|
| 8:00 AM - 9:00 AM | | | | | | | |
| 9:00 AM - 10:00 AM | | | | | | | |
| 10:00 AM - 11:00 AM | | | | | | | |
| 11:00 AM - 12:00 Noon | | | | | | | |
| 12:00 Noon - 1:00 PM | | | | | | | |
| 1:00 PM - 2:00 PM | | | | | | | |
| 2:00 PM - 3:00 PM | | | | | | | |
| 3:00 PM - 4:00 PM | | | | | | | |
| 4:00 PM - 5:00 PM | | | | | | | |
| 5:00 PM - 6:00 PM | | | | | | | |
| 6:00 PM - 7:00 PM | | | | | | | |
| 7:00 PM - 8:00 PM | | | | | | | |

Resources - Websites

Study information can be drawn from a variety of sources. A sample list of study materials (websites and books) is provided below. These and other helpful resources may be found in a local college bookstore, on the internet, or at your place of employment. You may also be able to borrow them from an apprentice or journeyman in your trade.

Study Strategies and Exam Preparation Guide

The *Study Strategies & Exam Preparation Guide* is meant to be used in conjunction with this study guide. It provides direction and information on such areas as study habits, test preparation and test taking techniques.

Exam Preparation Guide website:

<https://www.gov.nl.ca/atcd/apprentices-youth/self-study/trade-specific-study-guides/>

Plan of Training (POT)

A *Provincial Plan of Training* details the full scope of learning for a particular occupation, including both technical training competencies and industry experiences necessary to write a Red Seal exam (and complete the requirements for Red Seal Certification), or to write a provincial examination. The Plan of Training is based on the NOA.

<https://www.gov.nl.ca/atcd/designated-trades/pots-aacs/>

Red Seal Website

Red Seal is a program that sets common standards to evaluate the skills of tradespeople across Canada. It is a partnership between the Federal Government and the provinces/territories.

The Red Seal model has been based on the National Occupational Analyses (NOA) which supports the development of multiple-choice examinations. A new Red Seal Occupational Standard (RSOS) was introduced in 2015 and is taking the place of the NOA.

<http://www.red-seal.ca/>

Carpenter PRACTICE Exam

This is **NOT** an Red Seal exam. This is a practice exam provided by the Inter-provincial Standards Red Seal program. It was developed using similar question types to that of a Red Seal exam. The exam is intended to be used for self-assessment in preparation for writing a Red Seal Exam.

<https://www.red-seal.ca/eng/s.1mpl.2.2x.1mQ.5.2st.3.4ns.shtml?tid=38>

Red Seal Exam Self-Assessment Guide

Use this self-assessment tool to rate your own understanding and experience with the tasks of the trade that are on the Red Seal examination:

https://www.red-seal.ca/_conf/assets/custom/docms/carpenter/self-assessment.pdf

Glossary of Terms

The Red Seal website also lists a Glossary of Terms which will be helpful in preparing for your Red Seal exam:

http://www.red-seal.ca/trades/carpenters/2013n.4.1_.1ppb_gl.4ss.1ry-eng.html

Acronyms

The Red Seal website also lists Acronyms which will be helpful in preparing for your Red Seal exam:

http://www.red-seal.ca/trades/carpenters/2013n.4.1_.1ppc_.1cr.4nym-eng.html

List of Tools and Equipment

The Red Seal website also shows a list of Tools and Equipment which will be helpful in preparing for your exam:

http://www.red-seal.ca/trades/carpenters/2013n.4.1_.1pp.1_t.4.4ls-eng.html

Resources – Book List

You can use the below noted list to help you obtain information on specific topics. It is not necessary to use these books specifically, as you may find others that will be equally beneficial.

If you wish to obtain any of the resources listed above, here is the reference information:

- Canadian Wood frame House Construction*, Gage Publishing, 660176033
- Carpentry Textbook*, National Research Council, ISBN 978-0-17-610526-6
- Modern Cabinetmaking*, Goodheart-Wilcox, ISBN 1-56637-271-2
- National Building Code of Canada*, ISBN 0-660-19425-2
- The Use of Hand Woodworking Tools*, Nelson Thomson Learning, ISBN 0-8273-1098-6

Disclaimer

Various external resources (websites, textbooks) have been listed in this study guide to assist an individual in preparing to write a Red Seal Exam. This does not mean the Department of Immigration, Population Growth and Skills, Newfoundland and Labrador, endorses the material or that these are recommended as the best resources. There may be other resources of equal or greater value to an individual preparing for a Red Seal exam. The Department of Immigration, Population Growth and Skills has no control over the content of external textbooks and websites listed, and no responsibility is assumed for the accuracy of the material.

Conclusion

We hope this guide has provided you with some useful tools as you prepare for your Red Seal exam. If you have any questions regarding your Red Seal exam please contact your regional office (*see Appendix A for a list of regional offices*).

We appreciate your comments and feedback regarding the usefulness of this study guide. If you have any comments or suggestions, we welcome your feedback. The feedback form at the end of this guide can be used for this purpose.
