# ESTIMATES OF THE PROGRAM EXPENDITURE AND REVENUE OF THE CONSOLIDATED REVENUE FUND 2023-24

## **INTRODUCTION**

The financial plan of the Province is the consolidated summary budget as presented in the Budget 2023 document. It combines the projected accrual revenue and expenses of the Consolidated Revenue Fund with the budget of various Crown Corporations, Boards and Authorities which are controlled by the Government of Newfoundland and Labrador. These organizations are accountable for the administration of their financial affairs and resources either to a Minister of the Government or directly to the Legislature. The statements in the Budget document present the projected consolidated accrual revenues and expenses and information on the consolidated change in net debt.

The Estimates of the Program Expenditure and Revenue is a supplementary document prepared in accordance with the Financial Administration Act to present the 2023-24 departmental spending appropriations of the Consolidated Revenue Fund to the House of Assembly for the fiscal year commencing April 1, 2023. It outlines the estimated expenditures and revenues for the year and reflects policies, programs and priorities of Government in the form prescribed by Treasury Board. For comparative purposes, revised expenditures for the previous fiscal year are presented, as well as the previous year's budgeted figures, restated where appropriate, to reflect departmental restructuring.

The Consolidated Revenue Fund, pursuant to the Financial Administration Act, is comprised of all public money over which the Legislature has power of appropriation, excepting money that is otherwise specially disposed of by the Legislature. Such public money is to be appropriated to the public service of the Province by the Legislature, the expenditure of which is assigned to the various Government departments.

The Estimates document reflects the 2023-24 expenditures and revenues, as noted above, of the Consolidated Revenue Fund on a modified cash basis. The accrual based information and annual results of operations are presented in the Budget 2023 document.

## **PROGRAM STRUCTURE**

The program structure of the Estimates represents the manner in which Government divides the financial plan into areas of responsibility and accountability. The Estimates are classified into the following groups:

**Sector** - A Sector constitutes a division of the Estimates into broad areas to which funding is provided, that is, General Government, Resource and Social.

**Department** - A Department represents a major policy area to which funding is provided. Each Department is headed by a Minister who is accountable and responsible for its operations (for example – Justice and Public Safety).

**Program** - Programs are major groupings of the significant functions and responsibilities performed or delivered by a Department (for example - Public Protection).

**Sub-program** - Sub-programs are divisions of each program which further define areas of responsibility and accountability for program delivery purposes (for example – Police Protection).

**Activity** - Activities represent the lowest division of the Program Estimates and constitute a specific service or function being funded (for example – Royal Newfoundland Constabulary). Activities are the level at which the House of Assembly votes funding and are the level used for appropriation control.

## **EXPENDITURES**

### **Budgetary**

Budgetary expenditures are those incurred by Government in the course of achieving its policy and program objectives. Expenditures are provided on a gross basis with related revenues received not being netted against the expenditure. The categories of expenditures are:

**Current Account** - In addition to expenditures of a housekeeping nature such as salaries, supplies, rentals, and interest, current account also includes operating grants for various programs and organizations such as hospitals, schools and Crown Agencies.

**Capital Account** - These are expenditures whose benefits normally extend over more than one fiscal year. The types of expenditures included would be construction projects, loans, investments in infrastructure and major equipment purchases.

**Statutory** - Expenditures in this category are specifically authorized by Acts of the Legislature. These payments, such as debt expenses, are made under the Authority of the relevant Acts and do not require annual authorization by the Legislature. Such expenditures can fall under the category of either current account or capital account.

**Non-Statutory** - These are expenditures which require an annually authorized appropriation of the Legislature prior to the expense being incurred. This authorization is secured when the Legislature votes on the various expenditures during debate of the Estimates.

### **Non-Budgetary**

Non-budgetary transactions relate primarily to debt redemption and sinking fund payments. Such expenditures are for the repayment of debt previously incurred and the setting aside of funds for the future repayment of debt.

### **Classification of Expenditures**

Budgetary expenditures are classified into main objects by type of goods or services. The standard main objects used are as follows:

- |  |                                     |
|--|-------------------------------------|
| 01. Salaries                               | 08. Loans, Advances and Investments |
| 02. Operating Accounts                     | 09. Allowances and Assistance       |
| <i>Employee Benefits</i>                   | 10. Grants and Subsidies            |
| <i>Transportation and Communications</i>   | 11. Debt Expenses                   |
| <i>Supplies</i>                            |                                     |
| <i>Professional Services</i>               |                                     |
| <i>Purchased Services</i>                  |                                     |
| <i>Property, Furnishings and Equipment</i> |                                     |

## **REVENUES**

### **Classification of Revenues**

Revenues are classified into two distinct categories, current revenues and related revenues, both of which include revenues from Provincial and Federal sources.

**Current Revenues** - This category includes Provincially generated sources such as taxation and fees. The Federal sources include such revenues as Health and Social Transfers, Equalization, and other transfers. Current Revenues are not displayed in the detailed Departmental Estimates.

**Related Revenues** - This category includes revenues which are a direct result of current and capital expenditures incurred. The Provincial sources include revenues such as interest receipts and sales and services by Government-operated facilities. The Federal sources are mainly the result of cost-sharing agreements between the Province and the Government of Canada, whereby the Province delivers the programs and receives reimbursement from the Government of Canada.

## **ACCOUNTING PERIOD**

In accordance with the Financial Administration Act, Government follows a modified cash system to budget for expenditures and revenues. Expenditures are charged against a budget appropriation in the fiscal year in which payments are made, with exceptions for payments made in April for goods or services received prior to March 31, which are charged back to the previous fiscal year. In the case of Federal revenues, receipts received up to the end of April can be written back to the previous year if they relate to expenditures of that fiscal year.

## **CROWN AGENCIES**

Government has established a number of Crown Agencies and Corporations to help carry out its programs and services to the public. Other than the active operating Agencies referred to below, Government does not have any significant special fund accounts except the Province of Newfoundland and Labrador Pooled Pension Fund and the Newfoundland and Labrador Government Sinking Funds.

The Public Service Commission (PSC) operates in accordance with the Public Service Commission Act and has responsibility for establishing and enforcing policy for the protection of the merit principle in recruitment and selection within the public service. The PSC provides a variety of services to individuals, departments, and other entities with respect to learning and development, talent and succession management; organizational restructuring; outreach, marketing and advertising; staffing related advisory and consultative services; and student employment. The PSC also operates the Opening Doors program through the Office of Employment Equity for Persons with Disabilities.

The PSC is tasked with supporting the Independent Appointments Commission and facilitating the application of the merit principle to recommendations for the appointment of agency, board and commission board members and certain executive positions.

The PSC administers the Employee Assistance, Respectful Workplace and Safety and Wellness Programs. It also supports adjudication panels designed to provide third party resolution to matters pertaining to classification appeals. Support is also provided to fulfil the statutory obligations under the Pay Equity and Pay Transparency Act, as well as the Conflict of Interest Act.

HON. BERNARD DAVIS  
Minister  
Confederation Building

VALERIE SNOW  
Deputy Minister  
Confederation Building

The Department of Environment and Climate Change contributes to environmental protection and enhancement through implementing appropriate water resource and pollution prevention regulations and policies, as well as coordinating environmental impact assessments of proposed development projects, and managing impacted sites. The Department is responsible for the development of strategy, policy, research and analysis and initiatives related to climate change adaptation and mitigation and energy efficiency, and the administration and management of wilderness and ecological reserves. The Department is responsible for providing programs and services aimed at fostering a positive employment relations climate, and for administering the Labour Standards Act and the Shops' Closing Act.

The Standing Fish Price Setting Panel was established to facilitate collective bargaining in the fishing industry.

The Labour Relations Board is an independent quasi-judicial body which mediates and adjudicates a wide range of disputes under various statutes.

The Workplace Health, Safety and Compensation Review Division adjudicates appeals from workers or employers of decisions of WorkplaceNL.

JAMIE CHIPPETT  
Deputy Minister  
Petten Building

The Department of Fisheries, Forestry and Agriculture is responsible for the optimal economic and sustainable development of the agriculture, aquaculture, fishing and forestry sectors, through the promotion of ongoing industry development and diversification. In support of this mandate, policies and programs are designed to maximize the economic benefits which can be generated by these renewable resources. Emphasis is placed on resource management, development, and sustainability; research and innovation; quality assurance; value-added processing; market development; and regional services. The Department is also responsible for the enforcement of Provincial legislative and regulatory requirements pertaining to these sectors, and for the management of Provincial Crown lands, maintaining the Crown Lands Registry and providing maps and air photo services, and the regulation and management of the province's wildlife.

KAREN STONE, KC  
Deputy Minister  
Confederation Building

The Department of Immigration, Population Growth and Skills is responsible for promoting the province as a key destination for immigrants and supporting population growth, while ensuring the province has skilled workers to meet employers' needs. This is achieved through a spectrum of services and supports including helping employers with accessing and keeping skilled workers; increasing the recruitment and retention of newcomers; providing programs and supports for apprenticeships and trade certifications; offering career development and planning services; and providing employment and training supports and information about the labour market.

## EDUCATION

HON. DR. JOHN HAGGIE  
Minister  
Confederation Building

DR. GREG O'LEARY  
Deputy Minister  
Confederation Building

The Department of Education is responsible for developing and administering a provincial system of education which encourages all students to achieve their potential development. It administers early learning opportunities for pre-school children and provides for regulated child care programs and supports to family resource centres. The primary, elementary and secondary school system has programs that are sufficiently flexible to support the needs and capabilities of all children.

The Department also supports the delivery of post-secondary education through Memorial University of Newfoundland, College of the North Atlantic and private training institutions, administers the student financial assistance program and delivers programs and services to promote adult literacy.

The Department is also responsible for the provision of library and information services in the province.

DENIS MAHONEY, KC  
 Deputy Minister and  
 Deputy Attorney General  
 Confederation Building

The Department of Justice and Public Safety provides legal services to Government and is primarily responsible for the protection of residents of the province in respect of their persons and property. This objective is met by providing legal advice to all departments of Government, providing for police protection, the prosecution of accused persons, the administration of the courts, including family justice services, and operation of the Province's correctional systems, services to victims of crime, protection of human rights, and Legal Aid services. The Department is responsible for emergency preparedness and emergency response, planning and training, and leads the coordination and delivery of fire protection and fire prevention services throughout the province. Drafting of legislation for the House of Assembly by the Office of the Legislative Counsel is also provided. In addition, the Department is responsible for the Support Enforcement Program, Fines Administration, the Office of the Chief Medical Examiner, and the administration of public inquiries.

# NEWFOUNDLAND AND LABRADOR HOUSING CORPORATION

HON. JOHN G. ABBOTT  
Minister  
Confederation Building

JULIA MULLALEY, CPA, CA  
Chief Executive Officer  
2 Canada Drive

The Newfoundland and Labrador Housing Corporation is a Crown Corporation whose mandate is to develop and administer housing assistance policy and programs for the benefit of low-to-moderate income households throughout the province. The corporation delivers its mandate through the use of housing-first principles that provide assistance to those with the greatest housing need and by working with partners so that housing assistance is part of an integrated approach to well-being and community building.

The grant indicated represents the Provincial share of the total expenditure of the Corporation. The programs delivered are also funded by the Federal Government through its housing agency, Canada Mortgage and Housing Corporation, rental revenue, or by the Newfoundland and Labrador Housing Corporation through other program revenues.

APPENDIX I  
**NEWFOUNDLAND AND LABRADOR  
CONSOLIDATED REVENUE FUND  
ESTIMATE OF TAX EXPENDITURES**

The principal function of the tax system is to raise revenues necessary to fund government programs and services. The tax system is an instrument of policy that serves to advance a wide range of economic, social and other public policy objectives. Measures that reflect such objectives include exemptions, deductions, rebates, deferrals and credits, and are typically referred to as tax expenditures. Tax expenditures are foregone revenues and serve as alternatives to direct program spending. Tax expenditures and other benefits listed below are separated into six sections: personal income tax and benefits, corporate income tax, sales tax, fuel tax, carbon tax and tobacco tax.

\* Preliminary

**Notes:**

- (i) Public sector debt differs from net debt as reported in the Province's public accounts. The public sector debt includes the funded debt of Government, debt of its Crown corporations and agencies, guaranteed debt, and debt incurred by municipalities. The only financial asset deducted is the face value of sinking funds held for the retirement of debt. The total public sector debt does not include payables and accruals, or unfunded liabilities related to pensions, severance or post-retirement benefits.
- (ii) Debt payable in foreign currencies is converted to the Canadian dollar equivalent using the exchange rates in effect or projected as at March 31 of each year.
