Contractor's Specifications for Registration of Pressure Piping Systems

Before fabrication of any pressure piping system is begun, "Contractor's Specifications" sheets, together with the design drawings, must be forwarded to (in triplicate) to Engineering and Inspection Services Division at Mt. Pearl for registration (pressurepermits@gov.nl.ca). Otherwise the use of the Pressure Piping System will be prohibited.

1	Ultimate Owner (Name and Address)	
	Type of Plant	
	Location of Plant	
	Engineering Contractor (Name and Address)	
	Installation Contractor (Name and Address)	
	Contractor Licence No.	Expiry Date
	Welding Procedure Registration No. WP	
2	These Specifications Refer to Drawing No.'s	

Type or Scope of Project

3 System Design Pressure

System Contents (Air, Water, Steam, etc.) Safety Relief Valve Setting

System Design and Constructed to (Applicable Adopted Code or Standard)

Pressure Vessels:

4	No.	Manufacturer	Design Pressure	C.R.N.

System Components (Valves, Fittings, Pipe):

5	No.	Manufacturer	Ansi Rating	C.R.N.

Boilers:

6	No.	Manufacturer	M.A.W.P.	C.R.N.	KW Rating

Compressors:

7	No.	Manufacturer	Capacity	KW Rating Prime Mover

Supplementary Inspection

8 Specify extent or degree of supplement examination and type (for example, 100% radiography or 40% ultrasonics)

Heat Treatment (Pre and Post Weld)
