## CITY OF ST. JOHN'S ACT

### ST. JOHN'S MUNICIPAL COUNCIL NOTICE ST. JOHN'S POOL (AMENDMENT NO. 1-2023) BY-LAW

TAKE NOTICE that the ST. JOHN'S MUNICIPAL COUNCIL HAS ENACTED THE ST. JOHN'S POOL (AMENDMENT NO. 1-2023) BY-LAW.

The said By-Law was passed by Council on the 27<sup>th</sup> day of March, 2023, so as to amend the ST. JOHN'S POOL BY-LAW to update its definition of 'pool', and to address location compliance with respect to the Canadian Electrical Code.

All persons who wish to view such Regulations may view same at the Office of the City Solicitor of the St. John's Municipal Council at City Hall, and any person who wishes to obtain a copy thereof may obtain it at the said office upon the payment of a reasonable charge as established by the St. John's Municipal Council for such copy.

Dated this 28<sup>th</sup> day of March, 2021.

CITY OF ST. JOHN'S  
Karen Chafe, City Clerk

Mar. 31

### NOTICE ST. JOHN'S MUNICIPAL COUNCIL ST. JOHN'S SIGN (AMENDMENT NO. 1-2023) BY-LAW

TAKE NOTICE that the ST. JOHN'S MUNICIPAL COUNCIL HAS ENACTED THE ST. JOHN'S SIGN (AMENDMENT NO. 1-2023) BY-LAW.

The said By-Law was passed by Council on the 27<sup>th</sup> day of March, 2023, so as to update the provisions of the St. John's Sign By-Law as they relate to mobile signs located at Home Occupations and Home Offices, and to update the provision as it relates to signs located outside the site of the business advertised.

All persons who wish to view such Regulations may view same at the Office of the City Solicitor of the St. John's Municipal Council at City Hall, and any person who wishes to obtain a copy thereof may obtain it at the said office upon the payment of a reasonable charge as established by the St. John's Municipal Council for such copy.

Dated this 28<sup>th</sup> day of March, 2021.

**LANDS ACT**

**NOTICE OF INTENT, SECTION 7  
LANDS ACT, SNL1991 c36 AS AMENDED**

NOTICE IS HEREBY given that an application has been made to the Department of Fisheries, Forestry and Agriculture Branch, to acquire title, pursuant to section 7(2) (d) of the said Act, to that piece of Crown lands situated within 15 metres of the waters of Long Steady Pond, for the purpose of a wharf/slipway.

The application may intrude on the 15 metre shoreline of the above mentioned water body(s) in various locations. For a detailed map, please see website: <https://www.gov.nl.ca/ffa/lands/sec7notifications/>.

Please note: It may take up to five (5) days from the date of application for details to appear on the website.

Any person wishing to object to the application must file the objection in writing with reasons, within 30 days from the publication of notice on the Department of Fisheries, Forestry and Agriculture website, Crown Lands, <https://www.gov.nl.ca/ffa/lands/>, to the Minister of Department of Fisheries, Forestry and Agriculture by mail or email to the nearest Regional Lands Office:

(O.C 2023-070)

*(Filed March 30, 2023)*

*CHARLES THE THIRD, by the Grace of God of the  
United Kingdom, Canada and His Other Realms and Territories  
KING, Head of the Commonwealth, Defender of the Faith.*

JUDY M. FOOTE  
Lieutenant Governor

JOHN HOGAN, K.C.  
Attorney General

TO ALL TO WHOM THESE PRESENTS SHALL COME,

GREETING;

A PROCLAMATION

WHEREAS in and by section 14 of An Act Respecting the Establishment of the Newfoundland and Labrador Future Fund, Statutes of Newfoundland and Labrador 2022 Chapter F-27 (the "Act"), it is provided that the Act comes into force on a day to be proclaimed by the Lieutenant-Governor in Council;

AND WHEREAS it is deemed expedient that the Act shall now come into force;

NOW KNOW YE, THAT WE, by and with the advice of Our Executive Council of Our Province of Newfoundland and Labrador, do by this our Proclamation declare and direct that An Act Respecting the Establishment of the Newfoundland and Labrador Future Fund, Statutes of Newfoundland and Labrador 2022 Chapter F-27, shall come into force on a date to be published in the Newfoundland and Labrador Gazette.

OF ALL WHICH OUR LOVING SUBJECTS AND ALL OTHERS whom these Presents may concern are hereby required to take notice and to govern themselves accordingly.

*Proclamation bringing the Act into force under the  
Future Fund Act*

15/23

IN TESTIMONY WHEREOF WE have caused these Our Letters to be made Patent and the Great Seal of Newfoundland and Labrador to be hereunto affixed.

WITNESS: Our trusty and well-beloved the Honourable Judy M. Foote, Member of Our Privy Council of Canada, Chancellor of the Order of Newfoundland and Labrador, Lieutenant Governor in and for Our Province of Newfoundland and Labrador.

AT OUR GOVERNMENT HOUSE, this 28<sup>th</sup> day of March in the year of Our Lord two thousand and twenty-three, in the first year of Our Reign.

BY COMMAND,

JUDITH HEARN  
Deputy Registrar General

**NEWFOUNDLAND AND LABRADOR

NLR 116/18  
as amended

**1. (1) Subsection 2(1) of the *Management of Greenhouse Gas Regulations* is amended by adding immediately after paragraph (c) the following:**

(c.1) "baseline industrial process emissions intensity" means baseline industrial process emissions intensity as calculated in accordance with section 4.1;

**(2) Subsection 2(1) of the regulations is amended by adding immediately after paragraph (i) the following:**

(i.1) "industrial process emissions" means any emissions generated from the following source categories:

- (i) hydrogen production,
- (ii) iron and steel manufacturing,
- (iii) nickel and copper metal production, and
- (iv) lime manufacturing;

**2. Subsection 3(3) of the regulations is repealed and the following substituted:**

- (3) Notwithstanding paragraph (1)(a),
  - (a) where an industrial facility, other than an mobile offshore industrial facility, commences production after these regulations come into force, Parts I to III do not apply to the industrial facility until its fourth year of production; and
  - (b) where a mobile offshore industrial facility commences production after these regulations come into force, Parts I to III do not apply to the mobile offshore industrial facility until its second year of production.

3. (1) Subsection 4(1) of the regulations is amended by deleting the words "The baseline emissions intensity of an industrial facility, other than an offshore industrial facility or a mobile offshore industrial facility, for the year 2019" and substituting the words "For the year 2019, the baseline emissions intensity of an industrial facility, other than an offshore industrial facility or a mobile offshore industrial facility that commenced production in or before the year 2016".

(2) Subsection 4(2) of the regulations is amended by deleting the words "The baseline emissions intensity of an industrial facility, other than an offshore industrial facility or a mobile offshore industrial facility, for the year 2020 and subsequent years" and substituting the words "For the year 2020 and subsequent years, the baseline emissions intensity of an industrial facility, other than an offshore industrial facility or a mobile offshore industrial facility that commenced production in or before the year 2016".

(3) Subsection 4(5) of the regulations is amended by deleting the words "The baseline emissions intensity of a mobile offshore industrial facility, for the year 2019" and substituting the words "For the year 2019, the baseline emissions intensity of a mobile offshore industrial facility that commenced production in or before the year 2016".

(4) Subsection 4(6) of the regulations is amended by deleting the words "The baseline emissions intensity of a mobile offshore industrial facility, for the year 2020 and subsequent years" and substituting the words "For the years 2020, 2021 and 2022, the baseline emissions intensity of a mobile offshore industrial facility that commenced production in or before the year 2016".

(5) Section 4 of the regulations is amended by adding immediately after subsection (6) the following:

(6.1) For the year 2023 and subsequent years, the baseline emissions intensity of a mobile offshore industrial facility that commenced production in or before the year 2016 shall be determined in accordance with the following formula:

$$BEI = \frac{AE_{2016} + AE_{2017} + AE_{2018}}{HO_{2016} + HO_{2017} + HO_{2018}}$$

where

BEI = baseline emissions intensity for the mobile offshore industrial facility;

AE = the mobile offshore industrial facility's actual emissions of carbon dioxide equivalent of greenhouse gases in a year expressed in tonnes rounded up to the nearest tonne, excluding biomass emissions and any emissions generated from a source category referred to in paragraph 5(1)(j) of the *Management of Greenhouse Gas Reporting Regulations*; and

HO = the mobile offshore industrial facility's hours of operation rounded up to the nearest full hour.

**(6) Subsection 4(7) of the regulations is amended by deleting the words "or was designated as an opted-in facility after the coming into force of these regulations" and substituting the words "but before the year 2023 or was designated as an opted-in facility after the coming into force of these regulations but before the year 2023".**

**(7) Section 4 of the regulations is amended by adding immediately after subsection (7) the following:**

(7.1) The baseline emissions intensity of a mobile offshore industrial facility, that commenced production in the year 2023 or a subsequent year or was designated as an opted-in facility in the year 2023 or a subsequent year, shall be determined in accordance with the following formulas:

$$BEI_{yr2} = \frac{AE_{yr1}}{HO_{yr1}}$$

$$BEI_{yr3} = \frac{AE_{yr1} + AE_{yr2}}{HO_{yr1} + HO_{yr2}}$$

$$BEI = \frac{AE_{yr1} + AE_{yr2} + AE_{yr3}}{HO_{yr1} + HO_{yr2} + HO_{yr3}}$$

where

$BEI_{yr2}$  = baseline emissions intensity for the mobile offshore industrial facility for second year of production;

$BEI_{yr3}$  = baseline emissions intensity for the mobile offshore industrial facility for third year of production;

BEI = baseline emissions intensity for the mobile offshore industrial facility;

AE = the mobile offshore industrial facility's actual emissions of carbon dioxide equivalent of greenhouse gases in a year expressed in tonnes rounded up to the nearest tonne, excluding biomass emissions and any emissions generated from a source category referred to in paragraph 5(1)(j) of the *Management of Greenhouse Gas Reporting Regulations*; and

HO = the mobile offshore industrial facility's hours of operation rounded up to the nearest full hour.

**(8) Subsection 4(8) of the regulations is amended by deleting the reference "subsections (5) to (7)" wherever it appears and substituting the reference "subsections (5) to (7.1)".**

**(9) Subsection 4(9) of the regulations is amended by deleting the reference "subsection (5), (6) or (7)" and substituting the reference "subsection (5), (6), (6.1), (7) or (7.1)".**

**(10) Paragraph 4(11)(a) of the regulations is amended by deleting the reference "subparagraphs 6.1(1)(c)(i) to (iii)" and substituting the reference "subparagraphs 5.1(1)(c)(i) to (iii)".**

**(11) Subsection 4(12) of the regulations is amended by deleting the reference "subsection (7)" and substituting the reference "subsection (7) or (7.1)".**

**(12) Subsection 4(13) of the regulations is amended by deleting the reference "subsection (7)" and substituting the reference "subsection (7) and (7.1)".**

**4. The regulations are amended by adding immediately after section 4 the following:**

Baseline industrial  
process emissions  
intensity

**4.1 (1) For the year 2023 and subsequent years, the baseline industrial process emissions intensity of an industrial facility, other than an offshore industrial facility, that commenced production in or before the year 2016 shall be determined in accordance with the following formula:**

$$\text{BIPEI} = \frac{\text{AIPE}_{2016} + \text{AIPE}_{2017} + \text{AIPE}_{2018}}{\text{AP}_{2016} + \text{AP}_{2017} + \text{AP}_{2018}}$$

where

BIPEI = baseline industrial process emissions intensity for the industrial facility;

AIPE = the industrial facility's actual industrial processes emissions of carbon dioxide equivalent of greenhouse gases in a year expressed in tonne rounded up to the nearest tonne; and

AP = the industrial facility's actual production in a year rounded up to the nearest tonne.

(2) The baseline industrial process emissions intensity of an industrial facility, other than an offshore industrial facility, that commenced production after the year 2016 or was designated as an opted-in facility after the coming into force of this section shall be determined in accordance with the following formulas:

$$\text{BIPEI}_{\text{yr } 4} = \frac{\text{AIPE}_{\text{yr}3}}{\text{AP}_{\text{yr}3}}$$

$$\text{BIPEI}_{\text{yr}5} = \frac{\text{AIPE}_{\text{yr}3} + \text{AIPE}_{\text{yr}4}}{\text{AP}_{\text{yr}3} + \text{AP}_{\text{yr}4}}$$

$$\text{BIPEI} = \frac{\text{AIPE}_{\text{yr}3} + \text{AIPE}_{\text{yr}4} + \text{AIPE}_{\text{yr}5}}{\text{AP}_{\text{yr}3} + \text{AP}_{\text{yr}4} + \text{AP}_{\text{yr}5}}$$

where

BIPEI<sub>yr4</sub> = baseline industrial process emissions intensity for the industrial facility for fourth year of production;

BIPEI<sub>yr5</sub> = baseline industrial process emissions intensity for the industrial facility for fifth year of production;

BIPEI = baseline industrial process emissions intensity for the industrial facility;

AIPE = the industrial facility's actual industrial processes emissions of carbon dioxide equivalent of greenhouse gases in a year expressed in tonnes rounded up to the nearest tonne; and

AP = the industrial facility's actual production in a year rounded up to the nearest tonne.

(3) Notwithstanding subsections (1) and (2), where the industrial facility has an unexpected interruption of production that has a material impact on its production in a year that is to be used to establish the industrial facility's baseline industrial process emissions intensity, the Lieutenant-Governor in Council may

- (a) exclude that year from the calculation of the baseline industrial process emissions intensity and calculate the baseline industrial process emissions intensity on fewer years; or
- (b) adjust the AP and AIPE in subsections (1) and (2) on a time denominated basis in a manner that attributes the period of production in a year as if it were a full year.

**5. Subsection 5(1) of the regulations is repealed and the following substituted:**

Per product baseline  
emissions intensity  
or baseline  
industrial process  
emissions intensity

**5.** (1) Notwithstanding sections 4 and 4.1, an operator may request the approval of the Lieutenant-Governor in Council for the baseline emissions intensity or the baseline industrial process emissions intensity or both to be calculated for each product produced at an industrial facility.

**6. The regulations are amended by adding immediately after section 5 the following:**

New baseline  
emissions intensity  
and baseline  
industrial process  
emissions intensity

**5.1** (1) The Lieutenant-Governor in Council may establish a new baseline emissions intensity or a new baseline industrial process emissions intensity or both for an industrial facility where

- (a) the industrial facility installs new machinery or equipment;
- (b) either
  - (i) the operator requests a new baseline emissions intensity or a new baseline industrial process emissions intensity or both; or
  - (ii) the minister recommends that a new baseline emissions intensity or a new baseline industrial process emissions intensity or both be established; and
- (c) the Lieutenant-Governor in Council is satisfied based on the information provided by the operator or the minister that as a

result of the installation of the machinery or equipment one or more of the following criteria are met:

(i) there was a change in the NAICS code for the industrial facility at the 3 digit level and the reasons for the change are valid and reasonable,

(ii) either or both of the following apply:

(A) the emissions intensity of the industrial facility differs from the baseline emissions intensity of the industrial facility by at least 25%, or

(B) the industrial process emissions intensity of the industrial facility differs from the baseline industrial process emissions intensity of the industrial facility by at least 25%,

and the change in the emissions intensity or industrial process emissions intensity is permanent,

(iii) either or both of the following apply:

(A) the emissions intensity of the industrial facility differs from the baseline emissions intensity of the industrial facility by less than 25%, or

(B) the industrial process emissions intensity of the industrial facility differs from the baseline industrial process emissions intensity of the industrial facility by less than 25%,

and the change in the emissions intensity or industrial process emissions intensity is permanent and does not result from

(C) routine maintenance, repair or replacement of machinery or equipment, including the installation of machinery or equipment that is installed primarily to increase energy efficiency,

(D) an increase in production rate, or

(E) the relocation of activities within the industrial facility.

(2) Where the Lieutenant-Governor in Council requests information or documentation, the information or documentation shall be provided to the Lieutenant-Governor in Council within 45 days of the request or a longer period as determined by the Lieutenant-Governor in Council.

(3) Where the Lieutenant-Governor in Council determines that a new baseline emissions intensity or a new baseline industrial process emissions intensity or both should be established

- (a) the existing baseline emissions intensity or existing baseline industrial process emissions intensity or both shall continue to apply except in relation to the new machinery and equipment; and
- (b) a new baseline emissions intensity or a new baseline industrial process emissions intensity or both shall be established in accordance with subsection 4(3) and 4.1(2), as applicable, in relation to the new machinery and equipment.

**7. (1) Subsection 6(1) of the regulations is amended by deleting the words "The baseline emissions level for an offshore industrial facility for the year 2019" and substituting the words "For the year 2019, the baseline emissions level for an offshore industrial facility that commenced production in or before the year 2016".**

**(2) Subsection 6(2) of the regulations is amended by deleting the words "The baseline emissions level for an offshore industrial facility for the year 2020 and subsequent years" and substituting the words "For the year 2020 and subsequent years, the baseline emissions level for an offshore industrial facility that commenced production in or before the year 2016".**

**8. Section 6.1 of the regulations is repealed and the following substituted:**

New baseline  
emissions level

**6.1 (1) The Lieutenant-Governor in Council may establish a new baseline emissions level for an offshore industrial facility where**

- (a) the industrial facility installs new machinery or equipment;
- (b) either
  - (i) the operator requests a new baseline emissions level, or

- (ii) the minister recommends that a new baseline emissions level be established; and
- (c) the Lieutenant-Governor in Council is satisfied based on the information provided by the operator or the minister that as a result of the installation of the machinery or equipment one or more of the following criteria are met:
  - (i) there was a change in the NAICS code for the industrial facility at the 3 digit level and the reasons for the change are valid and reasonable,
  - (ii) the emissions level of the offshore industrial facility differs from the baseline emissions level of the offshore industrial facility by at least 25% and the change in the emissions level is permanent, or
  - (iii) the emissions level of the offshore industrial facility differs from the baseline emissions level of the offshore industrial facility by less than 25% and the change in the emissions level is permanent and does not result from
    - (A) routine maintenance, repair or replacement of machinery or equipment, including the installation of machinery or equipment that is installed primarily to increase energy efficiency,
    - (B) an increase in production rate, or
    - (C) the relocation of activities within the industrial facility.

(2) Where the Lieutenant-Governor in Council requests information or documentation, the information or documentation shall be provided to the Lieutenant-Governor in Council within 45 days of the request or a longer period as determined by the Lieutenant-Governor in Council.

(3) Where the Lieutenant-Governor in Council determines that a new baseline emissions level should be established

- (a) the existing baseline emissions level shall continue to apply except in relation to the new machinery and equipment; and

- (b) a new baseline emissions level shall be established in accordance with subsection 6(3) in relation to the new machinery and equipment.

**9. (1) Subsection 8(1) of the regulations is repealed and the following substituted:**

Greenhouse gas  
reduction target

**8. (1)** The greenhouse gas reduction target for an industrial facility to which these regulations apply shall be as follows:

- (a) for the year 2019 the greenhouse gas reduction target is 6% below the industrial facility's baseline emissions intensity or baseline emissions level;
- (b) for the year 2020 the greenhouse gas reduction target is 8% below the industrial facility's baseline emissions intensity or baseline emissions level;
- (c) for the year 2021 the greenhouse gas reduction target is 10% below the industrial facility's baseline emissions intensity or baseline emissions level;
- (d) for the year 2022 the greenhouse gas reduction target is 12% below the industrial facility's baseline emissions intensity or baseline emissions level;
- (e) for the year 2023 the greenhouse gas reduction target is 14% below the industrial facility's baseline emissions intensity or baseline emissions level and 0% below the baseline industrial process emissions intensity;
- (f) for the year 2024 the greenhouse gas reduction target is 16% below the industrial facility's baseline emissions intensity or baseline emissions level and 0% below the baseline industrial process emissions intensity;
- (g) for the year 2025 the greenhouse gas reduction target is 18% below the industrial facility's baseline emissions intensity or baseline emissions level and 0% below the baseline industrial process emissions intensity;
- (h) for the year 2026 the greenhouse gas reduction target is 20% below the industrial facility's baseline emissions intensity or baseline emissions level and 0% below the baseline industrial process emissions intensity;

- (i) for the year 2027 the greenhouse gas reduction target is 22% below the industrial facility's baseline emissions intensity or baseline emissions level and 0% below the baseline industrial process emissions intensity;
- (j) for the year 2028 the greenhouse gas reduction target is 24% below the industrial facility's baseline emissions intensity or baseline emissions level and 0% below the baseline industrial process emissions intensity;
- (k) for the year 2029 the greenhouse gas reduction target is 26% below the industrial facility's baseline emissions intensity or baseline emissions level and 0% below the baseline industrial process emissions intensity; and
- (l) for the year 2030 and subsequent years the greenhouse gas reduction target is 28% below the industrial facility's baseline emissions intensity or baseline emissions level and 0% below the baseline industrial process emissions intensity.

**(2) Subsections 8(2.1) to (4) of the regulations are repealed and the following substituted:**

(2.1) Notwithstanding subsection (1), the greenhouse gas reduction target for an industrial facility for which a new baseline emissions intensity or a new baseline industrial process emissions intensity or both was established under paragraph 5.1(3)(b) or a new baseline emissions level was established under paragraph 6.1(3)(b) is set out in Schedule A and for the purposes of this subsection the commencement year in Schedule A shall be considered to be the year in which

- (a) the new baseline emissions intensity or the new baseline industrial process emissions intensity or both was established; or
- (b) the new baseline emissions level was established.

(3) Where an industrial facility's baseline emissions intensity or baseline industrial process emissions intensity or both is calculated on a per product basis, a greenhouse gas reduction target shall be calculated per product in accordance with this section and the industrial facility's greenhouse gas reduction target shall be the sum of the per product greenhouse gas reduction targets weighted according to the share of total production for each product.

(4) Notwithstanding subsections (1) to (3), an industrial facility, other than a mobile offshore industrial facility, may request the approval of the Lieutenant-Governor in Council for a greenhouse gas reduction target based on a performance benchmark rather than baseline emissions intensity and baseline industrial process emissions intensity.

**10. (1) Section 10 of the regulations is amended by adding immediately after subsection (2) the following:**

(2.01) Where an industrial facility has a greenhouse gas reduction target based on baseline emissions intensity and baseline industrial process emissions intensity, the number of performance credits that the minister may issue to the industrial facility for a year shall be calculated in accordance with the following formula:

$$PC = [(RT_{bei} \times AP) - AE] + [(RT_{bipei} \times AP) - AIPE]$$

where

PC = the number of performance credits, expressed in tonnes on a carbon dioxide equivalent basis rounded up to the nearest tonne;

$RT_{bei}$  = the portion of the industrial facility's greenhouse gas reduction target based on baseline emissions intensity calculated in accordance with section 8;

AP = the industrial facility's actual production in a year rounded up to the nearest tonne;

AE = the industrial facility's actual greenhouse gas emissions expressed in tonnes on a carbon dioxide equivalent basis rounded up to the nearest tonne, excluding biomass emissions and any industrial process emissions;

$RT_{bipei}$  = the portion of the industrial facility's greenhouse gas reduction target based on the baseline industrial process emissions intensity calculated in accordance with section 8; and

AIPE = the industrial facility's actual industrial process emissions expressed in tonnes on a carbon dioxide equivalent basis rounded up to the nearest tonne.

**(2) Section 10 of the regulations is amended by adding immediately after subsection (6) the following:**

(6.1) Notwithstanding subsection (6), where an offshore industrial facility is ordered by the board to stop production during any period during a year or an offshore industrial facility voluntarily stops production for a period of 31 consecutive days or more during a year, performance credits shall not be issued to the offshore industrial facility for that year.

(6.2) Notwithstanding subsection (6.1), where the offshore industrial facility provides to the minister verified data regarding the offshore industrial facility's actual greenhouse gas emissions during the period in the year that production was not stopped, the minister may

- (a) adjust AE in the calculation in subsection (6) on a time denominated basis in a manner that attributes the period of emissions in a year as if it were a full year;
- (b) use the adjusted AE in the formula in subsection (6) to determine the number of performance credits to be issued to the offshore industrial facility for the year; and
- (c) issue the performance credits to the offshore industrial facility for the year.

**(3) Section 10 of the regulations is amended by adding immediately after subsection (9) the following:**

(10) Where an industrial facility that was issued performance credits in respect of a year submits a revised emissions report within 7 years of submitting the original emissions report and based on the revised emissions report it is determined that the industrial facility was entitled to more performance credits than the industrial facility received, the minister may issue the additional performance credits to the industrial facility.

(11) Where an industrial facility that was issued performance credits in respect of a year submits a revised emissions report within 7 years of submitting the original emissions report and based on the revised emissions report it is determined that the industrial facility was entitled to less performance credits than the industrial facility received, the minister may

- (a) retire the number of performance credits that the industrial facility received in excess of the number to which the industrial facility was entitled based on the revised emissions report; or
- (b) where the industrial facility does not have the number of performance credits referred to in paragraph (a), either
  - (i) withhold that number of performance credits from performance credits to be issued to the industrial facility in a future year, or
  - (ii) require that the industrial facility purchase fund credits at the price of the fund credits in the year in which the performance credits were issued to the industrial facility.

**11. (1) Paragraph 12(3)(c) of the regulations is amended by deleting the word "and" at the end of the paragraph.**

**(2) Paragraph 12(3)(d) of the regulations is repealed and the following substituted:**

- (d) \$50 per one tonne of greenhouse gas emissions on a carbon dioxide equivalent basis for reporting year 2022;

**(3) Subsection 12(3) of the regulations is amended by adding immediately after paragraph (d) the following:**

- (e) \$65 per one tonne of greenhouse gas emissions on a carbon dioxide equivalent basis for reporting year 2023;
- (f) \$80 per one tonne of greenhouse gas emissions on a carbon dioxide equivalent basis for reporting year 2024;
- (g) \$95 per one tonne of greenhouse gas emissions on a carbon dioxide equivalent basis for reporting year 2025;
- (h) \$110 per one tonne of greenhouse gas emissions on a carbon dioxide equivalent basis for reporting year 2026;
- (i) \$125 per one tonne of greenhouse gas emissions on a carbon dioxide equivalent basis for reporting year 2027;

- (j) \$140 per one tonne of greenhouse gas emissions on a carbon dioxide equivalent basis for reporting year 2028;
- (k) \$155 per one tonne of greenhouse gas emissions on a carbon dioxide equivalent basis for reporting year 2029; and
- (l) \$170 per one tonne of greenhouse gas emissions on a carbon dioxide equivalent basis for reporting year 2030 and subsequent years.

**(4) Section 12 of the regulations is amended by adding immediately after subsection (8) the following:**

(9) Where an industrial facility that purchased fund credits to achieve all or a portion of the industrial facility's greenhouse gas reduction target in respect of a year submits a revised emissions report and based on the revised emissions report it is determined that the industrial facility did not need some or all of the fund credits it purchased, the minister may issue

- (a) one performance credit for each excess fund credit that the industrial facility purchased at the price prescribed in subsection (3); and
- (b) 4 performance credits for each excess fund credit that the industrial facility purchased at the price prescribed in subsection 9(7).

(10) For the purposes of subsection 9(5), performance credits issued under subsection (9) are considered to have been earned at the industrial facility.

**12. The regulations are amended by adding immediately after section 12 the following:**

Where exemption  
granted

**12.01** Where an industrial facility was granted an exemption from the Act under subsection 4(2) of the Act or an exemption from achieving its annual greenhouse gas emissions reduction target under subsection 5(4) of the Act, the operator may

- (a) sell any performance credits owned by the industrial facility as of the date of the exemption; and

(b) purchase greenhouse gas reduction credits to achieve its greenhouse gas reduction target for the last year that the industrial facility was not exempted.

**13. Subsection 17(2) of the regulations is amended by deleting the words "his or her" and substituting the words "the minister's".**

**14. Subsection 18(4) of the regulations is amended by deleting the words "his or her" and substituting the words "the minister's".**

**15. Schedule A of the regulations is repealed and the following substituted:**

**Schedule A**

**Industrial Facility Commenced Production in 2015**

Year	Percentage reduction below industrial facility's baseline emissions intensity or baseline emissions level	Percentage reduction below industrial facility's baseline industrial process emissions intensity
2019	2.4%	N/A

## NEWFOUNDLAND AND LABRADOR REGULATION 20/23

*Provincial Health Authority Regulations*  
under the  
*Provincial Health Authority Act*  
(O.C. 2023-073)

*(Filed March 30, 2023)*

Under the authority of section 36 of the *Provincial Health Authority Act*, the Lieutenant-Governor in Council makes the following regulations.

Dated at St. John's, March 29, 2023.

Krista Quinlan  
Clerk of the Executive Council

### REGULATIONS

| 6. Health regions                    |                             |

- Short title                   **1.** These regulations may be cited as the *Provincial Health Authority Regulations*.
- Definitions                   **2.** (1) In these regulations
- (a) "Act" means the *Provincial Health Authority Act*;
  - (b) "member" means a person appointed to a regional health council; and
  - (c) "Standards for Management Information Systems in Canadian Health Service Organizations" means the standards for managing financial and statistical data developed and maintained by the Canadian Institute for Health Information and includes all amendments and revisions made to those standards.
- (2) For the purposes of the Act and these regulations
- (a) "health and community services" means services in the following areas:
    - (i) health protection and promotion,
    - (ii) continuing and long term care,
    - (iii) community health,
    - (iv) mental health,
    - (v) addiction services,
    - (vi) community supports and home care,
    - (vii) treatment of illness and injury,
    - (viii) hospital care,
    - (ix) evaluation, research and quality assurance,
    - (x) health screening,
    - (xi) adults in need of protective intervention, and

(xii) road ambulance services; and

(b) "health service provider" means a person, including a corporation, that is employed by, contracted by, affiliated with or holds privileges with the authority for the purposes of providing health care on behalf of the authority, and includes persons licensed or registered to provide health care under an Act of the province.

Board of trustees

**3.** (1) For the purposes of subsection 11(3) of the Act, the Lieutenant-Governor in Council shall appoint not less than 8 and not more than 18 trustees to the board.

(2) Employees and medical staff of the authority are not eligible to be appointed as trustees.

Responsibilities of the authority

**4.** The authority shall supervise, direct and control the delivery of health and community services.

Financial records and accounting

**5.** (1) The financial records of the authority shall be prepared in accordance with generally accepted accounting principles.

(2) Financial and statistical reporting by the authority shall be in accordance with the Standards for Management Information Systems in Canadian Health Service Organizations and in accordance with any other reporting guidelines or standards which may be required by the minister.

Health regions

**6.** The province shall be divided into 5 health regions as follows:

(a) Region 1 which extends from the Town of Conception Bay South inclusive in the west and the Town of Witless Bay inclusive in the southeast to the Town of Pouch Cove inclusive in the north, but does not include Bell Island;

(b) Region 2 which consists of the portion of the Avalon Peninsula that is not included in Region 1, Bell Island and the Bonavista and Burin Peninsulas extending to Port Blandford inclusive;

(c) Region 3 which extends from Charlottetown inclusive in the east, Fogo Island in the northeast, Harbour Breton/the

Connaigre Peninsula in the south to the Baie Verte Peninsula in the west;

- (d) Region 4 which extends from Port aux Basques on the southwest coast to Francois, northwest to Bartlett's Harbour inclusive and on the eastern boundary north to Jackson's Arm inclusive; and
- (e) Region 5 which consists of the area north of Bartlett's Harbour and north of Englee inclusive on the Northern Peninsula and all of Labrador.

Regional health  
councils

7. (1) The following regional health councils are established:

- (a) Region 1 Health Council;
- (b) Region 2 Health Council;
- (c) Region 3 Health Council;
- (d) Region 4 Health Council; and
- (e) Region 5 Health Council.

(2) The minister shall appoint not less than 5 members and not more than 15 members to each regional health council.

(3) The minister shall appoint a chairperson for each regional health council.

(4) For the purpose of subsection (3), the chairperson of a regional health council shall be appointed from the members appointed to that regional health council under subsection (2).

(5) The members shall be appointed for a term of 3 years and may be reappointed for one further term of 3 years.

(6) Where a member of a regional health council resigns from or becomes unable to carry out the member's duties and responsibilities, the minister shall appoint a person to replace the member for the remainder of the member's term.

(7) Where the term of a member of a regional health council expires, the member continues to be a member until reappointed or replaced.

Delegation

**8.** (1) The minister may delegate to the authority the minister's power to appoint an inspector under paragraph 2(c) of the *Health and Community Services Act*, for the purpose of the *Personal Care Home Regulations* made under that Act only.

(2) A delegation referred to in subsection (1) shall be in writing.

NLR 18/08 Rep.

**9. The *Regional Health Authorities Regulations, Newfoundland and Labrador Regulation 18/08*, are repealed.**

Commencement

**10. These regulations come into force on the date the Act comes into force.**
