

SNL Terms of Reference

- To gather opinions and evidence on measures to improve highway safety and automotive accident prevention in Newfoundland and Labrador.
- Assess what new regulatory tools or legislative changes would be required to address emerging changes in auto insurance including usage based insurance, telematics or ride sharing type product offerings.
- To review ways to encourage new entrants to the auto insurance market or to encourage increased competition amongst auto insurance companies in the Province.
- To review the issue of vicarious liability and primacy with respect to non-negligent short-term vehicle rental and long term lessors.
- To review and provide any other recommendations on any other aspect of automobile insurance to improve the auto insurance product offered in this Province such as the creation of a risk sharing pool.
