Policy and Program

In order to complete this application process a copy of your company's respiratory protection program, compliant in accordance with the most recent CSA Standard "Selection, Use & Care of Respirators" and safety policy (less than 10 employees) or program, must be included with this application.

Equipment

Provide documentation of equipment owned by the applicant. Include information on the number of HEPA-filtered vacuum cleaners, HEPA-filtered portable ventilation systems, glove bags and other equipment necessary for asbestos abatement work (attach additional pages, if necessary).

Personnel Training

List each asbestos site supervisor and asbestos worker presently employed and include a copy of the initial training certificate and subsequent refresher training certificates issued by an asbestos training course provider (attach additional pages, if necessary).
