NATURAL PRODUCTS MARKETING ACT**NOTICE****APPEAL HEARING DECISION**

In the matter of the appeal of Roy Williams, Donald Carew, Deborah Williams and Leonard Williams to the Agricultural Productions Marketing Board (hereinafter the "Board") of the decision of the Newfoundland Egg Marketing Board (hereinafter NEMB) date on or about October 14th, 1999 not to grant them Non-quota Holder Status and Registration of 499 hens each.

DECISION OF THE AGRICULTURAL PRODUCTS MARKETING BOARD**I. BACKGROUND AND OVERVIEW**

The Appellants, Roy Williams, Donald Carew, Deborah Williams and Leonard Williams, appealed to this Board against the decision of the Respondent, NEMB, dated October 14th, 1999, refusing to grant them Non-Quota Holder Status and Registration of 499 hens each.

Their grounds for appeal are those filed with the Board on October 22, 1999.

Mr. Randolph Piercey appeared before the Board as Counsel for the Appellants. Mr. D. Bradford L. Wicks appeared as Counsel for the Respondent.

This matter was heard by a panel of the Board consisting of the following: Mr. Graham Flight, Chairperson; Mr. Greg Power, Vice-Chairperson; Mr. Gary Sparkes and Ms. Rhonda Thornley, Members on May 1, 2002.

Legal Counsel was provided to the Board by Mr. Bruce Piller. Neither party objected to the composition or jurisdiction of the Board with respect to this matter.

II. EVIDENCE AT THE HEARING

Five (5) documents were presented to the Board as evidence. The admission of the documents was agreed to by both Mr. Piercey and Mr. Wicks and they were catalogued as consent documents 1 through 5.

III. DECISION

The Members of the Board unanimously agree that the decision made by the Newfoundland Egg Marketing Board in October 1999 was the correct decision considering the evidence presented before them and following the letter of the law.

However, the Board members unanimously agree that the Newfoundland Egg Marketing Board had the ability and opportunity, when the Province was issued new quota, to grandfather the appellants as Non-Quota Holders but chose not to do so. The Board members also considered the length of time the appellants have been in business, the money they have invested and their market area. In considering the appellant's volume of sales, the Board members agree that it will have little or no effect on the existing registered producers of the Province. Therefore, it is the recommendation of the Board that the Newfoundland Egg Marketing Board reconsider their decision and grant Non-Quota Holder Status and Registration of 499 hens to each of the appellants.
