HISTORIC RESOURCES ACT

NOTICE OF DECLARATION

Under the authority of section 16.1 of the *Historic Resources Act*, I am pleased to announce that the Lieutenant-Governor in Council has declared the parcel of land containing the archaeological remains of the 1610 John Guy Plantation to be a provincial historic site. The land was acquired by the Government of Newfoundland and Labrador on the authority of section 16.2 of the *Historic Resources Act*, the surveys of which are on file with the Department of Tourism, Culture and Recreation and the site shall be known as the Cupids Cove Plantation Provincial Historic Site.

Dated at St. John's, NL, July 6th, 2010.

TERRY FRENCH
Minister of Tourism, Culture and Recreation

JUDICATURE ACT

Rules of the Supreme Court of Newfoundland, 1986

COURT OF APPEAL PRACTICE NOTE CAPN No. 2010-01

DATE ISSUED: June 28, 2010
RULES AFFECTED: Civil Appeal Rule 57.18; Criminal Appeal Rule 18
EFFECTIVE DATE: Upon publication

The following Practice Note was filed with the Registrar, as Secretary of the Rules Committee of the Court of Appeal, and is published pursuant to Rule 57.31(3) of the Rules of the Supreme Court, 1986. Note: This Practice Note also applies to the Supreme Court of Newfoundland and Labrador – Court of Appeal Criminal Appeal Rules (2002).

Setting Dates for Hearing of Appeals

Background and Purpose

1. Under the existing rules of court, a party wishing to obtain a date for the hearing of an appeal must file an application under Rule 57.18(1) of the civil appeal rules in respect of a civil appeal and under Rule 18(1) of the criminal appeal rules in respect of a criminal appeal, and then appear in court to obtain a date.
2. With a view to reducing costs to litigants by eliminating unnecessary court appearances on routine matters, it has been decided that it is appropriate to permit the deputy registrar, in certain circumstances, to set a date without a court appearance by the parties. While this procedural change may be able to be accomplished within the existing rules of court, it has been decided nevertheless to amend both the civil and criminal rules to clarify the matter. Accordingly, Rule 57.18 has been amended effective March 1, 2010 to recognize the change. The text of the amendment can be found in NL Reg 10/10 or online at <http://assembly.nl.ca/Legislation/sr/regulations/RulesSC/Rc86ru57.htm#57.18>. The Court is also in the process of amending Rule 18(1) of the criminal rules in similar fashion.
3. Pending completion of the amendments, it has been considered appropriate to issue this Practice Note, Part (a), which will be effective immediately.
4. In some cases following perfection of an appeal, the parties will delay making a request to set a date for a hearing. While parties may have legitimate reasons for so doing, the Court is concerned that there may be other cases,

especially in criminal and family matters, where the public interest in the timely administration of justice may not be served by delay.

5. Even though there are mechanisms within the civil rules for dealing with inactive cases through deemed abandonment after 12 months of inactivity, and allowing the deputy registrar to set a matter down after 6 months of inactivity to consider whether an appeal should be struck out, it has nevertheless been decided that there should be additional procedures made available within a shorter time frame to ensure that cases that are perfected and awaiting a hearing can be advanced, if that is appropriate to do so. Those procedures are outlined in this Practice Note, Part (b).

Practice Note

(a) Facilitating the Setting of Hearing Dates

6. The deputy registrar will entertain telephone, fax or email requests from counsel or a party to an appeal to set a date for the hearing of an appeal within the two months following the month in which a request is received where:
 - (a) the appeal has been perfected by the filing of an appeal book and all factums;
 - (b) the specific direction of the Court is not required on any matter prior to the setting of a date; and
 - (c) there is no other special circumstance requiring a court appearance.
7. Parties and their counsel are encouraged to determine, by reference to the Court's published calendar of sitting dates, mutually acceptable dates during the following two months when the parties will be available to appear on the appeal.
8. At the time of making the request, the requesting party must:
 - (a) confirm to the deputy registrar that conditions (a), (b) and (c) in paragraph 6 are satisfied;
 - (b) provide a list of the dates during the next two months of the court's published sitting calendar:
 - (i) when both parties are available to appear on the appeal, as determined in accordance with paragraph 7; or
 - (ii) if no mutually acceptable dates are offered, when the requesting party will not be available to appear on the appeal.

For requests made by fax or email, the form annexed to this Practice Note as Schedule "A" should be used and copied to the other parties. Where a request is made by telephone, the requesting party should notify the other parties that the request has been made.

9. The deputy registrar will, if necessary, attempt to contact the other parties or their counsel to confirm an acceptable date for the hearing of the appeal. If the deputy registrar does not receive a reply from such parties or their counsel within 3 days of having attempted to contact them, the deputy registrar may proceed to set a date for the hearing in accordance with the requesting party's proposal.
10. The deputy registrar may convene a conference call with all parties or their counsel, with or without the participation of the Chief Justice or his or her designate, to resolve scheduling arrangements.
11. The deputy registrar may decline to set a date in accordance with this procedure and require an application be made to the Court where:
 - (a) it appears that any of the conditions in paragraph 6 is not satisfied;
 - (b) one of the parties objects to setting a date without an application being made;
 - (c) the deputy registrar concludes that for any other reason an application should be made.
12. If the deputy registrar sets a date pursuant to this procedure, the parties or their counsel will be notified in writing that the appeal will be heard on that date.
13. No date set pursuant to this procedure will be changed unless:
 - (a) the deputy registrar, after consultation with all parties or their counsel and with the Chief Justice, consents;
 - (b) unless an application is made for that purpose; or
 - (c) the Court otherwise directs.
14. Parties and their counsel are encouraged to adopt this procedure for setting dates, in appropriate cases, instead of using the application procedure.
15. Where a party unnecessarily or unreasonably requests that a date be set by means of the application procedure, the presiding judge may take that fact into consideration in deciding to award costs of the application in a civil proceeding against that party.
16. Taxing masters may also take into consideration whether an application to set a date was unnecessarily or unreasonably made in deciding to deny costs of such application to a party who is otherwise entitled to costs following a civil appeal.

(b) Delays in Setting Dates

17. Barring good reasons to the contrary, an appellant or his or her counsel will be expected to apply for or request a date for the hearing of the appeal within 60 days of the filing of the respondent's factum.

18. Where 60 days have elapsed since the filing of the respondent's factum, the deputy registrar will contact counsel or the parties to inquire as to the reasons for not requesting a hearing date and may require that the reasons be stated in writing.
19. Where the deputy registrar is of the opinion that there are no, or inadequate, reasons given for not requesting a hearing date, she may give notice to the parties that the matter will be called at a subsequent applications date for a judge to determine whether a hearing date should nevertheless be set.
20. Practice Note CAPN 2001-02 is amended to conform to this Practice Note.

**PART I
FITNESS CRITERIA**

Definitions

2. In this Part

- (a) "deductible" means the amount of risk for which the insured takes financial responsibility under an insurance contract;
- (b) "liability insurance" means financial compensation provided for in a contract entered into between a railway company and an insurer in respect of the following matters arising with respect to a railway owned, constructed or operated by the railway company and out of the operations of the railway company as they relate to the railway or as a result of an act or omission of the railway company, or one of its officers, directors, employees or agents
 - (i) third party bodily injury or death, including passengers,
 - (ii) third party damage to property, and
 - (iii) named perils pollution;
- (c) "minister" means the minister appointed under the *Executive Council Act* to administer the Act; and
- (d) "named perils pollution" means risks that are set out in an insurance contract that are associated with seepage, pollution or contamination resulting from but not limited to collision, overturning, derailment, upset, hostile fire, lightning or explosion or other railway related accidents.

Application of Part

3. For the purpose of subsection 15(1) of the Act, this Part prescribes the criteria relating to fitness to hold a licence to operate a railway.

Insurance require-
ments

4. (1) A railway company shall hold a minimum amount of \$10,000,000 of liability insurance contracted with an insurer authorized to carry on business in the province.

(2) The insurance required under subsection (1) shall name the Crown in right of the province as represented by the minister, her officers, employees and agents as additional insureds.

(3) The railway company shall notify the minister in writing, without delay, of the cancellation of or an alteration to, or a proposed cancellation of or alteration to, its liability insurance coverage or change in operation of the railway or in the operations of the railway company in relation to the railway which may cause its insurance to no longer be adequate.

(4) A liability insurance policy obtained by a railway company in compliance with this regulation shall include a term that cancellation of the policy or alteration to the coverage shall not be effective unless the minister is given at least 30 days notice of cancellation or alteration.

(5) Before the commencement of the construction or operation of a railway, the railway company shall file with the minister a certified copy of the insurance policy required under subsection (1), or a certificate acceptable to the minister setting out the particulars of the insurance policy, including details of coverage and of deductible.

(6) Where

(a) there is an alteration in the coverage under an insurance policy required under subsection (1); or

(b) an insurance policy obtained by a railway company in compliance with this regulation is replaced by another policy

the railway company shall file with the minister a certified copy of the altered or replacement policy, or a certificate acceptable to the minister setting out the particulars of the altered or replacement policy, including details of coverage and of deductible.

Minister may re-
duce required
amount

5. The minister may reduce the minimum required amount of insurance set out in subsection 4(1) with respect to a railway company or class of railway companies.

- Demonstration of fitness
6. The applicant shall demonstrate that its management, managerial staff and other employees have or will have sufficient knowledge of all applicable regulations and rules relating to railway safety and operations, relative to their respective positions, to satisfy the minister that the railway can be operated safely and responsibly.

PART II
RAILWAY SAFETY REQUIREMENTS

Definitions

7. In this Part

- (a) "collision" means an impact, other than an impact associated with normal operating circumstances, between rolling stock or between rolling stock and another object;
- (b) "dangerous goods" means a product, substance or organism
- (i) included by its nature or by the *Transportation of Dangerous Goods Regulations* in a class listed in the Schedule to the *Transportation of Dangerous Goods Act*, 1992 (Canada), or
- (ii) that is a dangerous good as defined in the *Dangerous Goods Handling and Transportation Act*;
- (c) "derailment" means an accident in which one or more wheels of rolling stock leave the rails, other than by reason of an explosion or a collision;
- (d) "grade-crossing collision" means a collision that occurs at a railway crossing between rolling stock and another crossing user;
- (e) "reportable railway accident" means an accident resulting directly from the operation of rolling stock, in which
- (i) a person sustains a serious injury or is killed as a result of
- (A) being on board or getting on or off the rolling stock,
or

- (B) coming into contact with a part of the rolling stock or its contents, or
- (ii) the rolling stock
 - (A) is involved in a grade-crossing collision,
 - (B) is involved in a collision or derailment and is carrying passengers,
 - (C) is involved in a collision or derailment and is carrying dangerous goods, or is known to have last contained dangerous goods the residue of which has not been purged from the rolling stock,
 - (D) sustains damage that affects its safe operation, or
 - (E) causes or sustains a fire or explosion, or causes damage to the railway, that poses a threat to the safety of a person, property or the environment;
- (f) "reportable railway incident" means an incident resulting directly from the operation of rolling stock, in which
 - (i) a risk of collision occurs,
 - (ii) an unprotected main track switch is left in an abnormal position,
 - (iii) a railway signal displays a less restrictive indication than that required for the intended movement of rolling stock,
 - (iv) an unprotected overlap of operating authorities occurs,
 - (v) a movement of rolling stock exceeds the limits of its authority,
 - (vi) there is runaway rolling stock,
 - (vii) a crew member whose duties are directly related to the safe operation of the rolling stock is unable to perform the crew member's duties as a result of a physical inca-

pacitation that poses a threat to a person, property or the environment, or

(viii) dangerous goods are released on board or from the rolling stock;

(g) "risk of collision" means a situation where rolling stock comes so close to being involved in a collision that a threat to the safety of a person, property or the environment exists;

(h) "safety standard" means a regulation, circular, order, rule, standard, or similar thing set out in the Schedule;

(i) "serious injury" means an injury that is likely to require admission to a hospital; and

(j) "traffic authority" means a peace officer as defined in subsection 2(1) of the *Highway Traffic Act*.

Compliance with safety standards required

8. (1) A railway to which the Act applies shall conform to, and shall be constructed and operated in compliance with, the safety standards set out in the Schedule to these regulations.

(2) A railway company shall ensure that a railway owned, constructed or operated by it meets the requirements of subsection (1).

Standards to apply as amended from time to time

9. A reference to a safety standard in the Schedule is a reference to the safety standard as it may be amended, revised or replaced, notwithstanding that the amendment, revision or replacement may be set out in or take the form of

(a) a document of a different character; or

(b) a different type of statutory instrument.

Reportable railway accidents and incidents

10. (1) Where a reportable railway accident or incident takes place, the railway company or a crew member aboard the rolling stock involved in the accident or incident shall report to the minister or a person designated by the minister the following information:

(a) the name of the railway company;

(b) the date, time and location of the accident or incident;

- (c) whether deaths or serious injuries resulted from the accident or incident and, if so, the number of persons killed or injured; and
- (d) whether the rolling stock carries dangerous goods.

(2) A report under subsection (1) shall be made as soon as possible after the accident or incident but in any event, the report shall be made within 24 hours after the accident or incident.

(3) In addition to the reporting requirements set out in subsections (1) and (2), the railway company shall, in a form approved by the minister, submit to the minister or a person designated by the minister within 30 days after the accident or incident all the following information:

- (a) the train number and direction;
- (b) the name of the railway company;
- (c) the names of the crew members;
- (d) the date and time of the accident or incident;
- (e) the location of the accident or incident by reference to a mileage and subdivision location and, if applicable, the track designation in a yard;
- (f) the number of crew members, passengers and other persons who were killed or sustained a serious injury;
- (g) a description of the accident or incident and the extent of resulting damage to the rolling stock, the railway, the environment and other property;
- (h) a description of dangerous goods contained in or released from the rolling stock;
- (i) in the case of a reportable accident, the time of arrival or anticipated time of arrival of wreck-clearing equipment; and
- (j) the name, title and location of the person making the report.

Exemptions respecting Highway Crossings Protective Devices Regulations

11. (1) A railway company may apply to the minister for an exemption from complying with the *Highway Crossings Protective Devices Regulations*, C.R.C., c. 1183, during a period of reduced train activity on a railway line.

(2) An application for an exemption shall be made in the form the minister requires and shall contain or be accompanied by the information.

(3) The railway company shall send a copy of the application and any supporting information to the traffic authority of every highway crossed by the railway line that will be affected by the proposed exemption.

(4) Where the minister considers the exemption appropriate, he or she may issue an exemption permit, with or without conditions, but in any other case, the minister may refuse to issue an exemption permit.

(5) Where the minister refuses to issue an exemption permit, he or she is not required to give reasons for the refusal.

(6) The minister shall advise the railway company about his or her decision within 60 days after he or she receives all the required information about the application.

(7) The railway company shall, without delay after being advised about the minister's decision, advise every affected traffic authority about the decision.

(8) Where an exemption permit is issued, the railway company shall also advise the traffic authorities about the expiry date stated in the permit.

(9) An exemption permit expires on the earlier of

(a) the expiry date stated in the permit; and

(b) the day the railway company resumes regular operations on the railway line covered by the permit.

(10) An exemption permit is not renewable and may not be extended beyond the expiry date stated in the permit and shall

- (a) comply with a condition the minister imposes on the permit;
- (b) not more than 7 days before operating a train on the railway line covered by the permit, inspect every highway crossing protective device on the line the train will operate over and perform any maintenance of a device the inspection indicates should be done;
- (c) whenever it intends to operate a train on the railway line during the term of the permit, advise the minister before operating the train and provide the minister with the information the minister requires; and
- (d) whenever it intends to operate a train on the railway line during the term of the permit, advise an affected traffic authority before operating the train and provide the traffic authority with information provided to the minister under paragraph (c).

(11) A railway company that is issued an exemption permit shall not be entitled to receive a signal inspection and maintenance compensation from the Crown in right of the province in respect of the railway line covered by the permit and the period covered by it.

PART III POWERS OF INSPECTORS

Inspectors appointed under the Act

12. An Inspector appointed under section 6 of the Act for the purpose of enforcing the Act and the Regulations and Rules adopted under this regulation shall have the same powers as those set out in the *Railway Safety Act* (Canada).
