A look at EVs in our province

Fuel costs approximately
70% lower for all-electric
vehicles compared to
conventional vehicles

Over **120** public
charging stations
across NL

Over **715** all-electric
vehicles on the road in
Newfoundland & Labrador

33% of NLers
will consider an EV
in the next 5 years

Up to **\$7,500**
in incentives when
purchasing or leasing
an EV in NL

More and more
dealerships
in NL sell EVs

Vehicle manufacturers
are adding **new EV
models every year**

Over **90%** of NL's electricity is
renewably generated
