

Mines Branch response for EA 2108 Crown Zone 5 2021-2025 FOP _ map 3 (at Badger Chute)

green areas = proposed commercial cutting areas

yellow lines = proposed forestry access road construction

purple line = alternate route that must be used instead of the proposed route circled in blue in order to avoid passing through an area covered by a quarry permit. The route in purple is located between the areas covered by a quarry permit and is intended to provide a shared use access road to replace the route that passes through the area now covered by a quarry permit.

CC10012

CC10011

section of route that may not be used due to passage through a quarry permit
