

AMENDMENT TO PERMIT

Pursuant to the *Water Resources Act*, SNL 2002 cW-4.01, specifically Section(s) 49

Date: **NOVEMBER 27, 2020**

File No: **523-07**

Permit No: **ALT10901-2020**

Amendment No: **1**

Permit Holder: **Ocean Quest Inc.
17 Stanley's Road
Conception Bay South
NL A1W 5H9**

Attention: **Rick Stanley**

Re: **Petty Harbour - Infilling for re-construction of wharf and boat storage shed**

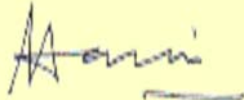

The original Permit dated MAY 07, 2020 is amended as follows:

As per the email request of Rick Stanley dated November 20, 2020, use of concrete cribbing is being permitted instead of wooden cribbing for the reconstruction of an existing wharf.

In addition to the existing terms and conditions of the permit, the following terms and conditions will also be applicable:

1. Work area must be isolated from the rest of the waterbody by deploying silt curtain to avoid releasing any silt, sediment, and concrete into the waterbody during construction of concrete cribbing and placing of fill materials.
2. Concreting work and placing of fill materials must only be carried out during periods when wind, wave and tide conditions minimize the dispersion of silt and sediment from the work site.

All other terms and conditions of the original Permit will apply and failure to comply with the terms and conditions of this amendment and the original Permit will render this Permit null and void, place the Permit Holder and their agent (s) in violation of the *Water Resources Act* and make the Permit Holder responsible for taking any remedial measures as may be prescribed by this Department.
