Re: **Long Harbour - Residue Storage Area Dam #2 Upstream Liner Replacement - Vale NL Ltd.**

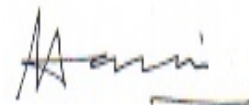

---

### **The original Permit dated JULY 21, 2021 is amended as follows:**

Term 11 of the original permit is to be replaced with:

Cofferdams must be properly designed and constructed of suitable materials to prevent leakage and to resist loss of any material as a result of erosion. The upstream cofferdam may remain in place upon completion of the work.

**All other terms and conditions of the original Permit will apply and failure to comply with the terms and conditions of this amendment and the original Permit will render this Permit null and void, place the Permit Holder and their agent(s) in violation of the *Water Resources Act* and make the Permit Holder responsible for taking any remedial measures as may be prescribed by this Department.**
