Company Name

PESTICIDE VENDOR LICENCE NO: 23-XXX

ISSUE DATE: XX, XX, 2023

EXPIRY DATE: XX, XX, 2028

Vendor Terms and Conditions Domestic Category

1. For the purpose of this licence the *Environmental Protection Act SNL 2002 cE-1*. and the *Pesticides Control Regulations, 2012*, shall apply.
2. The handling of all pest control products (pesticides) shall be conducted in strict compliance with the product label registered under the authority of the *Pest Control Products Act* (Canada).
3. The vendor shall only purchase and sell “**Domestic Class**” pesticides as defined under the PCP Act (Canada).
4. In accordance with Section 14 of the *Pesticides Control Regulations, 2012*, the vendor shall not sell any pesticide registered for use only on lawns which contain any of the following active ingredients:
 - a. 2,4-dichlorophenoxyacetic acid, commonly referred to as **2,4-D**;
 - b. **Mecoprop**;
 - c. **Dicamba**;
 - d. 2-methyl-4-chlorophenoxyacetic acid, commonly referred to as **MCPA**; or
 - e. **Carbaryl**.
5. The vendor shall ensure that all employees are aware of the terms and conditions of the Pesticide Vendor Licence.

6. The Pesticide Vendor Licence or a copy thereof shall be displayed in a conspicuous place on the premises.
7. The vendor shall ensure that all pesticides are stored and displayed in a manner that prevents environmental contamination or the impairment of the health and safety of any person:
 - a. pesticides shall be stored in a manner as to contain any leakage;
 - b. all display units shall be constructed of a non-absorbent or disposable material that can be easily cleaned or disposed of if a spill occurs;
 - i. disposal of display units contaminated with a pesticide shall be done according to manufacturer's recommendations; and
 - c. all pesticides stored or displayed outdoors shall be protected from wind, rain and other weather hazards.
8. Pesticides in unsealed or damaged packages or containers shall not be placed on display under any circumstance, but shall be disposed of in accordance with the manufacturer's recommendations.
9. In case of a pesticide spill/leak, the vendor shall ensure that:
 - a. the product is quickly contained and clean up of the pesticide occurs immediately;
 - b. staff wear the proper protective clothing while cleaning up the spill/leak; and
 - c. any damaged packages or containers are disposed of in accordance with the manufacturer's recommendations.
10. The vendor shall ensure that pesticides are stored and displayed at least 1 meter away and not above the following:
 - a. food and beverages intended for human or animal consumption;
 - b. personal use items;
 - c. flammable and/or absorptive materials (i.e. firewood, charcoal, paper, etc.)
 - d. seeds, fertilizers, and soils; and
 - e. items intended for animal use.
11. The vendor shall ensure that all rodenticides **not in** pre-packaged bait stations shall be displayed or stored at a minimum height of 1 meter above the floor.

12. The vendor shall ensure that there are no floor drains in areas where pesticides are to be stored or displayed.
13. The vendor shall, when disposing of pesticides, use an approved hazardous waste hauler and provide documentation of disposal to the Pesticides Control Section.
14. The vendor shall provide the annual (calendar year) sales figures of all pesticides sold from each location to the Pesticides Control Section by February 28th of the following year excluding:
 - a. Personal use insect repellents; and
 - b. Products used on animals.
15. The Department of Municipal Affairs and Environment reserves the right to amend the terms and conditions of this licence at any time.
