Email: jonathanomiachi@vahoo.com

Dear Jonathan Omiachi:

RE: Victoria Abattoir (the Project) Waste Management Plan

On December 21, 2022, the Victoria Abattoir project (the Project) was released from environmental assessment, subject to conditions. One of the conditions required Omiachi Farm to submit a Waste Management Plan (WMP) for approval by the Pollution Prevention Division of my Department, prior to the commencement of the Project operations. The WMP was required to:

- address all waste streams produced by the Project, including liquid and solid waste;
- incorporate composting management in conjunction with the Department of Fisheries, Forestry and Agriculture and the Canadian Food Inspection Agency, and describe how to safely and effectively compost waste offal, including the separate composting of specified risk material; and
- include details pertaining to vector and odour control and contingencies for any spills of waste or hazardous materials.

On February 27, 2023, Omiachi Farm submitted a Waste Management Plan that was found to be acceptable by my department. I am hereby advising you that the above condition of release has been met.

Omiachi Farm must abide by all commitments made in the WMP and in all environmental assessment submissions. Any significant change to the WMP or to the Project must be submitted to my department prior to construction to be reviewed for regulatory requirements, including environmental assessment.

If you have any questions concerning these matters, please contact Joanne Sweeney, Director of the Environmental Assessment Division, at (709) 729-0673 or email joannesweeney@gov.nl.ca.

Sincerely,

A handwritten signature in blue ink, consisting of a large, stylized 'B' and 'D' followed by a horizontal line.

HON. BERNARD DAVIS, MHA
District of Virginia Waters – Pleasantville
Minister
