

APPENDIX A – Preliminary List of Potentially Required Environmental Approvals, Authorizations and Permits

Environmental Approval, Authorization or Permit	Department or Agency	Applicable Project Components or Activities
Provincial (NL)		
Release from EA Process	NL Department of Environment and Climate Change - Minister	Project
Certificate of Approval for Construction and Operation (Industrial Processing Works)	NL Department of Environment and Climate Change - Pollution Prevention Division	Project construction and operations
Approval of Environmental Contingency Plan / Emergency Spill Response		Project activities that may result in accidental events or malfunctions, such as spills
Certificate of approval for generators		Use of generators for Project construction (if required)
Certificate of Environmental Approval to Alter a Body of Water-	NL Department of Environment and Climate Change — Water Resources Management Division	Any Project components that occur within or near, or otherwise affect, waterbodies
Culvert Installation		Road access
Fording / Bridge		If fording / crossing a stream
Pipe Crossing / Water Intake		Water extraction (if required)
Stream Modification or Diversion		If diverting a stream
Other Works Within 15 m of a Body of Water		Project components or activities within 15 m of a body of water
Dams		Settling pond dam
Water Use License		Process or potable water (if required)
Permit to construction a non-domestic well		If required (should planned connection to Town water supply not be feasible)
Permit to Occupy Crown Land		NL Department of Fisheries, Forestry and Agriculture - Crown Lands Division
Permit to Control Nuisance Animals	NL Department of Fisheries, Forestry and Agriculture - Wildlife Division	Control of any nuisance animals
Operating Permit to Carry out an Industrial Operation During Forest Fire Season on Crown Land	NL Department of Fisheries, Forestry and Agriculture - Forestry	Site preparation/clearing
Permit to Cut Crown Timber		
Permit to Burn		
Surface and Mining Leases	NL Department of Industry, Energy and Technology - Mineral Development and Mineral Lands Divisions	Mining
Development Plan		Mining
Rehabilitation and Closure Plan (incl financial assurance)		Mining
Mill License		Mining
Quarry Development Permit		Any required new quarry development (if needed)
Blasters Safety Certificate	Department of Digital Government and Service NL (Government Service Centre)	Blasting during construction
Approval for Storage and Handling of Gasoline and Associated Products		Fuel storage
Fuel Storage Tank Registration		Fuel storage
Temporary Fuel Cache		Fuel storage
Approval for Used Oil Storage Tank System (Oil / Water Separator)		If oil/water separation is needed for equipment maintenance area
Certificate of Approval for a Waste Management System		Waste disposal system (if required)
Certificate of Approval for a Sewage / Septic System + Application to develop land for septic		If required (should planned connection to Town sewage system not be feasible)
National building code, buildings accessibility, food establishment license		Establishment of Project buildings (including temporary construction camp if required)
Access to Highway Permit		Construction of an access to a highway that is classified as a Protected Road
Federal		
Fisheries Act authorization permitting serious harm to fish	Fisheries and Oceans Canada	Not likely required

Approval to Interfere with Navigation	Transport Canada	Existing marine terminal, with no planned in-water construction - New approval not likely required
License to Store, Manufacture, or Handle Explosives (Magazine License)	Natural Resources Canada	Blasting during construction
Municipal		
Development or Building Permit	Town of St. George's	A permit is required for any development or building within municipal boundaries
