Re: **Clarenville - Shoal Harbour River PPWSA - Mineral Exploration - Cartier Iron Corporation**

The original Permit dated FEBRUARY 10, 2020 is amended as follows:

This permit is amended to allow development activities between August 5, 2020 through to September 18, 2020 given the following conditions can be met:

- The five (5) preceding days to drilling must have daily recorded precipitation of less than 5mm as recorded by the nearest Environment and Climate Change Canada Weather Station (Lethbridge, Climate ID 8402544).
- Drill rig and related equipment will be transported to and from site via helicopter.
- Fuel tank will be transported to and from site via helicopter with immediate removal upon completion.
- Bog mats to be used in wet areas along the access route and mandatory inside the wetland including the 30m buffer area identified in the application dated June 19, 2020.

All other terms and conditions of the original Permit will apply and failure to comply with the terms and conditions of this amendment and the original Permit will render this Permit null and void, place the Permit Holder and their agent(s) in violation of the *Water Resources Act* and make the Permit Holder responsible for taking any remedial measures as may be prescribed by this Department.
