Schedule J – Miscellaneous Works in a Waterbody

Project Description

Location				
Site Name/No/Civic Address: _				
Please mark location on a cop Earth Image and include as a s			•	00 scale) or Google
If including a 1:50,000 Topograp	phic Map, Please	Provide:		
Map No:				
Or, UTM Coordinates:				
N	E	N	AD	_ ZONE
(Please note that approval mor is insufficient) Do you own the land on which (If yes, please provide proof	h the works are	to be located?	Yes □	No □
If not, who owns the land?	• •		Ownership □	Crown Ownership □
If this project is taking place Reference No:				_
or contact the Regional Office (Eastern), 256-1400 (Central				
Landowner's Approval (If dif	ferent from a	oplicant):		
Landowner's Name:				
Address:				
Postal Code:				
Telephone:				
Landowner's Signature:				

Describe the Project to be Undertaken:
Purpose of Project:
Dimensional Details of Project (Please include a detailed dimensional drawing or sketch on survey as a separate attachment to this application)
Diego show everall massy we make of works to be constructed in an accuracy body of
- Please show overall measurements of works to be constructed in or near any body of
water. Include relevant features such as buildings, roads, crossings, shorelines, etc and
