

**Registration Form  
Pursuant to section 28 of  
The Environmental  
Assessment Act, 2000, for  
Northern Blueberry Farm**

---

October 7, 2001

Prepared for  
Minister of Environment and Lands

by  
Barry C. Martin

## PROPONENT:

Barry Martin  
6 Frazer rd. Botwood, Nf.  
(709)257 2164

## THE UNDERTAKING:

Barry Martin of Botwood,proposes to set up and operate a Blueberry Farm in the Botwood area. I am presently seeking to lease land from The dept. of Government services and Lands.

The proposed site is situated 5 km north of Botwood.The site is Accessible by an old woods road.(see enclosed map)

The site now has 50-60% coverage of Blueberry plants with Cultivation would have 80-90% coverage.

## DESCRIPTION OF THE UNDERTAKING:

### **Geographic location**

The site of the proposed blueberry farm is situated approx. 5km. North of Botwood. it is bounded on the east by a Jack Pine Plantation ,Nonthren arm Brook is about 500 meters to the north

### **Physical Features**

There are no major physical features other than the land itself Which consists of blueberry plants and other low brush.

### **Construction**

Unwanted brush will be cut and burnt,stumps removed and some Land will be leveled.also all land will be burnt over or mowed.

### **Operation**

The basic operation of the proposed blueberry farm is to Create a beter inviromnent for blueberries to grow.

### **Occupations**

Three or four laboures will be needed for 8-10 weeks to Clear the land. Each summer one part time labourer will Be needed.after land is into full production 20-30 pickers will Be needed.

## **APPROVAL OF UNDERTAKING**

The only permit required for this project is a permit to occupy From the Deptof Government Services and Lands which is Currently been accessed. I have a pesticide applicator licence Issued by the Deptof Enviromnent Pest Control Section-

## **SCHEDULE**

I hope to get started on this project by April of 2002.
