Dear Mayor Hickey:

**Re: Trans Labrador Highway - Phase III (Happy Valley-Goose Bay to Cartwright Junction)
Environmental Assessment**

Jacques Whitford Environment Limited (JWEL) and Innu Environmental Limited Partnership (IELP) are assisting the Department of Works, Services and Transportation in conducting its environmental assessment of the Trans Labrador Highway - Phase III (Happy Valley-Goose Bay to Cartwright Junction) Project.

Recently, as part of the environmental assessment, open houses were held in Happy Valley-Goose Bay, North West River/Sheshatshiu, Cartwright and Port Hope Simpson. The open houses were open to all members of the public and provided an opportunity for area residents to request information or state their concerns about the project. Information provided during the open houses will be valuable to us as we move forward with the environmental assessment.

For your information, we have enclosed a copy of the information material and comment form provided at the open houses. The environmental registration document and draft guidelines for the project are available electronically on the Department of Environment's web site at www.gov.nf.ca/env or may be obtained from the Environmental Assessment Division of the Department of Environment at 1-800-563-6181.
