Mr. Albert Williams  
BAE Newplan Group Ltd.  
1133 Topsail Road  
Mount Pearl NL A1N 5G2

Dear Mr. Williams:

Based on our walk over of the site and in accordance with the Private Sewage Disposal and Water Supply Standards, the proposal for a 19-lot subdivision at The Wilds Golf Complex, Salmonier Line is approved in principle based on the following requirements.

As the development is great than 15 lots, an engineering study of the developed is required, in accordance with the "Guidelines for Assessment of Unserviced Subdivisions". This should form in part the basis for recommendation about the suitability of the sites for individual water supplies and sewage disposal systems.

Individual sites will require evaluation and design data as outlined in Section 3.4 of the Private Sewage Disposal & Water Supply Standards.

If you have any questions or comments, please contact the undersigned at 729-0183.

A.L. Kelly, C.P.H.I. (C)  
Environmental Health Officer
