St. John's NL  
A1B 5B2

Dear Ms. Munn:

**RE: Snows Pond/Ocean Pond Agriculture Forage Land-1592**

I write in response to your letter of June 4 2012 regarding the Minister of Environment and Conservation's decision on the above project.

As stated in Minister French's letter of December 12, 2011, he had determined that the project could be released from environmental assessment with the following conditions:

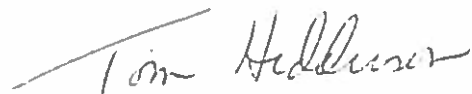

1. No activities associated with the undertaking shall be permitted within Site 2.
2. No activities associated with the undertaking shall be permitted within 50 meters from all watercourses and wetlands to protect sensitive riparian and aquatic species and their habitat.
3. Prior to spreading, manure must be dried.

Your latest adjustment to the boundaries of Site 2 as indicated in the attached map has been considered and approved for development. Prior to development, the boundaries of Site 2 must be surveyed and marked by a professional surveyor. You are also required to maintain all other conditions associated with the release of your environmental assessment.

Please note that you are required to obtain the Crown land title for Site 2 pursuant to the *Lands Act*. Further information on the Crown land application is available from Mr. Steve Barnable, Regional Lands Manager, and Eastern Regional Lands Office at (709) 729-2654 or email [stevebarnable@gov.nl.ca](mailto:stevebarnable@gov.nl.ca).

If you have any questions regarding this matter, please contact Mr. Bas Cleary at (709) 729-0673, toll free at 1-800-563-6181 or by e-mail at [clearyb@gov.nl.ca](mailto:clearyb@gov.nl.ca).

Sincerely,

**Tom Hedderson, MHA  
Harbour Main District  
Minister**
