**Re: Five-year Forest Management Plan for Forest Management Districts 02 and 03**

**To whom it may concern:**

The Department of Natural Resources, Forestry and Agrifoods Agency, is in the process of conducting public consultation sessions for the preparation of a new five-year operating plan (2012 – 2017) for Forest Management Districts 02 and 03. These districts encompass all crown land located on the Bonavista and Burin Peninsulas. The Department encourages participation from community leaders, non-governmental organizations, commercial timber harvesters, domestic wood cutters, outfitters, government agencies, and the general public.

As part of this planning process, we identify the location of domestic cutting areas for the upcoming five-year period. You will find attached a copy of the proposed domestic harvesting area located within the vicinity of your community. Please review this proposed domestic area and from your prospective, provide any potential concerns that may develop as a result of this activity. If we have not received a response by June 09, 2011 we will assume you have no concerns with the proposed area.

Your comments can be forwarded to our Clarenville office via regular mail, fax, telephone, email or by attending one of our regular public planning meetings. If you require additional information, please contact the undersigned.

The next planning meetings are scheduled for:

- May 12, 2011 @ Clarenville Inn (6:00 pm to 8:00 pm)
- May 26, 2011 @ Clarenville Inn (6:00 pm to 8:00 pm)
- June 09, 2011 @ Clarenville Inn (6:00 pm to 8:00 pm)
- June 23, 2011 @ Clarenville Inn (6:00 pm to 8:00 pm)
