Dear Mr. MacDonald:

RE: Conception Bay South Concrete Batch Plant: Environmental Protection Plan

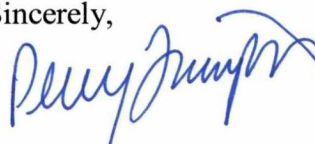

On December 1, 2015 the proposal for the Conception Bay South Concrete Batch Plant was released from further environmental assessment subject to conditions. One of those conditions required Pasadena Equipment Services to submit and receive Ministerial approval for an environmental protection plan (EPP) prior to construction.

Your proposal has been reviewed and an opportunity to comment has been provided to the Town of Conception Bay South, Bluewater Group, and various federal and provincial government agencies.

Upon consideration of the comments received, please be advised that your Environmental Protection Plan dated March 23, 2016, has been found to be satisfactory.

If you have any questions concerning these matters, please contact Mr. Bas Cleary, Director, Environmental Assessment Division at (709) 729-0673 or Mr. Eric Watton at (709) 729-0834 or by email at ericwatton@gov.nl.ca.

Sincerely,

PERRY TRIMPER, MHA
