Dear Ms. Clark:

RE: West Coast Soft Shell Clam Farms – Registration 1829, 1830 and 1831

Enclosed are guidelines for the preparation of an Environmental Impact Statement (EIS) for the West Coast Soft Shell Clam Farm registrations. The guidelines were developed in consultation with a government appointed environmental assessment committee and reflect the requirements of the province.

You may now proceed with the preparation of the EIS. The EIS must be submitted for my approval prior to the onset of any project activities.

If you have any questions regarding the preparation of the EIS, please contact Mr. Eric Watton, chair of the environmental assessment committee, at (709) 729-0834, or email ericwatton@gov.nl.ca.

Sincerely,
