

Reg No. 2042

08 OCT 2019

Mr. Thomas Jenke
Chief Executive Officer
NARL Fuels LP
PO Box 40
Come By Chance NL A0B 1N0

Dear Mr. Jenke:

Re: Come By Chance Refinery Efficiency and Flexibility Project

Your proposal has been reviewed by an interdepartmental screening committee and an opportunity to comment has been provided to the public as required by the Newfoundland and Labrador Environmental Protection Act, SNL 2002, cE-14.2. Upon consideration of the comments received, please be advised that an Environmental Preview Report (EPR) is required.

The EPR is necessary to provide information concerning the potential effects of the undertaking on the surrounding environment. Additional information requirements shall include, but are not limited to:

- Details explaining 40% reduction in Sulphur dioxide (SO₂) emissions;
- More details of the pre-fractionation column, heat exchangers, overhead drum system, and overhead condenser;
- Quantify the increase in Sour Water Stripper and its impact on treatment;
- Further information on Best Available Control Technology;
- Occupational information for construction phase; and
- Effects on water and air quality for nearby communities.

A summary of the comments received from government agencies during the registration review is attached to provide you with advice for your consideration and inclusion in your project and in the EPR.

An Environmental Assessment Committee will be appointed for the purpose of providing you with technical and scientific advice regarding the preparation of an EPR. As per the legislative requirements, within 60 days of the date of this letter you will be issued guidelines for the completion of the EPR. Please be reminded that, in accordance with the Environmental Protection Act, project activities may not proceed until the proposal is released from the environmental assessment process.

If you have any questions concerning these matters, please contact Ms. Joanne Sweeney, Director, at (709)729-0673 or joannesweeney@gov.nl.ca.

Sincerely,

DERRICK BRAGG, MHA
Minister of Municipal Affairs and Environment
District of Fogo Island-Cape Freels
