Re: Textbooks Required for Structural Pesticide Applicators

You have requested study material for Pesticide Application Certification in the **Structural** category. As per your request I have enclosed a list of study material that will assist you with Pesticide Applicator Certification and contact information to obtain these items. Some info may be included as noted, others must be ordered separately. Once you have received the study material and you are ready to write the exam(s) please complete the form on the reverse side of this letter and return to this office with a \$70 deposit. This is a fee for 1 exam plus your licence. If additional categories are requested an additional fee of \$20 per category will be required 24 hrs in advance of writing your exam(s). Once the form and fees are received you will be contacted and an appointment time and place arranged.

In St. John's the exam is written at the West Block of the Confederation Building, 4th Floor Department of Environment and Conservation. Please bring a photo ID on the day you write your exam. Several locations outside the St. John's area are also available to write exams.

If you miss your scheduled exam appointment you must resubmit the \$70 deposit again to arrange a new time. Please contact this office if you need to re-schedule exam appointments in order to avoid loss of deposit. If you have any questions once you receive the study material, please contact me at 709-729-6054.

Sincerely,

Susanne Tilley
