Dear Jim Brown:

Re: Water Resources Management Plan for the Terra Nova Quarry (the Project):

On March 23, 2022, the Project was released from environmental assessment, subject to conditions. One of these conditions of release required Mac-Court Holdings Inc. to submit a Water Resources Management Plan (WRMP) prior to commencing any work related to the Project.

On August 7 2023, you submitted the WRMP to the Water Resources Management Division of my department for review. As a result of this review, I am advising you that this plan is acceptable.

You must abide by the commitments made in the WRMP and in all environmental assessment submissions. Any significant changes to the WRMP or to the Project must be submitted to my department to be reviewed for regulatory requirements, including environmental assessment.

If you have any concerns regarding this matter, please contact Joanne Sweeney, Director of the Environmental Assessment Division, at (709) 729-0673 or email joannesweeney@gov.nl.ca.

Sincerely,

HON. BERNARD DAVIS, MHA
