Short title

1. These regulations may be cited as the *Development Regulations*.

Definitions

2. In these regulations,
 - (a) "Act", unless the context indicate otherwise, means the *Urban and Rural Planning Act, 2000* ;
 - (b) "applicant" means a person who has applied to an authority for an approval or permit to carry out a development;
 - (c) "authority" means a council, authorized administrator or regional authority; and
 - (d) "development regulations" means these regulations and regulations and by-laws respecting development that have been enacted by the relevant authority.

Application

3. (1) These regulations shall be included in the development regulations of an authority and shall apply to all planning areas.
- (2) Where there is a conflict between these regulations and development regulations or other regulations of an authority, these regulations shall apply.
- (3) Where another Act of the province provides a right of appeal to the board, these regulations shall apply to that appeal.

Interpretation

4. (1) In development regulations and other regulations made with respect to a planning area the following terms shall have the meanings indicated in this section
 - (a) "access" means a way used or intended to be used by vehicles, pedestrians or animals in order to go from a street to adjacent or nearby land or to go from that land to the street;
 - (b) "accessory building" includes
 - (i) a detached subordinate building not used as a dwelling, located on the same lot as the main building to which it is an accessory and which has a use that is customarily incidental or complementary to the main use of the building or land,

(ii) for residential uses, domestic garages, carports, ramps, sheds, swimming pools, greenhouses, cold frames, fuel sheds, vegetables storage cellars, shelters for domestic pets or radio and television antennae,

(iii) for commercial uses, workshops or garages, and

(iv) for industrial uses, garages, offices, raised ramps and docks;

(c) "accessory use" means a use that is subsidiary to a permitted or discretionary use and that is customarily expected to occur with the permitted or discretionary use;

(d) "building height" means the vertical distance, measured in metres from the established grade to the

(i) highest point of the roof surface of a flat roof,

(ii) deck line of a mansard roof, and

(iii) mean height level between the eave and the ridge of a gable, hip or gambrel roof,

and in any case, a building height shall not include mechanical structure, smokestacks, steeples and purely ornamental structures above a roof;

(e) "building line" means a line established by an authority that runs parallel to a street line and is set at the closest point to a street that a building may be placed;

(f) "discretionary use" means a use that is listed within the discretionary use classes established in the use zone tables of an authority's development regulations;

(g) "established grade" means,

(i) where used in reference to a building, the average elevation of the finished surface of the ground where it meets the exterior or the front of that building exclusive of any artificial embankment or entrenchment, or

(ii) where used in reference to a structure that is not a building, the average elevation of the finished grade of the ground immediately surrounding the structure, exclusive of any artificial embankment or entrenchment;

(h) "floor area" means the total area of all floors in a building measured to the outside face of exterior walls;

(i) "frontage" means the horizontal distance between side lot lines measured at the building line;

(j) "lot" means a plot, tract or parcel of land which can be considered as a unit of land for a particular use or building;

(k) "lot area" means the total horizontal area within the lines of the lot;

(l) "lot coverage" means the combined area of all building on a lot measured at the level of the lowest floor above the established grade and expressed as a percentage of the total area of the lot;

(m) "non-conforming use" means a legally existing use that is not listed as a permitted or discretionary use for the use zone in which it is located or which does not meet the development standards for that use zone;

(n) "owner" means a person or an organization of persons owning or having the legal right to use the land under consideration;

(o) "permitted use" means a use that is listed within the permitted use classes set out in the use zone tables of an authority's development regulations;

(p) "prohibited use" means a use that is not listed in a use zone within the permitted use classes or discretionary use classes or a use that an authority specifies as not permitted within a use zone;

(q) "sign" means a word, letter, model, placard, board, device or representation, whether illuminated or not, in the nature of or employed wholly or in part for the purpose of advertisement, announcement or direction and excludes those things employed wholly as a memorial, advertisements of local government, utilities and boarding or similar structures used for the display of advertisements;

(r) "rear yard depth" means the distance between the rear lot line and the rear wall of the main building on a lot;

(s) "side yard depth" means the distance between the side lot line and the nearest side wall of a building on the lot;

(t) "street" means a street, road, highway or other way designed for the passage of vehicles and pedestrians and which is accessible by fire department and other emergency vehicles;

(u) "street line" means the edge of a street reservation as defined by the authority having jurisdiction;

(v) "use" means a building or activity situated on a lot or a development permitted on a lot;

(w) "use zone" or "zone" means an area of land including buildings and water designated on the zoning map to which the uses, standards and conditions of a particular use zone table apply;

(x) "variance" means a departure, to a maximum of 10% from the yard, area, lot coverage, setback, size, height, frontage or any other numeric requirement of the applicable Use Zone Table of the authority's regulations; and

(y) "zoning map" means the map or maps attached to and forming a part of the authority's regulations.

(2) An authority may, in its discretion, determine the uses that may or may not be developed in a use zone and those uses shall be listed in the authority's regulations as discretionary, permitted or prohibited uses for that area.

Notice of right to appeal

5. Where an authority makes a decision that may be appealed under section 42 of the Act, that authority shall, in writing, at the time of making that decision, notify the person to whom the decision applies of the

- (a) person's right to appeal the decision to the board;
- (b) time by which an appeal is to be made;
- (c) right of other interested persons to appeal the decision; and
- (d) manner of making an appeal and the address for the filing of the appeal.

Appeal requirements

6. (1) The secretary of the board at the Department of Municipal and Provincial Affairs, Main Floor, Confederation Building (West Block), P.O. Box 8700, St. John's, Nfld., A1B 4J6 is the secretary to all boards in the province and an appeal filed with that secretary within the time period referred to in subsection 42(4) of the Act shall be considered to have been filed with the appropriate board.

(2) Notwithstanding subsection (1), where the City of Corner Brook, City of Mount Pearl or City of St. John's appoints an appeal board under subsection 40(2) of the Act, an appeal shall be filed with the secretary of that appointed board.

(3) The fee required under section 44 of the Act shall be paid to the board that hears the decision being appealed by filing it with the secretary referred to in subsection (1) or (2) within the 14 days referred to in subsection 42(4) of the Act.

(4) The board that hears the decision being appealed shall, subject to subsection 44(3) of the Act, retain the fee paid to the board.

(5) Where an appeal of a decision and the required fee is not received by a board in accordance with this section and Part VI of the Act, the right to appeal that decision shall be considered to have been forfeited.

Appeal registration

7. (1) Upon receipt of an appeal and fee as required under the Act and these regulations, the secretary of the board as referred to in subsections 6(1) and (2), shall immediately register the appeal.

(2) Where an appeal has been registered the secretary of the board shall notify the appropriate authority of the appeal and shall provide to the authority a copy of the appeal and the documentation related to the appeal.

(3) Where an authority has been notified of an appeal that authority shall forward to the appropriate board a copy of the application being appealed, all correspondence, council minutes, plans and other relevant information relating to the appeal including the names and addresses of the applicant and other interested persons of whom the authority has knowledge.

(4) Upon receipt of the information under subsection (3), the secretary of the board shall publish in a newspaper circulated in the area of the appropriate authority, a notice that the appeal has been registered.

(5) A notice published under subsection (4) shall be published not fewer than 2 weeks before the date upon which the appeal is to be heard by the board.

Development prohibited

8. (1) Immediately upon notice of the registration of an appeal the appropriate authority shall ensure that any development upon the property that is the subject of the appeal ceases.

(2) Sections 102 and 104 of the Act apply to an authority acting under subsection (1).

(3) Upon receipt of a notification of the registration of an appeal with respect to an order under section 102 of the Act, an authority shall not carry out work related to the matter being appealed.

Hearing notice and meetings

9. (1) A board shall notify the appellant, applicant, authority and other persons affected by the subject of an appeal of the date, time and place for the appeal not fewer than 7 days before the date scheduled for the hearing of the appeal.

(2) A board may meet as often as is necessary to conduct its work in an expeditious manner.

Hearing of evidence

10. (1) A board shall meet at a place within the area under its jurisdiction and the appellant and other persons notified under subsection 9(1) or their representative may appear before the board and make representations with respect to the matter being appealed.

(2) A board shall hear an appeal in accordance with section 43 of the Act and these regulations.

(3) A written report submitted under subsection 43(2) of the Act respecting a visit to and viewing of a property shall be considered to have been provided in the same manner as evidence directly provided at the hearing of the board.

(4) In the conduct of an appeal hearing, the board is not bound by the rules of evidence.

Board decision

11. A decision of the board must comply with the plan, scheme or development regulations that apply to the matter that has been appealed to that board.

Variances

12. (1) Where an approval or permit cannot be given by an authority because a proposed development does not comply with development standards set out in development regulations, an authority may, in its discretion, vary the applicable development standards to a maximum of 10% if, in the authority's opinion, compliance with the development standards would prejudice the proper development of the land, building or structure in question or would be contrary to public interest.

(2) An authority shall not allow a variance from development standards set out in development regulations if that variance, when considered together with other variances made or to be made with respect to the same land, building or structure, would have a cumulative effect that is greater than a 10% variance even though the individual variances are separately no more than 10%.

(3) An authority shall not permit a variance from development standards where the proposed development would increase the non conformity of an existing development.

Notice of variance

13. Where an authority is to consider a proposed variance, that authority shall give written notice of the proposed variance from development standards to all persons whose land is in the immediate vicinity of the land that is the subject of the variance.

Residential non conformity

14. A residential building or structure referred to in paragraph 108(3)(g) of the Act must, where being repaired or rebuilt, be repaired or rebuilt in accordance with the plan and development regulations applicable to that building or structure.

Notice and hearings on change of use

15. Where considering a non conforming building, structure or development under paragraph 108(3)(d) of the Act and before making a decision to vary an existing use of that non-conforming building, structure or development, an authority, at the applicant's expense, shall publish a notice in a newspaper circulating in the area or by other means give public notice of an application to vary the existing use of a non-conforming building, structure or development and shall consider any representations or submissions received in response to that advertisement.

Non-conformance with standards

16. Where a building, structure or development does not meet the development standards included in development regulations, the building, structure or development shall not be expanded if the expansion would increase the non-conformity and an expansion must comply with the development standards applicable to that building, structure or development.

Discontinuance of non-conforming use

17. An authority may make development regulations providing for a greater period of time than is provided under subsection 108(2) of the Act with respect to the time by which a discontinued non-conforming use may resume operation.

Delegation of powers

18. An authority shall, where designating employees to whom a power is to be delegated under subsection 109(3) of the Act, make that designation in writing.

Commencement

19. **These regulations shall be considered to have come into force on January 1, 2001 .**

TOWN OF CORMACK MUNICIPAL PLAN
(DEVELOPMENT REGULATIONS)

APPLICATION

1. Short Title

These Regulations may be cited as the Town of Cormack Development Regulations.

2. Interpretation

- 1) Words and phrases used in these Regulations shall have the meanings ascribed to them in Schedule A
- 2) Words and phrases not defined in Schedule A shall have the meanings which are commonly assigned to them in the context in which they are used in the Regulations.

3. Commencement

These Regulations come into effect throughout the Town of Cormack Municipal Planning Area, hereinafter referred to as the Planning Area, on the date of publication of a notice to that effect in the Newfoundland Gazette.

4. Urban and Rural Planning Act 2000 – “Ministerial Regulations”

The Ministerial Regulations enacted under Section 36 of the Act shall apply to development within the Planning Area. Where there is conflict between these and the Town of Cormack Development Regulations, the Ministerial Regulations shall prevail. The Ministerial Regulations are included with the Town of Cormack Development Regulations.

5. Municipal Code and Regulations

The Building Code including the Plumbing Code, the Fire Code, the Electrical Code, and any other ancillary code and any Building Regulations, Waste Disposal Regulation and/or any other municipal regulations regulating or controlling the development, conservation and use of land in force in the Town of Town of Cormack, shall, under these regulations apply to the entire Planning Area.

6. Town

In these Regulations, “Town” means the Council of the Town of Cormack.

PART I – GENERAL REGULATIONS

7. Compliance With Regulations

No development shall be carried out within the Planning Area except in accordance with these Regulations.

8. Permit Required

No person shall carry out any development within the Planning Area except where otherwise provided in these Regulations unless a permit for the development has been issued by the Town.

9. Permit to be Issued

Subject to Regulations 10 and 11, a permit shall be issued for development within the Planning Area that conforms to the requirements of these regulations.

10. Permit Not to be Issued in Certain Cases

Neither a permit nor approval in principle shall be issued for development within the Planning Area when in the opinion of the Town it is premature by reason of the site lacking adequate road access, power, drainage, sanitary facilities, or domestic water supply, or being beyond the natural development of the area at the time of application unless the applicant contracts to pay the full cost of construction of the services deemed necessary by the Town and such cost shall attach to and upon the property in respect of which it is imposed.

11. Discretionary Powers of Town

In considering an application for a permit or for approval in principle to carry out development, the Town shall take into account the policies expressed in the Municipal Plan and any further scheme, plan or regulations pursuant thereto, and shall assess the general appearance of the development of the area, the amenity of the surroundings, availability of utilities, public safety and convenience, and any other considerations which are, in its opinion, material, and notwithstanding the conformity of the application with the requirements of these Regulations, the Town may, in its discretion, and as a result of its consideration of the matters set out in this Regulations, conditionally approve or refuse the application.

12. Variances by Town (see Ministerial Development Regulations, Section 12)

13. Service Levy

(1) The Town may require a developer to pay a service levy where development is made possible or where the density of potential development is increased, or where the value of property is enhanced by the carrying out of public works either on or off the site of the development.

- (2) A service levy shall not exceed the cost, or estimated cost, including finance charges to the Town of construction or improving the public works referred to in Regulation 13(1) that are necessary for the real property to be developed in accordance with the standards required by the Town and for uses that are permitted on that real property.
- (3) A service levy shall be assessed on the real property based on:
 - a) the amount of real property benefited by the public works related to all the real property so benefited; and,
 - b) the density of development made capable or increased by the public work.
- (4) The Town may require a service levy to be paid by the owner of the real property;
 - a) at the time the levy is imposed;
 - b) at the time development of the real property commences;
 - c) at the time development of the real property is completed; or,
 - d) at such other time as the Town may decide.

14. Financial Guarantees by Developer

- (1) The Town may require a developer before commencing a development to make such financial provisions and/or enter into such agreements as may be required to guarantee the payment of engineering and other consultants' fees, service levies, ensure site reinstatement, and to enforce the carrying out of any other condition attached to a permit or license.
- (2) The financial provisions pursuant to Regulation 14(1) may be made in the form of:
 - a) a cash deposit from the developer, to be held by the Town, or;
 - b) a guarantee by a bank, or other institution acceptable to the Town, for expenditures by the developer, or;
 - c) a performance bond provided by an insurance company or a bank, or;
 - d) an annual contribution to a sinking fund held by the Town.

15. Dedication of Land for Public Use

In addition to the requirements for dedication of land under Part III (Subdivisions), the Town may require the dedication of a percentage of the land area of any subdivision or other development for public use, and such land shall be conveyed to the Town in accordance with the provisions of the Act.

16. Reinstatement of Land

Where the use of land is discontinued or the intensity of its use is decreased, the Town may order the developer, the occupier of the site, or the owner or all of them to reinstate the site, to remove all or any buildings or erections, to cover or fill all wells or

excavations, and to close all or any accesses, or to do any of these things or all of them, as the case may be, and the developer, occupier or owner shall carry out the order of the Town and shall put the site in a clean and sanitary condition to the satisfaction of the Town.

17. Form of Application

- 1) An application for a development permit or for approval in principle shall be made only by the owner or by a person authorized by the owner to the Town on such form as may be prescribed by the Town, and every application shall include such plans, specifications and drawings as the Town may require, and be accompanied by the permit fee required by the Town.
- 2) The Town shall, on request, supply to every applicant on a copy of the application forms referred to in Regulation 17(1) and a description of the plans, specifications and drawings required to be provided with the application.

18. Register of Application

The Town shall keep a public register of all applications for development, and shall enter therein the Town's decision upon each application and the result of any appeal from that decision.

19. Deferment of Application

- (1) The Town may, with the written agreement of the applicant, defer consideration of an application.
- (2) Applications properly submitted in accordance with these Regulations which have not been determined by the Town and on which a decision has not been communicated to the applicant within eight weeks of the receipt thereof by the Town, and on which consideration has not been deferred in accordance with Regulation 19(1), shall be deemed to be refused.

20. Approval in Principle

- (1) The Town may grant approval in principle for a subdivision or any other development if, after considering an application for approval in principle made under these Regulations, it is satisfied that the proposed development is, subject to the approval of detailed plans, in compliance with these Regulations.
- (2) Where approval in principle is granted under this Regulation, it shall be subject to the subsequent approval by the Town of such details as may be listed in the approval in principle, which shall also specify that further applications for approval of these details shall be received not later than two years from the grant of approval in principle.

21. Development Permit

- (1) A plan or drawing which has been approved by the Town and which bears a mark

and/or signature indicating such approval together with a permit shall be deemed to be permission to develop land in accordance with these Regulations but such permission shall not relieve the applicant from full responsibility for obtaining permits or approvals under any other regulation or statute prior to commencing the development; from having the work carried out in accordance with these Regulations or any other regulations or statutes; and from compliance with all conditions imposed thereunder.

- (2) The Town may attach to a permit or to approval in principle such conditions as it deems fit in order to ensure that the proposed development will be in accordance with the purposes and intent of these Regulations.
- (3) Where the Town deems necessary, permits may be issued on a temporary basis for a period not exceeding two years, which may be extended in writing by the Town for further periods not exceeding two years.
- (4) A permit is valid for such period, not in excess of two years, as may be stated therein, and if the development has not commenced, the permit may be renewed for a further period not in excess of one year, but a permit shall not be renewed more than once, except in the case of a permit for an advertisement, which may be renewed in accordance with Regulation 31 of these Regulations.
- (5) The approval of any application and plans or drawings or the issue of a permit shall not prevent the Town from thereafter requiring the correction of errors, or from ordering the cessation, removal of, or remedial work on any development being carried out in the event that the same is in violation of this or any other regulations or statute.
- (6) The Town may revoke a permit for failure by the holder of it to comply with these Regulations or any condition attached to the permit or where the permit was issued in error or was issued on the basis of incorrect information.
- (7) No person shall erase, alter or modify any drawing or specifications upon which a permit to develop has been issued by the Town.
- (8) There shall be kept available on the premises where any work, matter or thing in being done for which a permit has been issued, a copy of the permit and any plans, drawings or specifications on which the issue of the permit was based during the whole progress of the work, or the doing of the matter or thing until completion.

22. Reasons for Refusing Permit

The Town shall, when refusing to issue a permit or attaching conditions to a permit, state the reasons for so doing.

23. Notice of Application

When a change in nonconforming use is to be considered (see also Ministerial Regulations), or when the development proposed is listed as a discretionary use in

Schedule C of the Regulations the Town shall, at the expense of the applicant, give notice of an application for a permit or for approval in principle, by public advertisement in a newspaper circulating in the area or by any other means deemed necessary.

When a variance is necessary under Regulation 12 (see also Ministerial Regulations), the Town shall, at the expense of the applicant, give written notice to the property owners in the immediate vicinity of the proposed variance.

24. Right of Entry

The Town, the Director, or any inspector may enter upon any public or private land and may at all reasonable times enter any development or building upon the land for the purpose of making surveys or examinations or obtaining information relative to the carrying out of any development, construction, alteration, repair, or any other works whatsoever which the Town is empowered to regulate.

25. Record of Violations

Every inspector shall keep a record of any violation of these regulations which comes to his knowledge and report that violation to the Town.

26. Stop Work Order and Prosecution

(1) Where a person begins a development contrary or apparently contrary to these Regulations, the Town may order that person to stop the development or work connected therewith pending final adjudication in any prosecution arising out of the development.

(2) A person who does not comply with an order made under Regulation 26(1) is guilty of an offence under the provisions of the Act.

27. Appeals

See Ministerial Regulations – Sections 5 to 11.

Where an appeal lodged under Section 42 of the Urban and Rural Planning Act has been successful, the fee paid by the appellant shall be reimbursed by the Town.

PART II – GENERAL DEVELOPMENT STANDARDS

28. Accesses and Service Streets

- (1) Access shall be located to the specification of the Town so as to ensure the greatest possible convenience and safety of the street system and the Town may prescribe the construction of service streets to reduce the number of accesses to collector and arterial streets.
- (2) Any access to a Provincial Highway must be approved by the Department of Transportation and Works.
- (3) No vehicular access shall be closer than 10 metres to the street line of any street intersection.

29. Accessory Buildings

Accessory buildings shall be clearly incidental and complementary to the use of the main buildings in character, use and size, and shall be contained on the same lot.

The minimum building line setback for an accessory building shall be that established for buildings in Schedule C. However, the Town may reduce an accessory building setback to six (6) metres where it is satisfied that such setback will not impede snow-clearing or road maintenance.

The sideyard requirements set out in the use zone tables in these Regulations shall apply to accessory building wherever they are located on the lot, but accessory buildings on two (2) adjoining properties may be built to property boundaries provided that they be of fire resistant construction and have a common firewall.

The rearyard requirement for accessory buildings shall be the same as the sideyard requirements under regulation 20 (3) or as otherwise specified in Schedule C.

30. Accessory Uses

See also Schedule A – Definitions.

Subject to the other requirements of these Regulations, including those of Schedule C, uses accessory to the permitted or discretionary uses are allowed.

Subject to Schedule C, examples of accessory uses include, but are not limited to:

- a) facilities for the serving of food and alcoholic beverages in an arena or other place of assembly, marina, or hotel (commercial – residential) and/or a gift or souvenir shop in a museum, hotel or other establishment;
- b) a general garage attached to or forming part of a car-dealership or other major retail-wholesale outlet;
- c) an office, convenience store and/or catering establishment in a campground;

- d) a marina, dock or wharf in a residential or other zone;
- e) an accessory dwelling, accessory dwelling unit;
- f) a business carried out in a dwelling or residential accessory building by a resident of the dwelling;
- g) a dwelling accessory to a non-residential permitted or discretionary use – for example, a farm dwelling or a caretaker’s dwelling.

These accessory uses shall be clearly subsidiary to and controlled so as to be compatible with the primary use and the use of nearby properties.

31. Advertisements and Signs

The terms “advertisement” and “sign” are interchangeable.

- (1) Permit Required – Unless specifically exempted, no advertisement shall be erected or displayed in the Planning Area unless a permit for the advertisement is first obtained from the Town, and, where necessary, from the Department of Government Services.
- (2) Form of Application – Application for a permit to erect or display an advertisement shall be made to the Town in accordance with Regulation 17.
- (3) Advertisements in Street Reservation – No advertisement shall be erected or displayed within, on or over any highway or street reservation unless it is a premises sign (advertisement relating to onsite uses) and where applicable, unless this sign has been approved by the Town and the Department of Government Services and/or the Department of Transportation and Works.
- (4) Permit Valid for Limited Period
 - a. A permit shall be valid for a period of one year and failure by the applicant to initiate construction before expiration of the first permit year shall require reapplication to the Town.
 - b. Where, upon expiration of the first permit year a person wants the continued placement of that sign, that person shall apply to the Town for a renewed permit.
 - c. The Town may issue a renewed permit and that renewed permit shall be valid for a period of three years, and this must subsequently be renewed for further three year periods if the sign is to remain in place.
 - d. A renewed permit shall not be issued until the Town is satisfied that the sign has been maintained to its satisfaction and conforms to these Regulations and the conditions attached to the permit.
- (5) Removal of Advertisements – Notwithstanding the provisions of these Regulations, the Town may require the removal of any advertisement which, in its opinion, is:
 - a. hazardous to road traffic by reason of its siting, colour, illumination, maintenance or structural condition; or,

b. detrimental to the amenities of the surrounding area.

(6) Signs – Non-Conforming Uses – A permit may be used for the erection or display of advertisements on a building or within the courtyard of a building or on a parcel of land, the use of which is a non-conforming use, provided that the advertisement does not exceed the size and type of advertisement which could be permitted if the development was in a Use Zone appropriate to its use, and subject to any other conditions deemed appropriate by the Town.

(7) Prohibition – A sign shall not be erected, posted or placed:

- a) where in the opinion of the Town, that sign would be hazardous to road traffic by reason of its siting, illumination or structural condition;
- b) where in the opinion of the Town that sign would be detrimental to the amenities of surrounding areas or length of highway or road;
- c) where that sign is not maintained to the satisfaction of the Town;
- d) within or over a highway or street intersection unless otherwise approved by the Town for Town roads, or by the Department of Transportation and Works for roads under Provincial jurisdiction;
- e) with the exception of premises advertisements, within 300 metres, or a distance specified by the Department of Transportation and Works, or the Town of the intersection of two or more highways and/or for Town roads, or from the crossing of a public road;
- f) at a location that is objectionable to residents of the immediate area; and
- g) on a sign erected by the Department of Transportation and Works.

(8) Signs or Advertisements Not Specifically Covered – If for some reason an application is received for a sign or advertisement that does not fall into one of the categories set out under these Regulations, then subject to the other applicable requirements of these Regulations, the Town may approve, approve with conditions, or refuse to approve the sign or advertisement.

32. Advertisements Exempt from Control

The following advertisements may be erected or displayed in the Planning Area without application to the Town:

- a) a posting of a candidate in a federal, provincial or municipal election or a regional school board election;
- b) a temporary sign relating to federal, provincial or municipal public works;
- c) a notice required by law to be posted;
- d) a regulatory, warning, directional, guide or informational sign erected by the

- Department of Transportation and Works;
- e) a sign placed by a telephone, telegraph or electric power company to indicate danger;
 - f) a sign, note exceeding 0.5 m², advertising the sale or rental of a building or lot upon which the sign is located;
 - g) a flag, emblem or insignia of a nation, country or province;
 - h) one temporary sign related to building construction located on a site on which the work is being carried out;
 - i) on a dwelling or within the courtyard of a dwelling, one nameplate not exceeding 0.28 m² in area;
 - j) on an agriculture holding or farm, a notice board not exceeding 1.5 m² in area and relating to the operations being conducted on the land;
 - k) on land used for forestry purposes, signs or notices not exceeding 1 m² in area and relating to forestry operations or the location of logging operations conducted on the land;
 - l) on land used for mining or quarrying operations, a notice board, not exceeding 1 m² in area relating to the operation conducted on the land;
 - m) on a dwelling or within the courtyard of a dwelling, one nameplate not exceeding 0.28 m² in area in connection with the practice of a business carried on in the premises;
 - n) on any site occupied by a church, school, library, art gallery, museum, institution or cemetery, one notice board placed no closer than 3 metres from a street line;
 - o) on the principal façade of any commercial, industrial or public building, the name of the building or the name of the occupants of the building, in letters not exceeding one-tenth of the height of that façade or 3 m, whichever is the lesser;
 - p) on any parking lot directional signs and one sign not exceeding 1 m² in size, identifying the parking lot; and,
 - q) a sign indicating the location of a municipal or municipal planning area boundary, located beyond the back slope of a highway ditching.

33. Advertisements – Temporary and/or Portable Signs

A temporary and/or portable sign may be permitted in any zone for a period not exceeding 30 consecutive days provided the sign:

- a) does not exceed 4 m² in area;
- b) does not create or aggravate a traffic hazard, such as by blocking a sight-line;
- c) does not interfere with other lawful signs, including directional signs;
- d) is of a location, materials, design and colour in keeping with the character and appearance of the area;
- e) if necessary, is approved by the Department of Government Services, together with the Town.

The sign shall be immediately removed upon expiry of the permit.

A renewal permit for a temporary and/or portable sign may only be issued thirty days after the expiry of the original permit.

34. Advertisements and Signs near Highways

Pursuant to Newfoundland Regulation 85/99 as amended, the Provincial Government has designated “control lines” alongside each provincially maintained route. These lines extend 400 metres from the highway centre lines, except that the control area is reduced within the Municipal Boundaries and built up areas of incorporated communities to 100 metres from the centre line of a provincial highway. Advertisements and signs falling within the designated control lines of any highway must be referred to and approved or exempted by the Government Services office serving the area.

35. Advertisements Relating to Onsite Uses

The conditions which shall apply to the erection or display of an advertisement, including premises signs, on any lot or site occupied by a use permitted or existing as a legal non-conforming use in this use zone, shall be as follows:

- a) the size, shape, illumination and material construction of the advertisement shall meet the requirements of the Town, having regard to the safety and convenience of users of adjacent streets and sidewalks, and the general amenities of the surrounding areas;
- b) unless it is a sign affixed to the wall or canopy of a building the advertisement shall not exceed 5 m² in area on any side.

36. Advertisements Relating to Offsite Uses

The conditions to be applied to the erection or display of an advertisement on any site, relating to a use permitted in this or another zone, or not relating to a specific land use, shall be as follows:

- a) which advertisement shall not exceed three square metres in area
- b) when the advertisements relate to a specific land use, they shall be located within a reasonable distance of, and only show thereon the name and nature of the distance or direction to the premises to which they relate;
- c) the location, siting and illumination of each advertisement shall be to the satisfaction of the Town, having regard to the grade and alignment of streets, the location of street junctions, the location of nearby buildings and the preservation of the amenities of the surrounding area.

37. Agriculture and Farming

- (1) Agricultural uses are regulated by the Town and the Provincial Government, subject to the Farm Practices Act and other relevant legislation. Agricultural uses shall be approved by both the Agrifoods Development Branch of the Department of Natural Resources and the Town, together with other appropriate agencies.
- (2) Except for infill development any *residential development* within 600 metres of

structure containing more than five animal units must be referred to the Agrifoods Development Branch for a recommendation. The Town shall not issue a permit contrary to the recommendation.

- (3) Any *livestock structure (barn)* containing five or more animal units must be located at least 600 metres from a non-farm dwelling, unless otherwise determined after referral to, and upon recommendation of, the Agrifoods Branch. The structure shall be at least 60 metres from the boundary of the property on which it is to be erected and shall be at least 90 metres from the centre line of a street. The erection of the structure shall be approved by the Agrifoods Branch before a permit is issued by the Town.

38. Residential/Commercial Developments and Agriculture, Severances

38.1 Residential and Commercial Development

- (1) No residential *or commercial* development shall be allowed to impede the appropriate (Farm Practices Act) agricultural activities.
- (2) ***Subject to the approval of the Agrifoods Branch of the Department of Natural Resources***, separation distances and other provisions that typically affect the location and type of agricultural activities in respect of residential *or commercial* development, and residential *or commercial* development in respect of agricultural activities, may not always apply.
- 3) Any permit for a *business*, dwelling or other residential development shall contain a provision to the effect that the applicant acknowledges that the person is residing *or operating a business in* an agricultural area.

[DRA-2010-1](#) & [NL Gazette](#)

38.2 Dwellings on a Farm and Residential Subdivision

- (1) Two dwellings *in addition to* the principal farm residence can be allowed on a farm provided that they are located on the same parcel of land as the principal farm residence and provided that they are located in such a way that either one or both can be severed from the farm property without prejudicing the farm operation.
- (2) Unless the property is located within the Mixed Use Development designation or other designation that is non-agricultural or non- forestry in nature and allows dwellings as a permitted use, a permit to subdivide a parcel of farm land or a dwelling under Part III of these Regulations shall only be granted where:

- a) the property is to be occupied by a person working on the farm;
- b) the severance is necessary for the more efficient operation of the farm and will not impede the farm operation;
- c) the lot created fronts on a public road covered by the Municipal Servicing Limits Agreement;
- d) the lot is severed from the parcel of land (farms may comprise more than one parcel) on which is located the principal farm residence;
- e) not more than one severance is permitted -meaning that once the land has been subdivided to accommodate dwelling or dwellings (see Regulation 38.2 (1)) no further subdivision of this parcel of land for residential purposes shall be permitted and this also applies to lots previously created under the “Sons and Daughters” clause of the Land Development Act or previous Plan policies;
- f) the severance and subdivision is approved by the Department of Natural Resources - Agrifoods Branch *and the Government Service Centre* as well as the Town, and the lot satisfies the Town’s and Provincial Government’s requirements for unserviced residential lots.

39. Archaeological Resources and Heritage Sites and Areas

- (1) If an archaeological site or historical artifacts are discovered during construction, development shall stop and the Provincial Archaeology Office of the Department of Tourism, Culture and Recreation consulted. Development shall not proceed until the Provincial Archaeology Office has evaluated the site.
- (2) Before approval is granted for a major development, such as a subdivision, or a new commercial or public building, the application shall be referred to the Provincial Archaeology Office for investigation.

40. Buffers – Non-Residential

Where any non-residential use abuts a residential use or area, the owner of the site of the non-residential development may be required to provide a buffer strip between any non-residential building or activity and the residential use. The buffer shall include the provision of grass strips, hedges, trees or shrubs, or structural barriers as may be required by the Town, and shall be maintained by the owner or occupier to the satisfaction of the Town.

41. Building Line and Setback

- (1) The Town, by resolution, may establish building lines on an existing or proposed street or service street and may require any new buildings to be located on those building lines, whether or not such building lines conform to the standards set out in the tables in Schedule C of these Regulations.
- (2) The building line setback is measured from the front property line.

- (3) In accordance with the Building Near Highways Regulations 1997, the building line along Provincial highways shall not be less than that specified under the Building Near Highways Regulations. The minimum building line is 20 metres from the centre-line of the Northern Peninsula Highway, Highway 430. The minimum building line is 15 metres from the centre-line of Highway 422 (Veteran's Drive) from Highway 430 to the end of pavement.

42. Buildings on a Lot and Farm Dwelling Exemption

More than one main building may be permitted on lot, provided that the development standards of Schedule C are satisfied. For example, if two single dwellings are to be erected on a lot then the minimum lot area and frontage shall be double that required for a single dwelling. Farm dwellings are exempted from this requirement.

43. Discretionary Use Classes

The discretionary use classes listed in Schedule C may be permitted at the discretion of the Town provided that they are complementary to uses within the permitted use classes or that their development will not inhibit or prejudice the existence or the development of such uses.

44. Family and Group Care Centres

Family group care centre use is permitted in any dwelling or apartment that is adequate in size to accommodate the number of persons living in the group, inclusive staff, provided that in the opinion of the Town, the use of the dwelling does not materially differ from, nor adversely affect, the amenities of the adjacent residences, or the neighborhood in which it is located. The Town may require special access and safety features to be provided for the occupants before occupancy is permitted.

45. Fences

- (1) Except as otherwise set out in Schedule C or in a Fence Regulation adopted under the Municipalities Act, the requirements of this Section shall apply to all fences.
- (2) For the purpose of this Section a fence includes a vertical physical barrier constructed out of typical fencing materials, and includes hedges, shrubs and landscaping features used for these purposes, and, that portion of a retaining wall which projects above the surface of the ground which it supports.
- (3) The provision of these Regulations shall apply to all public authorities except in those cases where an exception from the Regulations is required to respond to an emergency or for a public purpose.
- (4) The Town shall not be liable for any damages for the repair of any fence whatsoever where the Town, its employees or agents or otherwise have acted without negligence. In particular, the Town shall not be liable for any damages or repairs of any fence whatsoever during the normal operation of snow clearing on

streets or sidewalks located within the Municipal Planning Area.

Order to Remove Fence

- (5) When in the opinion of the Town, a fence creates a safety hazard or obstruction or impedes snow-clearing due to its location, height or construction material, the Town may issue an order to the property owner stating that the fence or portions thereof be removed, reconstructed or repaired within a specific time in order to correct the safety hazard or obstruction and the cost to remove, construct or repair said fence or part thereof will be at the owner's expense. In the event that the property owner does not remove the fence within the specified time as ordered, the Town may remove the fence and the cost to remove, reconstruct or repair said fence will be at the owner's expense.

Fence Maintenance

- (6) Every person who owns a fence shall maintain such fence in a good state of repair. For the purpose of this section, "good state of repair" shall mean:
- a) The fence is complete and in a structurally sound condition and plumb and securely anchored;
 - b) Protected by weather-resistant materials;
 - c) Fence components are not broken, rusted, rotten or in a hazardous condition;
 - d) All stained or painted fences are maintained free of peeling; and,
 - e) That the fence does not represent an unsightly appearance deleterious to abutting land or to the neighbourhood.

Fence Materials

- (7) The material or materials used in the erection and repair of a fence shall only be of a type which meets the approval of the Council.

Fence Height – Sight Lines

- (8) Except as otherwise provided no fence shall be erected with a height of greater than 0.75 metres above the grade of the street line within the triangle formed by two street lines and a line connecting two points on the two street lines located 15 metres from the point of intersection of the two street lines where one of the streets is an arterial or collector street, or 8 metres from the point of intersection of the two street lines where the two streets are local streets. Sight Lines.

- (9) Except as otherwise provided, no fence shall be erected with a height of greater than 0.75 metres above the grade of the street line at the intersection of a driveway and a road where in the opinion of the Council it impedes sight lines.

Maximum Height.

- (10) Unless required for screening, no fence shall be greater than 0.75 metres in height between the building line and the street line.
- (11) The maximum height of a fence shall not exceed 1.8 metres in the Mixed Use Development Zone.
- (12) The maximum height of a fence in all other zones shall not exceed 2.4 metres.

Electrical Fence and Barbed Wire Fence

- (13) No person shall erect an electrical fence on any land, unless required for the containment of livestock or the protection of crops from marauding animals.
- (14) No person shall erect a fence consisting wholly or partly of barbed wire or other barbed material except along the top of any fence in excess of 2.1 metres enclosing a lot used for commercial or industrial purposes provided the industrial or commercial lot does not abutt a residential lot or residential use zone.

Snow Fence

- (15) No person shall erect or maintain a snow fence for the period May 1 to October 31 in any year on land used for residential or commercial purposes.

Swimming Pool Fence

- (16) A fence with a minimum height of 1.8 metres shall be erected and maintained around an open swimming pool.

46. Forestry

Approvals for woodcutting or other forestry related activities must be obtained from the provincial Department of Natural Resources – Forest Management Unit. No development is permitted in a domestic cutting area – the Resource Development Zone – without prior approval of the Department of Natural Resources.

47. Lot Area

- (1) No lot shall be reduced in area, either by the conveyance or alienation of any portion thereof or otherwise, so that any building or structure on such lot shall have a lot coverage that exceeds, or a front yard, rear yard, side yard, frontage or lot area that is less than that permitted by these Regulations for the zone in which such lot is located.
- (2) Where any part of a lot is required by these Regulations to be reserved as a yard, it shall continue to be so used regardless of any change in the ownership of the lot or any part thereof, and shall not be deemed to form part of an adjacent lot for the purpose of computing the area thereof available for building purposes.

48. Lot Area and Size Exceptions

Where, at the time of coming into effect of these Regulations, one or more lots already exist in any zone, with insufficient frontage or area to permit the owner or purchaser of such a lot or lots to comply with the provisions of these Regulations, then these Regulations shall not prevent the issuing of a permit by the Town for the erection of a dwelling thereon, provided that the lot coverage and height are not greater than, and the yards and floor area are not less than the standards set out in these Regulations.

49. Lot Frontage

Except where specifically provided for in the Use Zone Tables in Schedule C of these Regulations, no residential or commercial building shall be erected unless the lot on which it is situated fronts directly onto a street or forms part of a Comprehensive Development. However, where there is a Crown Land windbreak along a street between the property and street right of way, the property shall be deemed to front on a street.

50. Mineral Exploration

- (1) Subject to the other provisions of these Development Regulations, mineral exploration which is not classed as development by virtue of appreciable soil disturbance, construction of access roads, noise, odour and appearance can be permitted anywhere in the Town, provided that adequate notification is provided to the Town.
- (2) Mineral exploration which is classed as development shall be permitted in the Agriculture, Resource Development and Comprehensive Resource Development Area zones, provided that adequate provision is made for buffering /and or other means of reducing or eliminating the impacts of the exploration on uses of land such as agricultural operations, residential uses including farm dwellings, tourist accommodation facilities and important waterways and wetlands.

Where there is soil disturbance, the developer shall provide a site restoration or landscaping surety and/or other satisfactory guarantees of site restoration or

landscaping to the Town.

No permit shall be issued by the Town for mineral exploration until the necessary permits and approvals have been obtained from the Departments of Natural Resources, Government Services, and Environment and Conservation, together with any other relevant Provincial agencies.

51. Non-Conforming Uses

- (1) See Section 108 of the Urban and Rural Planning Act and Sections 14, 15, and 16 of the Ministerial Development Regulations.

52. Non-Conforming Use - Discontinuance

Subject to Section 17 of the Ministerial Development Regulations and Section 108 (2) of the Urban and Rural Planning Act:

- a) a non-conforming use of land may be resumed within one year of its discontinuance;
- b) for the purpose of this Regulation, discontinuance of a non-conforming use begins when any one of the following conditions is met:
 - (i) the building or use of land is clearly vacated or the building is demolished;
 - (ii) the owner or tenant has ceased paying taxes for that use;
 - (iii) the owner or tenant has stated in writing that the use has ceased.

53. Offensive and Dangerous Uses

No building or land shall be used for any purpose which may be dangerous by causing or promoting fires or other hazards or which may emit noxious, offensive or dangerous fumes, smoke, gases, radiation, smells, ash, dust or grit, excessive noise or vibration, or create any nuisance that has an unpleasant effect on the senses unless its use is authorized by the Town and any other authority having jurisdiction.

54. Parking and Offstreet Loading Requirements

- (1) For every building, structure or use to be erected, enlarged or established, there shall be provided and maintained a quantity of off-street parking spaces sufficient to ensure that the flow of traffic on adjacent streets is not impeded by the on-street parking of vehicles associated with that building, structure or use.
- (2) Where the Town deems necessary, for every building, structure or use to be erected, enlarged or established requiring the shipping, loading or unloading of animals, goods, wares or merchandise, there shall be provided and maintained for

the premises loading facilities on land that is not part of a street comprised of one or more loading spaces. The loading facilities required by this Regulation shall be so arranged that vehicles can manoeuvre clear of any street and so that it is not necessary for any vehicle to reverse onto or from a street.

55. Parks and Playgrounds

- (1) Parks and playgrounds are permitted in any zone, provided however, that such parks and playgrounds are not located in areas which may be hazardous to their use and are not operated for commercial purposes.
- (2) Nothing in these Regulations shall prevent the designation of conservation areas in any zone.

56. Screening and Landscaping

The provision of adequate and suitable landscaping or screening may be made a condition of any development permit where, in the opinion of the Town, the landscaping or screening is desirable to preserve amenity, or protect the environment.

57. Seismic Station Buffer

The Canada Department of Natural Resources shall be advised when a development involving a major soil disturbance is being approved within the Seismic Station Buffer as shown on the Zoning Map.

58. Services and Public Utilities

The Town may within any zone permit land to be used in conjunction with the provision of public services and public utilities if the use of that land is necessary to the proper operation of the public service or public utility.

59. Side Yards

A side yard which shall be kept clear of obstruction shall be provided on the exposed sides of every building in order to provide access for the maintenance of that building.

60. Site Development

- (1) Before approving the development of any site, the Town shall take into consideration the adequacy of site grading, drainage and landscaping and the potential of the development to cause erosion onto and pollution of adjacent development and lands and bodies of water receiving drainage from the site, along with other similar matters.
- (2) The Town shall ensure that the proposal is not inappropriate by reason of:
 - a. precipitating or contributing to a pollution problem in the area; or,
 - b. causing erosion and/or sediment.

61. Site Development Quarry and Soil Removal

- (1) If, as part of another development, quarry material is to be removed and sold or

otherwise disposed of, then a separate quarry permit shall be issued once development approval is granted by the Town. A copy of this permit must be forwarded to the Department of Natural Resources, Mineral Lands Division.

- (2) A site development quarry under this section is permitted wherever the use that the quarry is associated with is permitted.
- (3) A quarry permit issued under this section shall only be valid for the term of the site development
- (4) When the work is completed, the area affected shall be suitably landscaped and drained in accordance with a plan approved by the Town.
- (5) If the site work is extensive, the Town may require the deposit of a surety in the amount of \$500.00 which shall be returned to the developer upon satisfactory completion of the work.

62. Solid Waste Disposal Site Buffer

No residential development shall be allowed within the Solid Waste Disposal Site Buffer unless it has been approved by the Department of Environment and Conservation and the Town.

63. Street Construction Standards

A new street may not be constructed except in accordance with the design and specifications laid down by the Town.

64. Subsidiary Apartments

Subsidiary apartments may be permitted in single dwellings only, and for the purposes of calculating lot area and yard requirements, shall be considered part of the self-contained dwelling.

65. Subsidiary Dwelling (see also Regulation 31 – Accessory Buildings)

A subsidiary dwelling is permitted in the rear yard of a single dwelling in a building separate from the single dwelling, subject to the following requirements:

- a) the subsidiary dwelling is located in the rear yard of the single dwelling;
- b) fire and other safety issues are properly addressed in the location, access and design of the subsidiary dwelling, and this may entail the provision of a completely unobstructed side yard wide enough to provide access for emergencies which is greater than the minimum side yard for single dwellings in this zone;
- c) unless it is only used as a separate sleeping quarters, the subsidiary dwelling shall be connected to municipal water and sewer services;
- d) the maximum floor area shall be 60 square metres;
- e) the minimum distance from the side and rear property boundaries is 3 metres;
- f) maximum height is 6 metres.

66. Unserviced Development

Development lacking one or both of municipal water and sewer services shall be approved by the Department of Government Services before a permit is issued by the Town.

67. Unsubdivided Land

Development is not permitted on unsubdivided land unless sufficient area is reserved to satisfy the yard and other allowances called for in the Use Zone in which it is located and the allowances shall be retained when the adjacent land is developed.

68. Waterways and Wetlands

(1) Except as otherwise shown on the Land Use Zoning Maps, the minimum width of a buffer along a waterway or wetland shall be 15 m from the highwater mark of the stream, river, pond or other body of water. If the embankment is steep, then the buffer shall be measured from the top of the embankment.

(2) The only uses that may be permitted in the buffer area of a waterway are trails, and trails related accessory uses, and uses requiring direct access to a body of water.

These uses are subject to the approval of the Water Resources Management Division of the Department of Environment and Conservation, Department of Fisheries and Oceans Canada and where applicable, the Government Service Centre of the Department of Government Services for Crown Lands and referrals.

(3) The Town or the Provincial Government may subject development within the buffer area of a waterway to an environmental review, and may approve, approve subject to conditions, or refuse such development. The matter of adequate and usable legal public access to the waterway shall be a consideration in the review of an application for a structure within a buffer and/or waterway.

(4) Any development within a waterway or involving the alteration of a waterway must be approved by or exempted by the following agencies:

- a. Department of Environment and Conservation for Crown Lands and referrals;
- b. Coast Guard Canada of the Department of Fisheries and Oceans – Navigable Waters Act;
- c. Fish Habitat Division of the Department of Fisheries and Oceans;
- d. Water Resources Division of the Department of Environment and Conservation.

(5) Wetlands-wherever feasible, wetlands should be protected and/or developed in such a way as to minimize damage.

69. Wind Mills, Wind Turbines, Wind Farms

Utilities, which include wind mill, wind turbines, wind farms, together with access roads and associated facilities, are subject to the approval of relevant provincial and federal

departments and agencies and public utilities.

The design and location of such utilities shall take into consideration their impact on nearby land uses and persons, the environment and archaeological resources within the Town, along with other matters that the Town may deem to be significant.

Utilities within the built-up areas are limited to single wind mills or wind turbines designed and sized to serve particular properties.

To prevent damage to persons and properties due to the failure of windmill or any of its components or the shedding of ice, the Town shall ensure that there is adequate separation distance between the windmill and nearby structures and properties.

The design, construction and location of a windmill shall be certified by a competent professional who has consulted with the required agencies.

PART III – SUBDIVISION OF LAND

70. Permit Required

No land in the Planning Area shall be subdivided unless a permit for the development of the subdivision is first obtained from the Town.

71. Services to be Provided

No permit shall be issued for the development of a subdivision unless provisions satisfactory to the Town have been made in the application for a supply of drinking water, a properly designed sewage disposal system, and a properly designed storm drainage system.

72. Payment of Service Levies and Other Charges

No permit shall be issued for the development of a subdivision until agreement has been reached for the payment of all fees levied by the Town for connection to public services, public utilities and streets deemed necessary for the proper development of the subdivision, and all service levies and other charges imposed under these Regulations.

73. Issue of Permit Subject to Considerations

A permit shall not be issued when, in the opinion of the Town, the development of a subdivision does not contribute to the orderly growth of the municipality and does not demonstrate sound design principles. In considering an application, the Town shall, without limiting the generality of the foregoing, consider:

- a) the location of the land;
- b) the availability of and the demand created for schools, services, and utilities;
- c) the provisions of the Plans and Regulations affecting the site;
- d) the land use, physical form and character of adjacent developments;
- e) the transportation network and traffic densities affecting the site;
- f) the relationship of the project to existing or potential sources of nuisance;
- g) soil and subsoil characteristics;
- h) the topography of the site and its drainage;
- i) natural features such as lakes, streams, topsoil, trees and shrubs;
- j) prevailing winds;
- k) visual quality;
- l) community facilities;
- m) energy conservation;
- n) such other matters as may affect the proposed development.

74. Building Permits Required

Notwithstanding the approval of a subdivision by the Town, a separate building permit shall be obtained for each building proposed to be erected in the area of the subdivision,

and no building permit for any building in the area shall be issued until the developer has complied with all the provisions of these Regulations with respect to the development of the subdivision.

75. Form of Application

Application for a permit to develop a subdivision shall be made to the Town.

76. Subdivision Subject to Zoning

The subdivision of land shall be permitted only in conformity with the Use Zones delineated on the Zoning Map.

77. Building Lines

The Town may establish building lines for any subdivision street and require any new building to be located on such building lines.

78. Land for Public Open Space

- (1) Before a development commences, the developer shall, if required, dedicate to the Town, at no cost to the Town, an area of land equivalent to not more than 10% of the gross area of the subdivision for public open space, provided that:
 - a) where land is subdivided for any purpose other than residential use, the Town shall determine the percentage of land to be dedicated;
 - b) if, in the opinion of the Town, no public open space is required, the land may be used for such other public use as the Town may determine;
 - c) the location and suitability of any land dedicated under the provisions of this Regulation shall be subject to the approval of the Town but in any case, the Town shall not accept land which, in its opinion is incapable of development for any purpose;
 - d) the Town may accept from the developer in lieu of such area or areas of land the payment of a sum of money equal to the value of the land which would otherwise be required to be dedicated;
 - e) money received by the Town in accordance with this Regulation shall be reserved by the Town for the purpose of the acquisition or development of land for public open space or other public purpose.
- (2) Land dedicated for public use in accordance with this Regulation shall be conveyed to the Town and may be sold or leased by the Town for the purposes of any development that conforms with the requirements of these Regulations, and the proceeds of any sale or other disposition of land shall be applied against the cost of acquisition or development of any other land for the purposes of public open space or other public purposes.
- (3) The Town may require a strip of land to be reserved and remain undeveloped along the banks of any river, brook or pond, and this land may, at the discretion of the Town, constitute the requirement of land for public use under Regulation 78 (1).

79. Structure in Street Reservation

The placing within any street reservation of any structure (for example, a hydro pole, telegraph or telephone pole, fire hydrant, mail box, fire alarm, sign post) shall receive the prior approval of the Town which shall be satisfied on the question of safe construction and relationship to the adjoining buildings and other structures within the street reservation.

80. Subdivision Design Standards

- (1) The standard for the design and construction of all work related to Subdivision development shall be the Government of Newfoundland Labrador Municipal Water, Sewer, and Roads Specifications.
- (2) Except as otherwise provided under Schedule C no permit shall be issued for the development of a subdivision under these Regulations unless the design of the subdivision conforms to the standards below.
 - a) The finished grade of streets shall not exceed 10 percent.
 - b) Every cul de sac shall be provided with a turning circle of a diameter of not less than 30 m.
 - c) The maximum length of any cul de sac shall be 300 metres. Where a road loops back to itself, such as in a P look, the distance is measured to the start of the loop. See also clause d)
 - d) After review by the Town's Fire Chief the length of a cul de sac may be extended beyond 300 metres, provided that the Town is satisfied that this will not create additional fire or other hazard risks or unduly increase maintenance costs.
 - e) No cul de sac shall be located so as to appear to terminate a collector street.
 - f) New subdivisions shall have street connections with an existing street or streets,
 - g) All street intersections shall be constructed within 5° of a right angle and this alignment shall be maintained for 30 m from the intersection.
 - h) No street intersection shall be closer than 60 m to any other street intersection.
 - i) No more than four streets shall join at any street intersection.
 - j) Streets in residential subdivisions shall conform to the following minimum standards:

a. Arterial Street	
- Reservation (minimum)	30 metres
- Pavement Width (minimum)	15 metres
- Walkways	See clause k
b. Collector Street	
- Reservation (minimum)	15 metres
- Pavement Width (minimum)	9 metres
- Walkways	See clause k
c. Local Street	
- Reservation (minimum)	15 metres

	(see clause n)
– Pavement Width (minimum)	7 metres
– Walkways	See clause k

- k) Walkways – clearly identified safe adequate pedestrian access shall be provided along roads and incorporated into subdivision planning.
- l) The Town may require any existing natural, historical or architectural feature or part thereof to be retained when a subdivision is developed.
- m) Land shall not be subdivided in such a manner as to prejudice the development of adjoining land.
- n) Where there is potential for additional development, a road reserve of 15 metres (12.5 metres optional) shall be provided, and a reserve of 15 or 12.5 metres shall be provided along the entire length of a cul de sac.

81. Engineer to Design Works and Certify Construction Layout

- (1) Plans and specifications for all water mains, hydrants, sanitary sewers, storm sewers and all appurtenances thereto and all streets, paving, curbs, gutters and catch basins and all other utilities deemed necessary by the Town to service the area proposed to be developed or subdivided shall be designed and prepared by or approved by the Engineer. Such designs and specifications shall, upon approval by the Town, be incorporated in the plan of subdivision.
- (2) Upon approval by the Town of the proposed subdivision, the Engineer shall certify all work of construction layout preliminary to the construction of the works and thereupon the developer shall proceed to the construction and installation, at his own cost and in accordance with the approved designs and specifications and the construction layout certified by the Engineer, of all such water mains, hydrants, sanitary sewers and all appurtenances and of all such streets and other works deemed necessary by the Town to service the said area.

82. Developer to Pay Engineer's Fees and Charges

The developer shall pay to the Town all the Engineer's fees and charges for the preparation of designs and specifications and for the layout and supervision of construction; such fees and charges being percentages of the total cost of materials and labour for the construction and installation of all works calculated in accordance with the Schedule of Fees recommended by the Association of Professional Engineers of Newfoundland and in effect at the time the work is carried out.

83. Street Works May Be Deferred

The construction and installation of all curbs and gutters, catch basins, sidewalks and paving specified by the Town as being necessary, may, at the Town's discretion, be

deferred until a larger stage of the work on the development of the subdivision but the developer shall deposit with the Town before approval of his application, an amount estimated by the Engineer as reasonably sufficient to cover the cost of construction and installation of the works. In the later stage of the work of development, the Town shall call for tenders for the work of construction and installation of the works, and the amount so deposited by the developer shall be applied towards payment of the contract cost. If the contract cost exceeds the deposit, the developer shall pay to the Town the amount of the excess. If the contract price is less than the deposit, the Town shall refund the amount by which the deposit exceeds the contract price. Any amount so deposited with the Town by the developer shall be placed in a separate savings account in a bank and all interest earned thereon shall be credited to the developer.

84. Transfer of Streets and Utilities to Town

- (1) The developer shall, following the approval of the subdivision of land and upon request of the Town, transfer to the Town, at no cost to the Town, and clear of all liens and encumbrances:
 - a. all lands in the area proposed to be developed or subdivided which are approved and designated by the Town for public uses as streets, or other rights-of-way, or for other public use;
 - b. all services or public works including streets, water supply and distribution and sanitary and storm drainage systems installed in the subdivision that are normally owned and operated by the Town.
- (2) Before the Town shall accept the transfer of lands, services or public works of any subdivision, the Engineer shall, at the cost to the developer, test the streets, services and public works installed in the subdivision and certify his satisfaction with their installation.
- (3) The Town shall not provide maintenance for any street, service or public work in any subdivision until such time as such street, service or public work has been transferred to and accepted by the Town.

85. Restriction on Sale of Lots

The developer shall not develop or dispose of any lot within a subdivision for the purposes of development and no building permit shall be issued until the Town is satisfied that:

- a) the lot can be served with satisfactory water supply and sewage disposal systems; and
- b) satisfactory access to a street is provided for the lots.

86. Grouping of Buildings and Landscaping

- (1) Each plan of subdivision shall make provision for the grouping of building types

and for landscaping in order to enhance the visual aspects of the completed development and to make the most use of existing topography and vegetation.

- (2) Building groupings, once approved by the Town, shall not be changed without written application to and subsequent approval of the Town.

PART IV – USE ZONES

87. Use Zones

- (1) For the purpose of these Regulations, the Planning Area is divided into Use Zones which are shown on the Zoning Map attached to and forming part of these Regulations.
- (2) Subject to Regulation 83(3), the permitted use classes, discretionary use classes, standards, requirements and conditions applicable to each Use Zone are set out in the Use Zone Tables in Schedule C of these Regulations.
- (3) Where standards, requirements and conditions applicable in a Use Zone are not set out in the Use Zone Tables in Schedule C, the Town may in its discretion, determine the standards, requirements and conditions which shall apply.

88. Use Classes

The specific uses to be included in each Use Class set out in the Use Zone Tables in Schedule C shall be determined by the Town in accordance with the classification and examples set out in Schedule B.

89. Permitted Uses

Subject to these Regulations, the uses that fall within the Permitted Use Classes set out in the appropriate Use Zone Table in Schedule C shall be permitted by the Town in that Use Zone.

90. Discretionary Uses

Subject to these Regulations, the uses that fall within the Discretionary Use Classes set out in the appropriate Use Zone Table in Schedule C may be permitted in that Use Zone if the Town is satisfied that the development would not be contrary to the general intent and purpose of these Regulations, the Municipal Plan, or any further scheme or plan or regulation pursuant thereto, and to the public interest, and if the Town has given notice of the application in accordance with Regulation 23 and has considered any objections or representations which may have been received on the matter.

91. Uses not Permitted – Prohibited Uses

Uses that do not fall within the Permitted Use Classes or Discretionary Use Classes set out in the appropriate Use Zone Tables in Schedule C, shall not be permitted in that Use Zone and are deemed to be prohibited uses.

26. Recreational Open Space and Trails

Recreational Open Space and Trails may be permitted in this zone subject to the following conditions:

- a) the proposed use shall not interfere with adjacent agricultural and other natural resource uses by virtue of noise, increased traffic or other activities;
- b) the proposed use shall not prejudice the continuation of existing agricultural and other natural resource uses and operational practices which may not be compatible with the proposed use;
- c) applications for recreational open space uses shall be referred to the Department of Natural Resources before approval is granted by the Town.

27. Screening and Landscaping (see Regulation 56)

28. Seismic Station Buffer (see Regulation 57)

29. Services and Public Utilities (see Regulation 58)

30. Service Stations

The following requirements shall apply to all proposed service stations:

- a) all gasoline pumps shall be located on pump islands designed for such purpose, and to which automobiles may gain access from either side;
- b) pump islands shall be set back at least 4 metres from the front lot line;
- c) accesses shall not be less than 7 metres wide and shall be clearly marked, and where a service station is located on a corner lot, the minimum distance between an access and the intersection of street lines at the junction shall be 10 metres and the lot line between entrances shall be clearly indicated.

31. Side Yards (see Regulation 59)**32. Single Dwelling**

To ensure that such development does not impede nearby agricultural activities, a single dwelling is subject to the approval of the Agrifoods Division of the Department of Natural Resources before a permit is issued by the Town.

8. Buildings on a Lot (see Regulation 42)

9. Campground

A plan of the campground shall be submitted in a format satisfactory to the Town, showing and specifying the number and location of campsites and all facilities, services,

internal roads and measures for buffering and/or screening. The approved plan, together with any other approvals and conditions shall form part of the permit.

10. Comprehensive Development

Subject to the approval from the Government Service Centre for water and waste disposal services, the Town in its discretion may approve a comprehensive development that only in the use classes and overall density complies with the requirements of this zone. Provided that the comprehensive development fronts on a public road individual developments within the Comprehensive Development need not front directly on a public road. Where the development adjoins a public road, the building line setbacks for this zone shall apply.

11. Discretionary Use Classes (see Regulation 43)

12. Fences (see Regulation 45)

13. Lot Area, Lot Area and Size Exceptions, Lot Frontage (see Regulations 47, 48 and 49)

14. Mineral Exploration (see Regulation 50)

15. Mineral Working Buffer

No new dwelling may be permitted within the buffer of a Mineral Working unless it has been approved by the Department of Natural Resources.

16. Non-Conforming Uses and Non-Conforming Uses -Discontinuance (see Regulations 51 and 52)

17. Outdoor Storage

The Town may permit open storage of materials, goods and machinery associated with a permitted or discretionary use provided:

a) the open storage is not located in the front yard; and b) the Town may require open storage to be fenced or screened.

18. Parking Requirements and Offstreet Loading Requirements (see Regulation 54)

19. Parks and Playgrounds, and Conservation Uses (see Regulation 55)

20. Protected Road Zoning Plan

Development within 100 metres of the centre-line of the Viking Trail, Route 430, is subject to review by the Government Service Centre of the Department of Government Services before a permit is issued by the Town.

21. Road Frontage

All use classes, except for marinas, must front onto an existing public road or a subdivision road built in conformity with the standards in these Regulations.

22. Screening and Landscaping (see Regulation 56)

23. Seismic Station Buffer (see Regulation 57)

24. Service Stations

The following requirements shall apply to all proposed service stations:

- a) all gasoline pumps shall be located on pump islands designed for such purpose, and to which automobiles may gain access from either side;
- b) pump islands shall be set back at least 4 metres from the front lot line;
- c) accesses shall not be less than 7 metres wide and shall be clearly marked, and where a service station is located on a corner lot, the minimum distance between an access and the intersection of street lines at the junction shall be 10 metres and the lot line between entrances shall be clearly indicated.

CONDITIONS FOR THE AGRICULTURE ZONE

1. General Development Standards

Lot Area:

As determined by the Forest Resources Branch and/or the Agrifoods Branch of the Department of Natural Resource and the Government Service Centre in consultation with the Town. See also Regulation 38.

Lot Frontage:

As determined by the Forest Resources Branch and/or the Agrifoods Branch of the Department of Natural Resource and the Government Service Centre in consultation with the Town. See also Regulation 38.

Minimum Building Line Setback:

The minimum setback from a public road shall be 15 metres where the property front lot line runs along a public road reserve, or 6 metres where the property front lot line runs along a Crown Land windbreak that runs between the property and the public road reserve. (See also Regulation 41)

Sideyard Flanking Road: 5 metres minimum.

Rearyard: 10 metres minimum.

2. Accesses and Service Streets (see Regulation 28)

3. Accessory Buildings (see Regulation 29)

4. **Accessory Uses (see Regulation 30)**
5. **Advertisements (see Regulations 31 to 36)**
6. **Agriculture and Farming (see Regulation 37)**
7. **Residential Development and Agriculture (see Regulation 38)**
8. **Campground and Commercial Residential Development**

A campground and/or a commercial residential development may be permitted in this zone as a discretionary use, provided:

- a) a portion of the development is located in either the Mixed Use Development or Rural Mixed zones;
 - b) the development is accessed through the Mixed Use Development or Rural Mixed zone;
 - c) the development does not excessively intrude into the Agriculture Zone and will not have a negative impact on nearby existing or proposed agriculture or forestry uses;
 - d) the development is granted approval by the Agrifoods Branch of the Department of Natural Resources and the Department of Government Services before approval is granted by the Town.
9. **Archaeological Sites (see Regulation 39)**
 10. **Buffers - Non-Residential (see Regulation 40)**
 11. **Building Line and Setback (see Regulation 41)**
 12. **Buildings on a Lot (see Regulation 42)**
 13. **Discretionary Use Classes (see Regulation 43)**
 14. **Fences (see Regulation 45)**
 15. **Forestry (see Regulation 46)**
 16. **General Industry**
 - (1) General industry shall be restricted to the maintenance and repair of equipment, processing and storage related to agriculture, forestry or mineral working uses.

- (2) Unless the Town is satisfied that the general industry use will not create a nuisance and will not adversely affect the amenity of the surrounding area, the Town shall require the provision of buffering by the developer to the satisfaction of the Town.

17. Home Business Accessory Use

See also Regulation 30 - Accessory Uses.

A Home Business shall only be permitted if:

- a) the primary use of the property remains residential and the scope and intensity of the use classes is entirely compatible with the residential uses of the property and neighbourhood, and the business is operated by a resident of the dwelling;
- b) adequate parking is provided;
- c) no mechanical equipment is used except that reasonably consistent with the use of a dwelling;
- d) no wholesale or retail sale of goods is externally apparent - for example, if sale of crafts occurs it does not occur through walk-in or drive-in trade;
- e) there is no outdoor storage or display;
- f) a non-illuminated identification sign not exceeding 0.28 m² in area shall be permitted on the dwelling provided that the sign is consistent with residential character of the neighbourhood;
- g) no change in the type, class or extent of the home occupation shall be permitted except with the approval of the Town.

18. Mineral Exploration (see Regulation 50)

19. Mineral Working

Mineral workings are subject to this Regulation, any other applicable regulations and the approval of the Department of Natural Resources.

- (1) Separation from Adjacent Uses -Unless the Town is satisfied that the working will not create a nuisance and will not adversely affect the amenity of the specified development or natural feature, no mineral working shall be located closer than the minimum distances set out below to the specified development or natural feature:

a)	Existing or Proposed Residential Development	
	- where no blasting is involved	300 m
	- where blasting is involved	1000 m
b)	Any Other Existing or Proposed Development	150 m
c)	Public Highway or street	50 m
d)	Protected Road	90 m
e)	Body of water or watercourse	50 m

- (2) Screening - A mineral working shall be properly screened where it is visible from a public street or highway, developed area, or area likely to be developed during the life of the use.

Where natural topography creates a visual screen between mineral workings and adjacent public highways and streets or other land uses (excepting forestry and agriculture), additional screening may not be required.

- (3) Fencing - The Town may require the mineral working site or excavated areas of a pit or quarry working to be enclosed by a fence designed and constructed to its specifications and no less than 1.8 metres in height.
- (4) Water Pollution - No mineral working or associated storm or sanitary drainage shall unacceptably reduce the quality of water in any body of water or watercourse. Any access road to a pit or quarry working which crosses a brook or stream shall be bridged or culverted at the crossing in accordance with the Acts and Regulations of the Department of Environment and Conservation.
- (5) Water Ponding - No mineral working or associated storm or sanitary drainage shall unacceptably reduce the quality of water in any body of water or watercourse. Any access road to a pit or quarry working which crosses a brook or stream shall be bridged or culverted at the crossing in accordance with the Regulations of the Department of Environment and Conservation.
- (6) Erosion Control - No mineral working shall be carried out in a manner so as to cause erosion of adjacent land.
- (7) Site Maintenance - The mineral working shall be kept clean of refuse, abandoned vehicles, and abandoned equipment and any derelict buildings.

- (8) Access Roads - During extended periods of shutdown, access roads to a mineral working shall be ditched or barred to the satisfaction of the Town.
- (9) Operating Plant and Associated Processing and Manufacturing - The Town may permit processing and manufacturing use associated with mineral workings provided that, in the opinion of the Town, the use does not create a nuisance nor is liable to become a nuisance or offensive by the creation of noise or vibration, or by reason of the emission of fumes, dust, dirt, objectionable odour, or by reason of unsightly storage of materials.
- (10) Termination and Site Rehabilitation - Upon completion of the mineral working, the following work shall be carried out by the operation:
- a) all buildings, machinery and equipment shall be removed;
 - b) all pit and quarry slopes shall be graded to slopes less than 20 degrees or to the slope conforming to that existing prior to the mineral working;
 - c) topsoil and any organic materials shall be re-spread over the entire quarried area;
 - d) the access road to the working shall be ditched or barred to the satisfaction of the Town;
 - e) if the mineral working contains reserves of material sufficient to support further extraction operations, the Town may require the work described above to be carried out only in areas of the site where extraction has depleted aggregate reserves;
- 20. Non-Conforming Uses and Non-Conforming Uses - Discontinuance (see Regulations 51 and 52)**
- 21. Offensive and Dangerous Uses (see Regulation 53)**
- 22. Parking and Offstreet Loading Requirements (see Regulation 54)**
- 23. Parks and Playgrounds, and Conservation Uses (see Regulation 55)**
- 24. Protected Road Zoning Plan**

Development within 100 metres of the centre-line of the Northern Peninsula Highway, Route 430, is subject to review by the Government Service Centre of the Department of Government Services before a permit is issued by the Town.

25. Recreational Open Space and Trails

Recreational Open Space and Trails may be permitted in this zone subject to the following conditions:

- a) the proposed use shall not interfere with adjacent agricultural and other natural resource uses by virtue of noise, increased traffic or other activities;
- b) the proposed use shall not prejudice the continuation of existing agricultural and other natural resource uses and operational practices which may not be compatible with the proposed use;
- c) applications for recreational open space uses shall be referred to the Department of Natural Resources before approval is granted by the Town.

26. Screening and Landscaping (see Regulation 56)**27. Seismic Station Buffer (see Regulation 57)****28. Services and Public Utilities (see Regulation 58)****29. Side Yards (see Regulation 59)****30. Single Dwelling - Agricultural Property**

Except as otherwise provided under Regulation 38, a single dwelling on a property being used for agricultural purposes as defined by the Agrifoods Division can only be permitted only as accessory to a permitted agriculture or forestry use. The dwelling is subject to the approval of the Agrifoods Division of the Department of Natural Resources and the Government Service Centre before a permit is issued by the Town.

31. Single Dwelling - Non Agricultural Property

Where a property in the Agriculture Zone is not being used for agricultural purposes as defined by the Agrifoods Division, a single dwelling is permitted provided that no further subdivision of the lot is to take place unless the subdivision of land is deemed to increase the size of an existing agricultural operation.

32. Site Development (see Regulation 60)**33. Site Development Quarry and Soil Removal (see Regulation 61)****34. Solid Waste Disposal Site Buffer (see Regulation 62)****35. Street Construction Standards (see Regulation 63)****36. Subdivision of Land (see Part III - Regulations 70 to 86)**

12. **Discretionary Use Classes (see Regulation 43)**

13. **Fences (see Regulation 45)**

14. **Forestry (see Regulation 46)**

15. **General Industry**

- (1) General industry shall be restricted to the maintenance and repair of equipment, processing and storage related to agriculture, forestry or mineral working uses.
- (2) Unless the Town is satisfied that the general industry use will not create a nuisance and will not adversely affect the amenity of the surrounding area, the Town shall require the provision of buffering by the developer to the satisfaction of the Town.

16. **Mineral Exploration (see Regulation 50)**

17. **Mineral Working**

Mineral workings are subject to this Regulation, any other applicable regulations and the approval of the Department of Natural Resources.

- (1) Separation from Adjacent Uses -Unless the Town is satisfied that the working will not create a nuisance and will not adversely affect the amenity of the specified development or natural feature, no mineral working shall be located closer than the minimum distances set out below to the specified development or natural feature:
 - a) Existing or Proposed Residential Development

-	where no blasting is involved	300 metres
-	where blasting is involved	1000 metres
 - b) Any Other Existing or Proposed Development 150 metres

- | | | |
|----|------------------------------|-----------|
| c) | Public Highway or street | 50 metres |
| d) | Protected Road | 90 metres |
| e) | Body of water or watercourse | 50 metres |

- (2) Screening - A mineral working shall be properly screened where it is visible from a public street or highway, developed area, or area likely to be developed during the life of the use.

Where natural topography creates a visual screen between mineral workings and adjacent public highways and streets or other land uses (excepting forestry and agriculture), additional screening may not be required.

- (3) Fencing- The Town may require the mineral working site or excavated areas of a pit or quarry working to be enclosed by a fence designed and constructed to its specifications and no less than 1.8 metres in height.
- (4) Water Pollution -No mineral working or associated storm or sanitary drainage shall unacceptably reduce the quality of water in any body of water or watercourse. Any access road to a pit or quarry working which crosses a brook or stream shall be bridged or culverted at the crossing in accordance with the Acts and Regulations of the Department of Environment and Conservation.
- (5) Water Ponding - No mineral working or associated storm or sanitary drainage shall unacceptably reduce the quality of water in any body of water or watercourse. Any access road to a pit or quarry working which crosses a brook or stream shall be bridged or culverted at the crossing in accordance with the Regulations of the Department of Environment and Conservation.
- (6) Erosion Control - No mineral working shall be carried out in a manner so as to cause erosion of adjacent land.
- (7) Site Maintenance - The mineral working shall be kept clean of refuse, abandoned vehicles, and abandoned equipment and any derelict buildings.
- (8) Access Roads - During extended periods of shutdown, access roads to a mineral working shall be ditched or barred to the satisfaction of the Town.
- (9) Operating Plant and Associated Processing and Manufacturing

The Town may permit processing and manufacturing use associated with mineral workings provided that, in the opinion of the Town, the use does not create a nuisance

nor is liable to become a nuisance or offensive by the creation of noise or vibration, or by reason of the emission of fumes, dust, dirt, objectionable odour, or by reason of unsightly storage of materials.

- (10) Termination and Site Rehabilitation - Upon completion of the mineral working, the following work shall be carried out by the operation:
- a) all buildings, machinery and equipment shall be removed;
 - b) all pit and quarry slopes shall be graded to slopes less than 20° or to the slope conforming to that existing prior to the mineral working;
 - c) topsoil and any organic materials shall be re-spread over the entire quarried area;
 - d) the access road to the working shall be ditched or barred to the satisfaction of the Town
 - e) if the mineral working contains reserves of material sufficient to support further extraction operations, the Town may require the work described above to be carried out only in areas of the site where extraction has depleted aggregate reserves.

18. Non-Conforming Uses and Non-Conforming Uses - Discontinuance (see Regulations 51 and 52)

19. Offensive and Dangerous Uses (see Regulation 53)

20. Parking and Offstreet Loading Requirements (see Regulation 54)

21. Protected Road Zoning Plan

Development within 100 metres of the centre-line of the Northern Peninsula Highway, Route 430, is subject to review by the Government Service Centre of the Department of Government Services before a permit is issued by the Town.

22. Recreational Open Space and Trails

Recreational Open Space and Trails may be permitted in this zone subject to the following conditions:

- a) the proposed use shall not interfere with adjacent agricultural and other natural resource uses by virtue of noise, increased traffic or other activities;
- b) the proposed use shall not prejudice the continuation of existing agricultural and other natural resource uses and operational practices which may not be compatible with the proposed use;

- c) applications for recreational open space uses shall be referred to the Department of Natural Resources before approval is granted by the Town.
- 23. Screening and Landscaping (see Regulation 56)**
- 24. Seismic Station Buffer (see Regulation 57)**
- 25. Services and Public Utilities (see Regulation 58)**
- 26. Side Yards (see Regulation 59)**
