

AMENDMENT TO PERMIT

Pursuant to the *Water Resources Act*, SNL 2002 cW-4.01, specifically Section(s) 49

Date: MARCH 02, 2016

File No: 536-12
Permit No: ALT6480-2012
Amendment No: 1

Permit Holder: Nalcor Energy
500 Columbus Drive
P.O. Box 12800
St. John's NL A1B 0C9

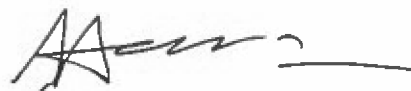

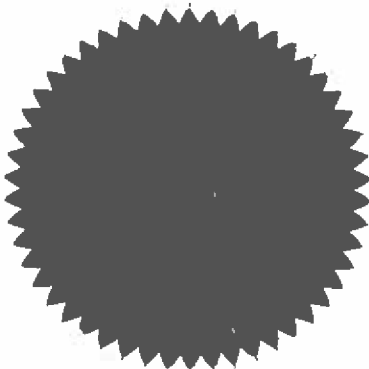

Attention: Peter Madden

Re: Lower Churchill Muskrat Falls - Stream Crossings (C22, Access to Borrow Deposits) & Stream Diversion

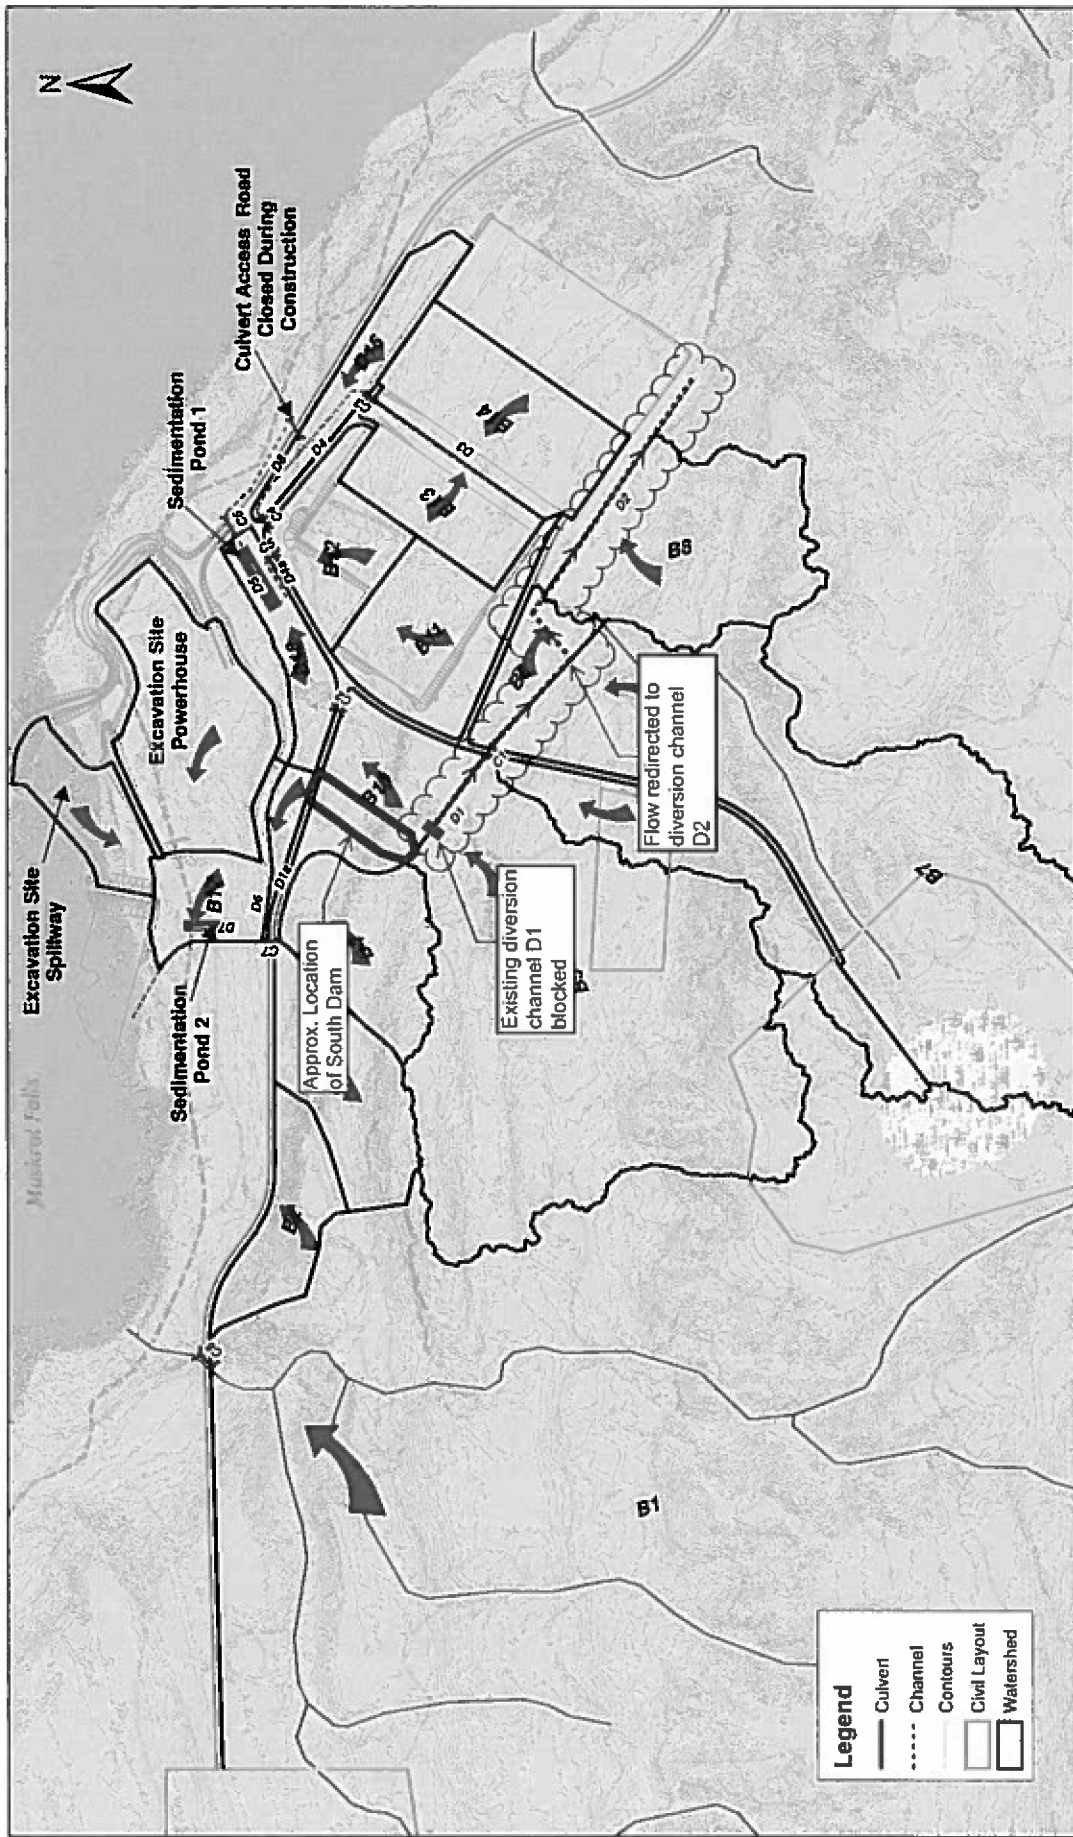

The original Permit dated JULY 24, 2012 is amended as follows:

The existing Diversion Channel D1 is blocked and flow is routed via a new channel to existing Diversion Channel D2 as indicated in the attachment submitted by the Permit Holder. The existing grade in Diversion Channel D1 will be maintained and will function as a settling pond with an outlet at elevated 49.26 metre to Diversion Channel D2. The design of the new channel connecting existing D1 and D2 will be in compliance with the stream diversion design and construction outlined in the original Permit, with the exception of the slope of the diversion channel which will be 3% rather than 0.5% as outlined in the original Permit, in reference to the request for amendment received on January 21, 2016 and additional information provided on or before March 1, 2016.

All other terms and conditions of the original Permit will apply and failure to comply with the terms and conditions of this amendment and the original Permit will render this Permit null and void, place the Permit Holder and their agent (s) in violation of the *Water Resources Act* and make the Permit Holder responsible for taking any remedial measures as may be prescribed by this Department.

MINISTER
