

APPLICATION FOR A PERMIT TO DEVELOP* IN A PROTECTED PUBLIC WATER SUPPLY AREA/WELLHEAD PROTECTED WATER SUPPLY AREA

As required under Section 39(6) AND 61(3) of the *Water Resources Act*, SNL 2002 cW-4.01, and Ministerial Policy Directive W.R.95-01, permission is requested for the following development:

1.0 WATER SUPPLY INFORMATION: Name of the Protected Public Water Supply Area where development activity is proposed:

Name of the City/Municipality/Local Service District or operator of the water supply:

2.0 PROPOSED DEVELOPMENT ACTIVITY: Select the type of development activity:

- | | |
|--|---|
| <input type="checkbox"/> Forestry | <input type="checkbox"/> Aggregate Extraction |
| <input type="checkbox"/> Mineral Exploration | <input type="checkbox"/> Recreational Facility |
| <input type="checkbox"/> Agricultural Operation | <input type="checkbox"/> Linear Development |
| <input type="checkbox"/> Cottage (Application # _____) | <input type="checkbox"/> Other Activity (provide details below) |

Indicate the size of the development and/or the volume of material to be removed (if applicable):

Area of the project: (km² or ha) _____ Volume: (m³) _____ Length: (km) _____

3.0 LOCATION: Provide the location of the proposed development and the access route (if applicable). Digital imagery or mapping may be provided and/or coordinates from Google Earth® can be included.

WGS84

Latitude: (DD°MM'SS") _____

Longitude: (DD°MM'SS") _____

NAD 83

N _____ E _____ Zone _____

4.0 PROJECT DESCRIPTION: Provide a detailed description of all aspects of the proposed development including, but not limited to information on the site preparation work, the equipment to be used, fuel use/storage, hazardous chemicals, ground disturbance, the method of construction, and a tentative schedule of the proposed work.

***Develop means the carrying out of any activity or operation on, over or under land or water for social or economic benefit or the making of any change in the footprint, use, or the intensity of use of any land, water or building.**

5.0 STREAM CROSSINGS /ALTERATIONS TO A BODY OF WATER: If the proposed development involves crossing of or work in a body of water (including wetland), an joint permit may be required with the *Water Resources Act*, specifically Section 48. Describe the type of water crossing(s) and work(s) proposed and measures to control erosion and to prevent sedimentation within 15 metres of a waterbody:

6.0 ENVIRONMENTAL MITIGATIVE MEASURES:

If applicable, provide information on the following and note that a detailed contingency plan may be required as part of this application after review:

- measures to control erosion and to prevent sedimentation from site drainage;
- environmental protection measures to minimize adverse impacts on water quality;
- measures to contain fuel, oil spills or leaks (**Note: Bulk Fuel Storage is not permitted in a Protected Public Water Supply Area**);
- waste materials storage and disposal including human waste
- (**Note: Sewage Disposal Systems must be approved by DG&SNL**)

7.0 ATTACHMENTS:

- Contingency Plan
- Closure Plan for Commercial Forestry (Required)
- Other _____

APPLICANT INFORMATION:

Name: _____

Company/Agency Name: _____

Mailing Address: _____

Daytime Telephone Number: _____

Fax Number: _____

Email address: _____

Date: _____

Signature: _____

The completed application must be forwarded to the nearest regional office of the Department of Environment and Climate Change accompanied by the appropriate fee. All applications for proposed developments in Wellhead Protected Water Supply Areas should be sent to the Groundwater Resources Section of the Department of Environment and Climate Change. A permit for a development in a Protected Public Water Supply Area must be obtained prior to the commencement of any work.

Indigenous Consultation: If the application is for work in Labrador, the proponent must check with the [Office of Indigenous Affairs and Reconciliation](#) to determine if Indigenous Consultation is required. If consultation is required, it is the responsibility of the proponent to undertake the consultation. Applications will be considered incomplete without the Indigenous Consultation.

¹ Under the Authority of the Water Resources Act SNL 2002 cW-4.01, personal information will be collected for the purpose of enforcing Sections 39 and 61: protection of public water supplies. This allows the Department of Environment and Climate Change to disclose personal information to other Federal, Provincial and Municipal Departments and Agencies.

² Please be advised that, in accordance with Government’s Proactive Disclosure Initiative, your permit will be posted online subject to any exceptions to disclosure provided under the Access to Information and Protection of Privacy Act, 2015.

Application Fee Schedule

In accordance with Section 21 of the *Executive Council Act*, the following application fee(s) must be paid to obtain a permit as required under Sections 39 of the *Water Resources Act*, SNL 2002, cW-4.01

(a)	Forestry		
	Commercial	\$500
(b)	Mineral		
	Exploration	\$200
	Quarry	\$500
	Mining	\$5000
(c)	Agriculture		
	Domestic	\$150
	Commercial	\$500
	Other	\$250
(d)	Linear Development		
	Distance less than 1km.....		\$500
	Distance between 1km and 5km		\$750
	Distance greater than 5km.....		\$1000
(e)	Cabins/Residences	\$150
(f)	Other Developments		
	Domestic	\$150
	Commercial	\$500
	Operation and Maintenance of Dams.....		\$150
	Research/Training Exercises.....		\$150
(g)	Request for Amendment of a Permit.....		\$100

Works not specifically noted above must be discussed with the appropriate Regional Office.
 The fee will be set based upon project cost and complexity. Please specify:..... \$_____

The above fees or proof of payment (cashier's receipt) must accompany each separate application for a permit or request for amendment. The fee is non-refundable. There are multiple options for paying the fee:

- Pay online at www.gov.nl.ca/pay-online (under the *Online Services - Water Resources* section).
- By Credit Card to Central Cash (709)729-3044.
- Enclose a cheque or money order made out to the Newfoundland Exchequer Account.

The application cannot be reviewed until payment in full has been received.

This section must be completed so that a receipt can be issued.
