
19.0 CLOSURE

This report has been prepared for the sole benefit of Newfoundland and Labrador Department of Environment and Conservation (NLDEC) - Water Resources Management Division. The report may not be used by any other person or entity without the express written consent of Jacques Whitford Ltd. and Newfoundland and Labrador Department of Environment and Conservation (NLDEC) - Water Resources Management Division.

Any use which a third party makes of this report, or any reliance on decisions made based on it, are the responsibility of such third parties. Jacques Whitford accepts no responsibility for damages, if any, suffered by any third party as a result of decisions made or actions based on this report.

The information and conclusions contained in this report are based upon work undertaken by trained professional and technical staff in accordance with generally accepted engineering and scientific practices current at the time the work was performed. Conclusions presented in this report should not be construed as legal advice. The conclusions presented in this report represent the best technical judgement of Jacques Whitford based on the data obtained from the work.

This report was prepared by Carolyn Anstey-Moore M.Sc., M.A.Sc., P.Geo. and was reviewed by Robert MacLeod, M.Sc., P.Geo. of Jacques Whitford. We trust that this report meets your present requirements. If you have any questions or require additional information, please contact our office at your convenience.

Respectfully submitted,

JACQUES WHITFORD LIMITED

Carolyn Anstey-Moore, M.Sc., M.A.Sc., P.Geo.
Senior Environmental Geoscientist

Robert MacLeod, M.Sc., P.Geo.
Principle, Senior Hydrogeologist
