

Real-Time Water Quality Deployment Report

Minipi River below Minipi Lake

July 23 to
August 13, 2014

Government of Newfoundland & Labrador
Department of Environment and Conservation
Water Resources Management Division

General

- The instrument at Minipi River below Minipi Lake was not deployed/not transmitting data from July 23 to August 13, 2014.
- The decision to discontinue this station had been made, but the instrument was re-deployed on August 14, 2014 while awaiting the final decision as to whether or not this station would be removed permanently.
- As of September 30th this station has been discontinued thus an instrument will no longer be deployed there.
