

Appendix F.9: Map Set 9 – Flood Hazard – Current Climate – 1:20 AEP

Legend

Degree of Flood Hazard

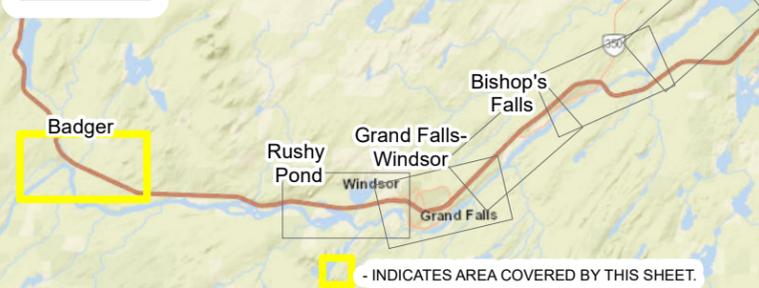

- Low - Caution
- Moderate - Danger for Some - Includes children, the elderly and the infirm
- Significant - Danger for Most - Includes the general public
- Extreme - Danger for All - Includes the emergency services
- Hydrometric Station

NOTES:

1. Coordinates are based on the Universal Transverse Mercator Projection, North American Datum 1983, Zone 21N. Elevation data is based on the Canadian Geodetic Vertical Datum (CGVD) 2013.
2. Aerial imagery and topographic map by ESRI.
