Dear Chris Dunne:

RE: White Hill Pond Quarry (the Project)

Please be advised that the Project release decision has been reassigned to JCL Investments Inc. As such, JCL Investments Inc. is required to uphold the commitments made in the registration document registered for environmental assessment on April 11, 2017 (EA Reg. # 1889), and the conditions of release outlined in the Minister's decision letter for the Project dated June 13, 2018. Project information, including the Minister's decision letter is available on the Department of Environment, Conservation and Climate Change web page accessible by following link: <https://www.gov.nl.ca/eccc/projects/project-1889/>.

One of the conditions of release for the Project required the Proponent to submit a Water Resources Management Plan (the Plan) for the quarry and Lance Cove sites prior to the start of construction. On February 25, 2025, the Plan for the quarry site was submitted to the Water Resources Management Division of this Department. On March 30, 2026, the Plan for the Lance Cove site was also submitted to Water Resources Management Division for review. These Plans have now been reviewed and accepted.

You must abide by all commitments made in the Plans and in all environmental assessment submissions. Any significant change to the Plans or to the project must be submitted to this department prior to construction, to be reviewed for regulatory requirements including environmental assessment.

The Project is subject to other legislative requirements. You must comply with all relevant legislation and obtain all necessary permits and approvals.

If you have any questions concerning these matters, please contact Joanne Sweeney, Director of the Environmental Assessment Division, at (709) 729-0673 or e-mail joannesweeney@gov.nl.ca.

Sincerely,

A handwritten signature in blue ink, appearing to read "Chris Tibbs", written over a horizontal line.
