Dear Justin Constantine:

RE: Long Harbour Quarry (the Project) Water Resources Management Plan

On May 2, 2025, the Project was released from environmental assessment, subject to conditions. One of the conditions required Anytime Heavy Haul Ltd. to submit a Water Resources Management Plan (the Plan) prior to commencing any work related to the Project.

On April 2, 2026, Anytime Heavy Haul Ltd. submitted the Plan to the Water Resources Management Division of this department. This Plan has now been reviewed and accepted.

You must abide by all commitments made in the Plan and in all environmental assessment submissions. I remind you that you must also comply with all terms and conditions of the May 2, 2025, decision letter. Any significant change to the Plan or to the Project must be submitted to this department prior to construction, to be reviewed for regulatory requirements including environmental assessment.

If you have any questions concerning these matters, please contact Joanne Sweeney, Director of the Environmental Assessment Division, at (709) 729-0673 or e-mail joannesweeney@gov.nl.ca.

Sincerely,

HON. CHRIS TIBBS, MHA
