Dear Melissa O'Reilly-Nash:

**RE: Northeast Arm Former US Recreation Camp Demolition (the Project)
Conditions of Release**

On September 24, 2025, the Project was released from environmental assessment, subject to conditions. Two of these conditions required Public Services and Procurement Canada (PSPC) to submit a Waste Management Plan (the Plan) and to either update the camp access road intersection or permanently close the access road.

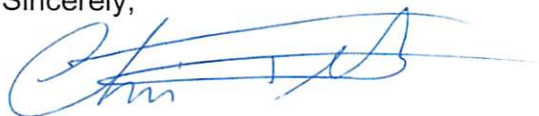

On October 10, 2025, Public Services and Procurement Canada submitted the Plan to the Pollution Prevention Division of this department.

On June 11, 2026, Public Services and Procurement Canada submitted imagery confirming the permanent closure of the camp access road in accordance with the Department of Transportation and Infrastructure's Policy for Highway Access Management.

These conditions of release for this project have been met.

If you have any questions, please contact Joanne Sweeney, Director of the Environmental Assessment Division, at (709) 729-0673 or e-mail at joannesweeney@gov.nl.ca.

Sincerely,

HON. CHRIS TIBBS, MHA
