COR-2026-3419

Reg. # 2392

Dean Strangemore
Strangemore Electrical Services Ltd.
48A West St., St. Anthony, NL AOK 4S0
Via E-mail: strangemoreselectrical@nf.aibn.com

Dear Dean Strangemore:

**RE: St. Anthony Gravel Quarry Extension (the Project) Water Resources
Management Plan**

On April 14, 2026, the Project was released from environmental assessment, subject to conditions. One of the conditions required Strangemore's Electrical Ltd. to submit a Water Resources Management Plan (the Plan) prior to commencing any work related to the Project.

On May 6, 2026, Strangemore's Electrical Ltd. submitted the Plan to the Water Resources Management Division of this department. This Plan has now been reviewed and accepted. Please be aware that you must notify the Water Resources Management Division if any additional measures to the Plan's stormwater management strategy are implemented during a large storm event.

You must abide by all commitments made in the Plan and in all environmental assessment submissions. I remind you that you must also comply with all terms and conditions of the April 14, 2026, decision letter. Any significant change to the Plan or to the Project must be submitted to this department prior to construction, to be reviewed for regulatory requirements including environmental assessment.

If you have any questions concerning these matters, please contact Joanne Sweeney, Director of the Environmental Assessment Division, at (709) 729-0673 or e-mail joannesweeney@gov.nl.ca.

Sincerely,

HON. CHRIS TIBBS, MHA
District of Grand Falls - Windsor - Buchans
Minister
