3 Scope

- 3.1 The EA release letter relates to Department of Forestry, Agriculture and Lands, hereafter referred to as the "Proponent", and their Registration document (REG) for Crown Zone 1 Five-Year Forestry Operating Plan (2027-2031), EA REG # 2423, hereafter referred to as the "Project".

- 3.2 The Proponent shall ensure the Project is carried out in accordance with this EA release and their REG.

4 General

- 4.1 The Proponent shall uphold all commitments made in the EA submission to mitigate the effects of the Project on the environment, unless otherwise advised by the Minister.
- 4.2 The Proponent shall conduct the Project in accordance with the **Act**, as amended from time to time.
- 4.3 The Proponent shall provide written notification of Project commencement to the Department, prior to the commencement of Project construction, by sending an email to EAProjectComments@gov.nl.ca.
- 4.4 The Proponent shall update the EA Division on the status of the Project, including a copy of all permits, licenses, certificates, approvals and other authorizations required for the Project, within one year from the date of this EA release letter and provide additional updates if required. Project updates shall be emailed to EAProjectComments@gov.nl.ca.
- 4.5 This EA release does not exempt a Proponent of a Project from the requirements imposed upon the Project by (a) another Act or regulation of the province or of Canada; or (b) a municipal regulation, by-law or requirement.
- 4.6 A license, permit, approval or other document of authorization pertaining to the Project shall not be issued under another Act until the Project has been exempted or released from EA.
- 4.7 Prior to a proposed change to any aspect of the Project from that proposed in the REG, the Proponent must submit the proposal to the Department to review for regulatory requirements, including EA.
- 4.8 No authority is granted by this EA release to enable the Proponent to commence or continue the Project on lands which are not in the control or ownership of the Proponent. It is the responsibility of the Proponent to ensure that such a contravention does not occur.
- 4.9 The Proponent shall notify the Minister before a transfer, sale or lease of the Project.
- 4.10 Where a timeline is associated with a condition(s) of the EA release, the Proponent shall fulfil the requirements of the condition(s) within the prescribed timeline, unless otherwise authorized in writing by the Minister.
- 4.11 If there is a discrepancy between the REG and the conditions of this EA release, the conditions of this EA release shall apply.
- 4.12 The Proponent shall bear all expenses incurred in carrying out the environmental management and monitoring required under the conditions of this EA release, the **Act** or the Environmental Assessment Regulations.
- 4.13 The Proponent shall ensure that this EA release, or a copy, is present at the Project site while personnel are on site and that personnel directly involved in the Project are made fully aware of the conditions which pertain to this EA release.

- 4.14 Throughout the life of the Project, the Proponent shall conduct any additional studies or monitoring and/or implement additional mitigation measures as required by the Minister.
- 4.15 The Proponent shall advise the EA Division by email of when the requirements of conditions of release have been completed, by providing a written description, documents, and images (where applicable) to demonstrate the completion of requirements. Information shall be emailed to EAProjectComments@gov.nl.ca. The Minister will advise the Proponent in writing of whether the conditions of release have been met.

5 Water Resources

- 5.1 The Proponent shall submit an Erosion and Sediment Control Plan (ESCP) identifying all erosion-prone areas within the Project Area. The ESCP shall describe erosion and sediment control measures that will be undertaken to prevent the release of silt and sediment into nearby waterbodies. The ESCP shall be approved by the Water Resources Management Division prior to the commencement of timber harvesting activities. Approved plans will be posted publicly on the EA project webpage. For further information, please contact the Water Resources Management Division at (709) 729-2563 or email water@gov.nl.ca.

6 Tourism

- 6.1 Proponent shall submit a Tourism Stakeholder Consultation Plan (TSCP) identifying the potential impacts of forestry operations and outlines how harvesting, road construction, and silviculture activities will be adapted to reduce those impacts. Considerations should include wildlife populations, hunting success rates, wilderness settings, and potential increases in resident access. The TSCP shall be approved by the Tourism Product Development Division prior to the commencement of timber harvesting activities. Approved plans will be posted publicly on the EA project webpage. For further information, please contact the Tourism Product Development Division at (709) 729-0559.
