Data Collection Methodology

The data is collected using the School Development Surveys completed by students (Gr. 3-12), families, instructional staff, and non-instructional staff.

Response Rates: Gr. 3-6: 84% Gr. 7-9: 72% Gr. 10-12: 56% Instructional Staff: 67%* Family: 22%^

*The response rate for non-instructional staff is not available.

^Families with more than one child in a school may complete the survey once for the oldest child in that school.
