See next page for topic descriptions

Descriptions of Topics

Family Surveys

School Climate

Perceptions of the overall social and learning climate of the school.

Family Support

Families' perceptions of the amount of academic and social support that they provide their child with outside of school.

Barriers to Engagement

Factors that can create challenges for families to interact with or become involved with their child's school.

Family Engagement

The degree to which families become involved with and interact with their child's school.

School Safety

Perceptions of student physical and psychological safety at school.

School Fit

Families' perceptions of how well a school matches their child's developmental needs.

Staff Surveys

School Climate

Perceptions of the overall social and learning climate of the school.

Feedback and Coaching

Perceptions of the amount and quality of feedback faculty and staff receive.

Professional Learning

Perceptions of the quantity and quality of professional learning opportunities available to faculty and staff.

Teaching Efficacy

Faculty perceptions of their professional strengths and areas for growth.

School Leadership

Perceptions of the school leadership's effectiveness.

Student Surveys

School Climate

Perceptions of the overall social and learning climate of the school.

Teacher Student Relationships

How strong the social connection is between teachers and students within and beyond the school.

Rigorous Expectations

How much students feel that their teachers hold them to high expectations around effort, understanding, persistence, and performance in class.

School Safety

Perceptions of student physical and psychological safety at school.

Learning Strategies

How well students deliberately use strategies to manage their own learning processes generally.

Valuing School

How much students feel that school is interesting, important, and useful.

School Belonging

How much students feel that they are valued members of the school community.

Student Self-Efficacy

How much students believe in their ability to succeed in achieving an outcome or reaching a goal.

Grit

Perceptions of how well students are able to persevere through setbacks to achieve important long-term goals.

School Engagement

How attentive and invested students are in school.
