| 69. | 6.2.5/6.3.3/6.2.3/6.34/ 6.3.5/6.3.6 | Application | Population Distribution and Growth |
| 70. | 6.2.7/6.6.2 | Integration | Population Distribution and Growth |
| 71. | 7.7.1 | Application | Settlement and Urbanization |
| 72. | 7.7.4 | Integration | Settlement and Urbanization |

Marking Board Qualitative Comments

1. Students, generally, attempted to answer all questions.
2. Many students elaborated on significant information from the case study to support their argument(s) and decision(s).
3. Students should ensure they have mastered the basic knowledge outcomes (e.g. site and situation, quality of life indicators, etc.) from the Curriculum Guide in order to fully elaborate on application and integration questions.
4. Some students listed strategies in their answers without elaborating or explaining on their ideas.
5. Some students were repetitive in their answers. Others simply rephrased the question (i.e. quote, argument) making it their explanation.
