Lines of Business

Lines of business are the services and programs that a government entity provides to any external client. The Private Training Corporation has one line of business. It is:

Train Out Fund Management

The primary function of the Private Training Corporation is to collect fees from private training institutions throughout the province. The Private Training Corporation collects one per cent of all private training institutions' tuition fees for the Train Out Fund. In the event of an institution's closure, the fund will be used to ensure students can complete their education.

Vision

The vision of the Private Training Corporation is of students graduating from financially viable training institutions.

Mission

By 2010, the Private Training Corporation will have ensured that there continues to be a financial safety net for students attending private training institutions.

Measure One: Continued financial safety of students
Indicator: Management of the Train Out Fund

Shared Commitments

The overarching goal of the Private Training Corporation is to protect students by ensuring stability in the private training system through legislated control measures. In this respect, the Corporation shares commitments to the province's students with the Department of Education and the private training institutions.

The Department of Education

The Private Training Corporation is a category two government entity reporting to the Minister of Education who is responsible for all aspects of K-12 and post-secondary education in Newfoundland and Labrador. In addition to duties with respect to the administration of the Train Out Fund, the corporation is responsible to make recommendations to the minister with respect to the financial stability of private training institutions, and perform other duties as requested by the minister. In the event a seat on the Board of Directors becomes vacant, the minister has legislative authority to fill same for the duration of the term.

Private Training Institutions

The Private Training Corporation's main function is to collect funds from the private training institutions for the administration of the Train Out Fund. Private training institutions are required:

- to remit one per cent of all student tuition fees collected to the corporation for the Fund; and
- to provide audited financial statements and other requested documentation to the minister for examination.

Currently there are 25 registered private training institutions operating in the province. All institutions are required to register and fully comply with the *Private Training Institutions Act*.

Outputs

The Private Training Corporation was created to ensure that the students attending private training institutions are protected in the event of a school closure. To achieve this, the corporation monitors the fiscal health of institutions and manages a Train Out Fund established in legislation. The purpose of the Train Out Fund is to ensure that, in the unfortunate event a private training institution closes, appropriate financial resources are available to enable affected students to complete their course of study.

The Private Training Corporation identified one goal in the 2008-10 Business Plan to guide its work for that calendar year:

Indicator: Maintained timely and accountable system for billing and collecting fees

Objective: By December 31, 2008, the Private Training Corporation will have maintained an appropriate system for billing and collecting fees from private training institutions.

Measure: Timely and accountable system for billing and collecting fees

The following details the corporation's successful achievement of each of its objectives for 2008.

Indicator: Maintained timely and accountable system for billing and collecting fees

During 2008, the Private Training Corporation maintained a timely and accountable system for billing and collecting fees from all registered private training institutions across the province. All institutions remitted their fees, in accordance with the *Private Training Institutions Act*, after which they were promptly deposited to the corporation's account. The Auditor General audits the Train Out Fund each year to ensure the financial statements present fairly, in all material respects, the financial position of the fund. In accordance with the goal, and the *Transparency and Accountability Act*, the Auditor's Report dated March 27, 2009, for the fiscal year ended December 31, 2008, is attached as Annex One demonstrating the corporation's accountability to the people of the province. There were no claims made on the Train Out Fund during 2008.

AUDITOR'S REPORT

To the Board of Directors
Private Training Corporation
St. John's, Newfoundland and Labrador

I have audited the balance sheet of the Private Training Corporation, Train Out Fund as at 31 December 2008 and the statements of revenue, expenses and surplus, and cash flows for the year then ended. These financial statements are the responsibility of the Corporation's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Fund as at 31 December 2008 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.
