¹ Attendance rates are calculated by dividing the total student days present by the total possible student days attendance.

² Attendance is not recorded on days that school is not in session.

³ Absence due to weather is an absence for a child when the school was opened but the student did not attend because of weather.

⁴ Absence with written permission of the principal is used for those instances when the child has the written permission of the principal to be absent from school because, in the opinion of the principal, the child will be exposed to other experiences of significant educational and social value.

⁵ An excused absence is recorded for absences that for any reason, in the opinion of the principal, do not constitute neglect or refusal of the parents/guardians to cause the child to attend school. It is to be used for instances when the parents/guardians have a valid reason for the child to be absent from school.
