

## Osmond Enjoying Sochi Experience

VOCM, February 17, 2014

The Olympic ladies' figure skating singles continue on Wednesday with Marystown native Kaetlyn Osmond representing Canada. She has already secured a silver medal in the team competition.

On her Facebook page, she says she has loved every minute of her Olympic experience and has met a lot of amazing athletes from around the world. She says the accommodations are great, the venues are amazing, and the volunteers are friendly. As well, the view from her room is outstanding.

She hopes to skate better in the individual event than in the team event when she had a fall.

She was there when Charles Hamelin won the gold medal and says it was fantastic. Also, she went from 6,500 to 17,000 twitter followers in one day.

After the Team event, she went to Mannheim to spend some quiet time away from Sochi.

She says thank you for all the support and encouragement.

The large screen will again be set up in Marystown for her skating events Wednesday and Thursday.
