# Statement of responsibility

The accompanying consolidated financial statements are the responsibility of the Board of Trustees of the Central Regional Health Authority (the "Authority") and have been prepared in compliance with legislation, and in accordance with Canadian public sector accounting standards as recommended by the Chartered Professional Accountants of Canada.

In carrying out its responsibilities, management maintains appropriate systems of internal and administrative controls designed to provide reasonable assurance that transactions are executed in accordance with proper authorization, that assets are properly accounted for and safeguarded, and that financial information produced is relevant and reliable.

The Authority met with management and its external auditors to review a draft of the consolidated financial statements and to discuss any significant financial reporting or internal control matters prior to their approval of the consolidated finalized financial statements.

Grant Thornton LLP, as the Authority's appointed external auditors, have audited the consolidated financial statements. The auditors' report is addressed to the Authority and appears on the following page. Their opinion is based upon an examination conducted in accordance with Canadian generally accepted auditing standards, performing such tests and other procedures as they consider necessary to obtain reasonable assurance that the consolidated financial statements are free of material misstatement and present fairly the financial position and results of the Authority in accordance with Canadian public sector accounting standards.

# Independent Auditors' Report

To the Board of Trustees of Central Regional Health Authority

#### Opinion

We have audited the consolidated financial statements of Central Regional Health Authority ("the Entity"), which comprise the consolidated statement of financial position as at March 31, 2020, and the consolidated statements of operations, changes in net financial debt and cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly in all material respects, the financial position of Central Regional Health Authority as at March 31, 2020, and its results of operations, its changes in its net financial debt, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

#### **Basis for Opinion**

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

# Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to a going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of
  accounting and, based on the audit evidence obtained, whether a material uncertainty exists
  related to events or conditions that may cast significant doubt on the Entity's ability to continue
  as a going concern. If we conclude that a material uncertainty exists, we are required to draw
  attention in our auditor's report to the related disclosures in the consolidated financial
  statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are
  based on the audit evidence obtained up to the date of our auditor's report. However, future
  events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Entity and the organizations it controls to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

See accompanying notes to the consolidated financial statements

#### 1. Nature of operations

The Central Regional Health Authority ("Central Health") or ("the Authority") is charged with the responsibility for the provision of health care services in the Central region of Newfoundland and Labrador.

The mandate of Central Health is to provide the best possible health and community services and programs which respond to the identified needs of the people of Central Newfoundland and Labrador within available resources.

Central Health is a not-for-profit corporation and is exempt from income taxes and is constituted under the Regional Health Authorities Act.

#### 2. Summary of significant accounting policies

These consolidated financial statements have been prepared in accordance with Canadian public sector accounting standards. Outlined below are those policies considered particularly significant by the Authority.

#### **Basis of consolidation**

These consolidated statements represent the consolidated assets, liabilities, revenues and expenditures of the following entities which comprise the reporting entity. The reporting entity is comprised of all organizations which are controlled by Central Health, including the following:

North Haven Manor Cottages Valley Vista Cottages Bonnews Lodge Apartment Complex Central Northeast Health Foundation Inc. South and Central Health Foundation

#### Use of estimates

The preparation of consolidated financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities, at the date of the consolidated financial statements and the reported amounts of revenues and expenditures during the reporting period. Items requiring the use of significant estimates include accrued severance, accrued sick leave, useful life of tangible capital assets and allowance for doubtful receivables.

Estimates are based on the best information available at the time of preparation of the consolidated financial statements and are reviewed annually to reflect new information as it becomes available. Measurement uncertainty exists in these financial statements.

Actual results could differ from these estimates.

#### Cash and cash equivalents

Cash and cash equivalents include cash on hand and balances with banks, net of any overdrafts. Bank overdrafts are considered a component of cash and cash equivalents and are secured by approved authority to borrow authorized by the Province's Minister of Health and Community Services.

#### 2. Summary of significant accounting policies (cont'd.)

#### Revenues

Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis, except when the accruals cannot be determined with a reasonable degree of certainty or when their estimation is impracticable.

Transfers are recognized as revenues when the transfer is authorized, any eligibility criteria are met, and reasonable estimates of the amounts can be made. Transfers are recognized as deferred revenue when amounts have been received but not all eligibility criteria have been met.

#### **Expenses**

Expenses are reported on an accrual basis. Expenses are recognized as they are incurred and measurable based upon the receipt of goods and services or the creation of an obligation to pay.

#### **Deferred revenue**

Certain amounts are received pursuant to legislation, regulation or agreement and may only be used in the conduct of certain programs or in the delivery of specific services in transactions. These amounts are recognized as revenue in the fiscal year the related expenses are incurred, services are performed or when stipulations are met.

#### **Non-financial assets**

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives generally extending beyond the current year and are not intended for sale in the ordinary course of operations. The change in non-financial assets during the year, together with the excess of revenues over expenditures, provides the change in net financial assets for the year.

#### Severance and sick pay liability

An accrued liability for severance is recorded in the accounts for all employees who have a vested right to receive such payments. Central Health provides their employees, upon termination, retirement or death with at least nine years of service, with severance benefits equal to one week of pay per year of service up to a maximum of twenty weeks.

Based on collective agreements signed with the Newfoundland and Labrador Association of Public and Private Employees ("NAPE") as at March 31, 2018, NAPE employees with at least one year of eligible service will receive a lump sum payout of their accrued severance benefit based on pay and service as at March 31, 2018. This was extended to management and non-bargaining employees with at least one year of service as at May 31, 2018. Individuals have either taken payment by March 31, 2019 or have elected to defer payment for a short period, but no further changes in the amount payable will occur due to salary change or the accrual of additional service. In May 2019, this was extended to NLNU employees with at least one year of 31, 2020 or have elected to defer payment for a short period, but no further changes in the amount for a short period, but no further changes in the amount payable will occur due to salary change or the accrual of additional service. In May 2019, this was extended to NLNU employees with at least one year of service as at March 31, 2018. Individuals have either taken payment by March 31, 2020 or have elected to defer payment for a short period, but no further changes in the amount payable or the accrual of additional service. An estimate for the provision of the remaining employees with less than nine years of service has been determined and recorded by the Authority.

#### 2. Summary of significant accounting policies (cont'd.)

#### Severance and sick pay liability (cont'd.)

An actuary determined accrued liability has been recorded on the consolidated financial statements for non-vesting sick leave benefits. The cost of non-vesting sick leave benefits are actuarially determined using management's best estimate of salary escalation, accumulated sick days at retirement, long-term inflation rates and discount rates. Actuarial gains or losses are being amortized to the liability and the related expense straight-line over the expected average remaining service life of the employee group.

#### Inventories

Inventories have been determined using the following methods for the various areas. Cost includes purchase price plus the non-refundable portion of applicable taxes.

General stores	Average cost
Drugs	First-in, first-out

#### Tangible capital assets

The Authority has control over certain lands, buildings and equipment with the title resting with the Government. Consequently these assets are not recorded under Central Health tangible capital assets.

Purchased tangible capital assets are recorded at cost. Assets are not amortized until placed in use. Contributed tangible capital assets are recorded at fair value at the date of contribution. Tangible capital assets are amortized on a declining balance basis over their useful lives, at the following rates:

Land improvements	5.0%
Buildings and service equipment	5.0%
Equipment	12.5%
Information Systems Equipment	33.3%
Motor vehicles	20.0%

#### Capital and operating leases

A lease that transfers substantially all of the risks and rewards incidental to the ownership of property is accounted for as a capital lease. Assets acquired under capital lease result in a capital asset and an obligation being recorded equal to the lesser of the present value of the minimum lease payments and the property's fair value at the time of inception. All other leases are accounted for as operating leases and the related payments are expensed as incurred.

2. Summary of significant accounting policies (cont'd.)

#### Impairment of long-lived assets

Long-lived assets are reviewed for impairment upon the occurrence of events or changes in circumstances indicating that the value of the assets may not be recoverable, as measured by comparing their net book value to the estimated undiscounted cash flows generated by their use. Impaired assets are recorded at fair value, determined principally using discounted future cash flows expected from their use and eventual disposition.

#### **Replacement reserves**

Under certain operating agreements with Newfoundland and Labrador Housing Corporation (NLHC) the Authority is required to maintain a Replacement Reserve Fund which is to be used to fund major maintenance and the purchase of tangible capital assets. These funds may only be used as approved by NLHC. Transactions in the reserves are shown in Note 10.

#### **Pension costs**

Employees of Central Health are covered by the Public Service Pension Plan and the Government Money Pension Plan administered by the Province of Newfoundland and Labrador. Contributions to the plans are required from both the employees and Central Health. The annual contributions for pensions are recognized in the accounts on a current basis.

#### **Financial instruments**

The Authority recognizes a financial asset or a financial liability on its statement of financial position when the Authority becomes a party to the contractual provision of the financial instrument. The Authority initially measures its financial assets and liabilities at fair value, except for certain non-arms length transactions. The Authority subsequently measures all its financial assets and liabilities at amortized cost except for investments restricted for endowment purposes which are subsequently measured at fair value.

Financial assets measured at amortized cost include cash and cash equivalents, receivables, trust funds and replacement reserve funding. Financial assets measured at fair value are investments restricted for endowment purposes.

Financial liabilities measured at amortized cost include bank indebtedness, payables and accruals, employee future benefits, deferred grants, long-term debt, trust funds payable, security deposits, replacement reserves and scholarship and library funds payable.

Unless otherwise noted, it is management's opinion that the Authority is not exposed to significant interest, currency or credit risks.

3. Cash	<u>2020</u>	<u>2019</u>
Operating: Cash Bank – current accounts	\$  16,675 <u>  1,500,790</u>	\$  15,675 13,491,141

	<u>\$28,818,328</u>	<u>\$29,604,864</u>

#### 7. Employee future benefits

Future employee benefits related to accrued sick obligations have been calculated based on an actuarial valuation as at March 31, 2018 and extrapolated to March 31, 2020. The assumptions are based on future events. The economic assumptions used in the valuation are Central Health's best estimates of expected rates as follows:

	<u>2020</u>	<u>2019</u>
Wages and salary escalation	3.50%	0.75%
Interest	3.25%	3.05%

Based on actuarial valuation of the liability, at March 31, 2020 the results for sick leave are:

Accrued sick pay obligation, beginning	\$20,009,153	\$20,347,504
Current period benefit cost	1,707,996	1,629,918
Benefit payments	(2,342,849)	(2,283,651)
Interest on the accrued benefit obligations	600,599	640,205
Actuarial gains	<u>(545,416)</u>	(324,823)
Accrued sick pay obligations, at end	\$19,429,483	\$20,009,153

A reconciliation of the accrued benefit obligation and the accrued benefit liability is as follows:

Sick benefits

Accrued benefit obligation	\$19,429,483	\$20,009,153
Unamortized actuarial gains	<u>(996,533)</u>	(1,852,197)
Accrued benefit liability	<u>\$18,432,950</u>	\$18,156,956

8. Deferred grants and revenue	<u>2020</u>	<u>2019</u>

#### 14. Operating subsidies

The Authority has received federal assistance through Canada Mortgage and Housing Corporation pursuant to Section 56.1 of the National Housing Act to reduce operating costs. The amount of assistance received from Newfoundland and Labrador Housing Corporation in 2020 was \$34,263 (2019 - \$50,503) for operating facilities and \$358,549 (2019 - \$297,259,) for the Authority's Cottage operations.

#### 15. Commitments

#### **Operating leases**

The Authority has a number of agreements whereby it leases property and equipment. These agreements range in terms from one to five years. These leases are accounted for as operating leases. Future minimum lease payments under operating leases are as follows:

2021	\$ 193,255
2022	141,766
2023	114,329
2024	35,928
2025	9,560

#### 16. Contingencies

As of March 31, 2020 there were a number of legal claims against the Authority in varying amounts for which no provision has been made. It is not possible to determine the amounts, if any, that may ultimately be assessed against the Authority with respect to these claims, but management and the insurers believe any claims, if successful, will be covered by liability insurance.

To the Board of Trustees of the Central Regional Health Authority

The accompanying supplementary financial information, which comprise the expenditures – operating/shareable, revenue and expenditure for government reporting – operating, funding and capital expenditure for government reporting – capital, reconciliation of accumulated operating deficit for government reporting, deferred revenue for Early Childhood Development (ECD) and deferred operating revenue as at March 31, 2020 and the year then ended are derived from the audited consolidated financial statements of Central Regional Health Authority as at March 31, 2020. We expressed an unmodified audit opinion on those financial statements in our report dated June 23, 2020.

The supplementary financial information does not contain all the disclosures required by Canadian public sector accounting standards. Reading the supplementary financial information, therefore, is not a substitute for reading the audited consolidated financial statements of Central Regional Health Authority.

### Management's responsibility for the supplementary financial information

Management is responsible for the preparation of the supplementary financial information of the audited consolidated financial statements of Central Regional Health Authority.

### Auditors' responsibility

Our responsibility is to express an opinion on the supplementary financial information based on our procedures, which were conducted in accordance with Canadian Auditing Standard (CAS) 810, "Engagements to Report on Summary Financial Statements".

### Opinion

In our opinion, the supplementary financial information derived from the audited consolidated financial statements of Central Regional Health Authority for the year ended March 31, 2020 are a fair summary of those financial statements.

St. John's, Canada July 2, 2020
