

You can now benefit from eClaims for your health claims.

No more paying out-of-pocket for what's covered by your benefit plan.

What is eClaims?

Simply put, it's direct billing. eClaims makes it easy for paramedical healthcare professionals to submit insurance claims on your behalf, just like at the pharmacy.

Here's how eClaims can benefit you:

- **Reduces your out-of-pocket expenses**
You only pay for the portion not covered by your insurance plan.
- **Cuts down the hassle of insurance paperwork**
No more claims to submit.

**See if your healthcare professional already uses eClaims
or find one who does in your area.**

Eligible professions:

Acupuncturists
Chiropractors

Massage therapists
Naturopaths

Physiotherapists
Psychologists

Speech therapists
Social workers
