## INDEPENDANT AUDITOR'S REPORT

To the Board Members:  
Newfoundland and Labrador International Student Education Inc.

### Report on the Financial Statements

I have audited the accompanying financial statements of Newfoundland and Labrador International Student Education Inc., which comprise the statement of financial position as at June 30, 2017 and the statement of operations for the year then ended, and a summary of significant accounting policies and other explanatory information.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with generally accepted accounting principles as established by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada. It is also management's responsibility to ensure that appropriate systems of internal and administrative controls are maintained to provide reasonable assurance that transactions are executed in accordance with proper authorization, that assets are properly accounted for and safeguarded, and that financial information produced is relevant and reliable.

### Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free of material misstatement.

An audit includes performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedure's selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

### Opinion

In my opinion, the financial statements present fairly, in all material respects, the financial position of the Newfoundland and Labrador International Student Education Inc., as at June 30, 2017 and the results of its operations for the year then ended in accordance with the standards established by the Public Sector Accounting Board of The Chartered Professional Accountants of Canada.
