Government Money Purchase Pension Plan Committee

2016 Activity Report

Government Money Purchase Pension Plan P.O. Box 8700 St. John's, NL A1B 4J6

Honourable Cathy Bennett Minister of Finance Government of Newfoundland and Labrador Confederation Building St. John's, NL A1B 4J6

Dear Minister Bennett:

As the Chair of the Committee responsible for the Government Money Purchase Pension Plan (GMPP), I hereby submit the 2016 Activity Report for the Committee. The report was prepared under the committee's direction and the committee is accountable for the results contained herein.

The GMPP Committee's mandate is to administer the GMPP, including the setting of investment policy, the recommendation for appointment of an administrator/custodian and the monitoring of plan performance.

The GMPP is a capital accumulation plan, that is, the level of benefits provided at retirement are dependent on the contributions and the income earned on those contributions during an employee's career. It is critical that participating employees become actively engaged in the management of their respective plan assets in order to ensure security in retirement and is the key strategic issue for the GMPP Committee. Plan members have been reluctant to make any investment choice, and instead are allowing their funds to be directed to the low risk, low return default investment. Employees should be aware of both the potential risks and rewards of making an active decision and the possible impact of their return goals. As such, efforts are continuously ongoing to educated plan members on the importance of taking an active interest in their investments.

This annual report outlines the activities of the GMPP Committee and the growth in assets and membership during 2016. It represents the third report on activities identified in the Committee's 2014-2016 Activity Plan.

I am pleased to submit the 2016 Annual Activity Report for your consideration.

Yours sincerely,

Denise Hanrahan

Chair of the GMPP Committee

OVERVIEW

The GMPP provides pension coverage for part time employees of government and its agencies and employees of government funded organizations that are ineligible to participate in any of the other government sponsored pension plans. The GMPP Committee was established by the Lieutenant-Governor in Council to oversee the operations of the Government Money Purchase Pension Plan. Employer representatives are appointed by virtue of their positions in government, while employee representatives are appointed based on the recommendation of the various unions. Committee members are responsible to ensure that contributions accumulated to the credit of the employee are invested prudently in the investment classes prescribed by the Committee and to promote the plan and educate employees on the importance of taking an active interest in their investments.

The retirement security of a GMPP member depends on the member's investment decision, which in turn depends on the member's investment profile and risk tolerance. Consequently, it is critical that members take an active interest in their portfolio. To facilitate prudent investment decisions by members, the Committee has established and implemented a Statement of Investment Policies and Procedures which specifies the investment options to be provided to members. These options include Guaranteed Investment Accounts (GIAs) and market based funds, including an equity fund, a bond fund, a global equity fund, a balanced fund and target date funds.

To assist in fulfilling its mandate to educate plan members, the Committee has retained the services of Great West Life Assurance Company (GWL) who fulfills the roles of both the custodian and administrator of the GMPP. The Committee also retains an investment consultant, Russell Investments, to assist in the design, implementation, and ongoing evaluation of all aspects of the pension investment program.

Phillips, Hager & North Investment Management Limited (PH&N) has been retained to manage all market based investment products and Morneau Shepell, on an as needed basis, provides advice on various pension issues relating to compliance with pension legislation and the *Income Tax Act*.

MANDATE

Pursuant to section 12.1 of the *Government Money Purchase Pension Plan Act*, the GMPP Committee is established by the Lieutenant Governor in Council and mandated to administer the GMPP. The mandate is delivered by completing the following activities:

- Development, implementation and review of investment alternatives to provide plan members with the ability to make an active investment decision with respect to their accumulated funds
- Promotion of the plan and education of plan members on the importance of taking an active interest in their investments
- Oversight of investment options to ensure that contributions accumulated to the credit of plan members are invested prudently in the investment classes prescribed by the Committee
- Oversight of the services provided by the Record Keeper and the performance of the Investment Manager

^{*} There were no support costs incurred in 2016 as the individual was re-assgned to another position in a temporary capacity.

Since the inception of the GMPP in 1989, actuarial consulting and support staff costs have been paid from employer contributions that are forfeited when members who are not vested terminate from the plan and take a refund of their contributions. The balance in the forfeitures account was \$2,585,386 as of December 31, 2016 as compared with \$2,129,844 as of December 31, 2015.

Investment management fees for Philips Hager & North, which are based on a percentage of the total plan assets which they manage, are paid by the plan member from their investment earnings.

Membership Status

Plan membership has increased from 33,940 accounts in 2015 to 33,953 accounts in 2016. The number of accounts includes both active participants and terminated employees who have left their funds on deposit with GWL. Of the total number of accounts, 13,128 are members who contributed during 2016. Efforts are continuously on-going to contact many of the account holders to advise them of their transfer options should they wish to move their funds from the plan. The following table details the change in membership from 2015 to 2016.

2016 OBJECTIVE AND RESULTS

The GMPP Committee is mandated to assist the Minister of Finance with the administration of the Government Money Purchase Pension Plan and provide recommendations on matters referred to them by the Minister. Additionally, the GMPP Committee is responsible for assisting pension plan members in their decisions related to the allocation of employee and employer contributions to a variety of investment vehicles, for the purpose of achieving the maximum accumulation of benefits at retirement. In its 2014-16 Activity Plan, the GMPP Committee established an annual objective based upon these responsibilities. The following is therefore a summary of the Committee's mandated work, as of December 31, 2016.

Objective: By December 31, 2016 the GMPP will have advised the responsible Minister on the administration of the Government Money Purchase Pension Plan.

Measure: Advised responsible Minister

Indicators and Summary of Results:

 Developed, implemented and/or reviewed investment alternatives to provide plan members with the ability to make an active investment decision with respect to their accumulated funds

During 2016, the Committee added target date funds to the list of investment options available to plan members. Target date funds automatically adjust the asset mix of a plan member's portfolio based on their age and expected retirement date. These funds are premised on the notion that younger employees could take on more investment risk and gradually shift to a more conservative approach as they age.

 Promoted the plan and educated plan members on the importance of taking an active interest in their investments

During 2016, live webinars were provided to interested plan members about specific tools to assist in investment selection. These were attended by 66 members. To accommodate the work schedules of plan members, the webinars were provided at various times during and after normal work hours.

Members can also obtain information about their investment options by accessing the Group Retirement Service website provided by GWL. The average monthly utilization rate of this website decreased slightly from the previous year.

 Oversight of investment options to ensure that contributions accumulated to the credit of plan members are invested prudently in the investment classes prescribed by the Committee

During 2016, employees availed of all the options prescribed by the Committee; however there was no significant change in the overall distribution of assets. The Committee will continue to encourage members to take an active interest in asset selection.

 Oversight of the services provided by the Record Keeper and the performance of the Investment Manager During 2016, meetings were held with both GWL, the plan administrator and Phillips, Hager, North Investment Counsel, the investment manager for the market based funds. GWL continues to provide quality custodial and administrative services. Phillips, Hager, North Investment Counsel's investment performance in the various asset classes continues to meet or exceed the benchmark established for the various asset classes.

 When requested, provided recommendations to the responsible Minister on matters referred to the Committee

The Committee did not receive a specific request from the Minister of Finance to provide recommendations on matters related to the administration of the Government Money Purchase Pension Plan.
